70% of whom may be eligible for CalFresh based on income. ODCHC has worked collaboratively with the Humboldt County Department of Health and Human Services and is now participating in a same-day interview process with DHHS eligibility staff to help clients enroll in CalFresh and Medi-Cal. ODCHC focuses on reinforcing the connection between food security and healthy food choices and illness and disease prevention, health maintenance, improved health outcomes and better self-management. ODCHC makes every possible effort to assure patients have the infrastructure and support necessary to maintain and manage their health. There are tangible links between securities and health, and ODCHC programs work to enhance these links.

With the execution of this Agreement, Open Door Community Health Centers will assist DHHS in increasing CalFresh utilization by eligible households and thereby promote a safe, healthy, economically vibrant community. Outreach and enrollment raises awareness of the nutrition benefits of the CalFresh program; promotes healthy food choices; reduces hunger in seniors and children; and helps to dispel program myths and misperceptions.

The California Department of Social Services (CDSS) administers all United States Department of Agriculture (USDA) Supplemental Nutrition Assistance Program (SNAP) funds. Focusing on the important role SNAP plays in access to nutrition and the relation of nutrition to overall wellness, CDSS renamed and re-branded food stamps as CalFresh in California. CDSS also made significant program changes to increase CalFresh use by reducing enrollment and retention barriers. Many low-income individuals and families are not aware of and do not apply for CalFresh benefits, and many others are not aware of the program changes that could make it easier for them to receive and continue CalFresh benefits.

USDA and CDSS continue to encourage counties to work with community partners to help reach and inform community members who might be eligible for CalFresh benefits. Partnering with community based organizations is not only consistent with DHHS's general approach and strategic plan; it is key to DHHS's goal of providing integrated, place-based, and holistic services.

Program changes and the economic downturn have increased the number of Humboldt County residents now eligible for nutrition assistance. These factors, internal changes, and outreach partnerships with community-based organizations have increased CalFresh enrollment within the County, State and nation. While enrollment has increased there is still room for improvement: approximately two-fifths of Humboldt County citizens who are eligible for nutrition assistance do not receive it.

Therefore, DHHS recommends that the Board approve and authorize the Chair to execute this Agreement and direct the Clerk of the Board to return two executed copies of the Agreement to the DHHS-Social Services Administration.

#### FINANCIAL IMPACT:

The costs associated with this Agreement have been budgeted in the approved Fiscal Year 2013/2014 Budget in fund 1160, Budget Unit 511 in the amount of \$99,978.00. The remaining \$399,022.00 will be included in the proposed Fiscal Year 2014/2015 Budget in Fund 1160, Budget Unit 511. There will be no impact to the County General Fund.

Approving this Agreement supports the Board's Strategic Framework by creating opportunities for improved health and safety, and protecting vulnerable populations.

#### OTHER AGENCY INVOLVEMENT:

Open Door Community Health Centers

ALTERNATIVES TO STAFF RECOMMENDATIONS:

The Board can choose not to approve the Agreement for CalFresh Outreach and Support activities with Open Door Community Health Centers. This is not recommended as the Department of Health and Human Services asserts this funding is important to the goal of increasing CalFresh participation and thereby improving the health and economic stability of children, families and other individuals in Humboldt County.
