CONTRACTOR agrees to notify COUNTY immediately if it becomes a Nuclear Weapons Contractor as defined above. COUNTY may immediately terminate this Agreement if it determines that the foregoing certification is false or if CONTRACTOR subsequently becomes a Nuclear Weapons Contractor.

14. INDEMNIFICATION:

- A. Hold Harmless, Defense and Indemnification. CONTRACTOR shall hold harmless, defend and indemnify COUNTY and its agents, officers, officials, employees and volunteers from and against any and all claims, demands, losses, damages, liabilities, expenses and costs of any kind or nature, including, without limitation, attorney's fees and other costs of litigation, arising out of, or in connection with, CONTRACTOR's negligent performance of, or failure to comply with, any of the duties and/or obligations contained herein, except such loss or damage which was caused by the sole negligence or willful misconduct of COUNTY.
- B. Effect of Insurance. Acceptance of the insurance required by this Agreement shall not relieve CONTRACTOR from liability under this provision. This provision shall apply to all claims for damages related to CONTRACTOR's performance hereunder, regardless of whether any insurance is applicable or not. The insurance policy limits set forth herein shall not act as a limitation upon the amount of indemnification or defense to be provided hereunder.

15. INSURANCE REQUIREMENTS:

This Agreement shall not be executed by COUNTY, and CONTRACTOR is not entitled to any rights hereunder, unless certificates of insurance, or other proof that the following provisions have been complied with, are filed with the Clerk of the Humboldt County Board of Supervisors.

- A. General Insurance Requirements. Without limiting CONTRACTOR's indemnification obligations set forth herein, CONTRACTOR, and its subcontractors hereunder, shall take out and maintain, throughout the entire term of this Agreement, and any extensions thereof, the following policies of insurance, placed with insurers authorized to do business in the State of California with a current A.M. Bests rating of no less than A: VII or its equivalent against personal injury, death and property damage which may arise from, or in connection with, the activities of CONTRACTOR or its agents, officers, directors, employees, licensees, invitees, assignees or subcontractors:
1. Comprehensive or Commercial General Liability Insurance at least as broad as Insurance Services Office Commercial General Liability Coverage (occurrence form CG 0001), in an amount of Two Million Dollars (\$2,000,000.00) per occurrence for any one (1) incident,

including, without limitation, personal injury, death and property damage. If a general aggregate limit is used, such limit shall apply separately hereto or shall be twice the required occurrence limit.

2. Automobile/Motor Liability Insurance with a limit of liability not less than One Million Dollars (\$1,000,000.00) combined single limit coverage. Such insurance shall include coverage of all owned, hired and non-owned vehicles, and be at least as broad as Insurance Service Offices Form Code 1 (any auto).
3. Workers' Compensation Insurance, as required by the California Labor Code, with statutory limits, and Employers Liability Insurance with a limit of no less than One Million Dollars (\$1,000,000.00) per accident for bodily injury or disease. Said policy shall contain, or be endorsed to contain, a waiver of subrogation against COUNTY and its agents, officers, officials, employees and volunteers.

B. Special Insurance Requirements. Said policies shall, unless otherwise specified herein, be endorsed with the following provisions:

1. The Comprehensive or Commercial General Liability Policy shall provide that COUNTY, and its agents, officers, officials, employees and volunteers, are covered as additional insured for liability arising out of the operations performed by, or on behalf of, CONTRACTOR. The coverage shall contain no special limitations on the scope of protection afforded to COUNTY or its agents, officers, officials, employees and volunteers. Said policy shall also contain a provision stating that such coverage:
 - a. Includes contractual liability.
 - b. Does not contain exclusions as to property damage caused by explosion or collapse of structures or underground damage, commonly referred to as "XCU Hazards."
 - c. Is the primary insurance with regard to COUNTY.
 - d. Does not contain a pro-rata, excess only and/or escape clause.
 - e. Contains a cross liability, severability of interest or separation of insureds clause.
2. The above-referenced policies shall not be canceled, non-renewed or materially reduced in coverage without thirty (30) days prior written notice being provided to COUNTY in accordance with the notice requirements set forth herein. It is further understood that CONTRACTOR shall not terminate such coverage until COUNTY receives adequate proof that equal or better insurance has been secured.
3. The inclusion of more than one (1) insured shall not operate to impair the rights of one (1) insured against another insured, and the coverage afforded shall apply as though separate policies had been issued to each insured, but the inclusion of more than one (1) insured shall not operate to increase the limits of the insurer's liability.
4. For claims related to this Agreement, CONTRACTOR's insurance is the primary coverage to COUNTY, and any insurance or self-insurance programs maintained thereby are excess to CONTRACTOR's insurance and will not be used to contribute therewith.

////

5. Any failure to comply with the terms and conditions of this Agreement shall not affect the coverage provided to COUNTY or its agents, officers, officials, employees and volunteers.
 6. CONTRACTOR shall furnish COUNTY with certificates and original endorsements effecting the required coverage prior to execution of this Agreement. The endorsements shall be on forms approved by the Humboldt County Risk Manager. Any deductible or self-insured retention over One Hundred Thousand Dollars (\$100,000.00) shall be disclosed to, and approved by, COUNTY. If CONTRACTOR does not keep all required policies in full force and effect, COUNTY may, in addition to any other available remedies, take out the necessary insurance and deduct the cost of said insurance from the monies owed to CONTRACTOR under this Agreement.
 7. COUNTY is to be notified immediately if twenty-five percent (25%) or more of any required insurance aggregate limit is encumbered, and CONTRACTOR shall be required to purchase additional coverage to meet the above-referenced aggregate limits.

CALFRESH OUTREACH PROPOSAL
United Indian Health Services, Inc.
For Fiscal Years 2020-2021 through 2021-2022

CalFresh Outreach Partnership Proposal Guidelines for Fiscal Year 2020-2021

Federal and State funding for CalFresh Outreach has created an opportunity for community-based organizations and the Humboldt County Department of Health & Human Services (DHHS) to partner in improving the overarching goal of the CalFresh program to improve the health and well-being of families and individuals. DHHS will consider a partnership request at any time during the fiscal year and the activity time frames for requests can span fiscal years.

The objectives of the outreach program and this funding for 2020-2021 are to:

Increase our retention outreach in the community. Retention assists those on benefits by keeping them in receipt as long as they are eligible without ever having a gap in these benefits due to not providing required documents or interviews. We are looking to partner with agencies who are able to help beyond the application as we turn our attention to maintaining benefits for eligible households as our primary focus.

- Assist eligible CalFresh recipients in maintaining benefits without a break in aid
- Reduce barriers to CalFresh enrollment and retention
- Increase awareness of and enrollment in CalFresh to low participation populations

DHHS would like to partner with community-based organizations that can help with the following efforts, with the highest priorities being retention activities, application assistance and direct enrollment support.

- Support enrollment and retention processes with information, direct application and enrollment and retention assistance
- Reach populations with low CalFresh participation rates (such as working families, SSI/SSP recipients, seniors, students, persons in recovery and persons with limited literacy or ability to speak/read English)
- Educate community members about CalFresh and program changes
- Reduce barriers to enrollment, including stigma, fear, language/literacy, and others. This could be by linking CalFresh to healthy nutritious food and providing CalFresh-related nutrition information and guidance, including how to shop for and cook nutritious food on a budget.

Interested? A complete partnership request includes a completed FY 2020-21 Partnership Request Form, Outreach Estimates Form, Partnership Request Budget Form and narrative as outlined on the request form. Please read the contractor guidelines below and complete and return the attached CalFresh Outreach Partnership Request Form, with attachments, electronically to CalFreshOutreach@co.humboldt.ca.us or paper copies to CalFresh Outreach DHHS 929 Koster St., Eureka, CA 95501.

Application process and outreach partner program questions can be answered by the CalFresh Outreach Analyst at 707-476-4760 or by emailing CalFreshOutreach@co.humboldt.ca.us.

***If your agency has a previous contract for CalFresh Outreach, please be aware that we cannot guarantee that your new contract will start at the termination of your last agreement. In the event we cannot have a contract executed prior to the start date of the agreement, the start date will be moved. This could cause a gap in funding.**

Frequently Asked Questions

What is a special population?

A special population is an identified sector of the population that has low enrollment in the CalFresh program. This could be folks who live rurally, students, persons aged over 65, ESL customers or any number of other groups that have barriers to program access.

My agency does not have the ability to do application assistance or retention assistance. We do provide CalFresh brochures to our participants. Can we still get funding for our program?

Everyone is welcome to apply. In order to ensure ongoing funding is properly used and continues to be available, priority will be given to agencies able to complete the identified focus. We provide outreach materials like flyers to any agency, even if they are not contracted to provide services.

If I assist someone in applying for CalFresh and give them educational materials about the program, can I count them in multiple categories on reports?

Yes. They could count in the materials distributed category for the materials handed out and the application assisted category as well. The important thing to remember is that everyone tracks their numbers differently and may have different ideas about what counts in one area versus another when completing reports. Explain how you do it in the narrative and you will have ensured you properly reported.

Can I use this grant money to buy food for my program?

Consumables are part of the potential items that can be included in your budget. This is not a grant, and the funds are paid through a reimbursement process for services contracted in a legally binding agreement between your agency and DHHS. Food purchases included in the contract budget and approved by DHHS are billable.

CalFresh Outreach funds are special funding for outreach separate from EBT benefits, right? CalFresh outreach funding is actually from the same fund as CalFresh benefits. CalFresh Food pays for the benefits on the customers EBT card, the staff that administers these benefits and the outreach contracts.

These funds are not unlimited and the EBT benefits are the highest priority as far as the spending goes. After benefits, money is used to pay for the administration of the program. CalFresh Outreach funds are the last priority of this

funding. It is an important priority of our agency to ensure we continue to contract for outreach and provide these funds to our partners. The outreach services partner agencies perform is very important in reducing food insecurity in our community.

My staff does some CalFresh activities, can I have their pay included on my contract budget?

The personnel cost that is included in the budget for this agreement should be for the portion of work that is directly tied to CalFresh outreach activities contracted by DHHS to be completed by your agency. Example: Let's say a staff member's primary duties is to assist customers in finding housing. During a 40 hour work week they spend an hour everyday reviewing CalFresh with customers and helping them access or keep their benefits with DHHS. This would mean that 5 hours of work in the 40 hour work week could be covered by this contract. Clearly explaining the FTE for a position and backing up the amount you are requesting with information about the quantity of time spent on CalFresh outreach activities versus regular duties will help to ensure it can be included in the contract.

A. Project Description Narrative (please attach a maximum of 6 pages)

United Indian Health Services, Inc. (UIHS) is located in the northernmost part of the coastal California. UIHS primarily operates out of Potawot Health Village (PHV) in Arcata, California and remotely through seven satellite clinics located in Crescent City, Elk Valley, Klamath, Weitchpec, Arcata, Smith River and Fortuna.

We serve a consortium of nine federally recognized tribes (Yurok Tribe, Wiyot Tribe, Bear River Band of Rohnerville Rancheria, Blue Lake Rancheria, Trinidad Rancheria, Big Lagoon Rancheria, Resighini Rancheria, Tolowa Dee-ni' Nation and Elk Valley Rancheria). We serve 10,911 registered clients. Our service area of Humboldt and Del Norte counties are rural areas of wilderness, coastline, and rivers with the size of Humboldt County comprising of 4,052 square miles which is comparable to the size of the states of Delaware and Rhode Island combined. The size and remoteness of our service area is a major challenge in providing services to our clients. Many residents live on one of nine different Reservations/Rancherias or along the major rivers in remote, isolated, poverty stricken pocket communities. According to the U.S. Census Bureau 2009-2013 American Community Survey, the California poverty rate among American Indians and Alaska Natives was 24.0%. The poverty rate for the general population was 15.9%. According to the same survey, the Humboldt County poverty level for American Indians and Alaska Natives stands at 32.9%, while only 9.1% had received Supplemental Nutrition Assistance Program benefits. Often connected to communities stricken with poverty and food insecurity, health disparities follow. According to the Community Food Assessment for Del Norte County and Adjacent Tribal Lands, "High unemployment and poverty rates contribute to food insecurity both on and off the reservation." The Yurok Tribe reservation (Humboldt County) was part of that assessment and we believe other tribal communities in Humboldt County to be comparable. According to Indian Health Services 8 out of 10 American Indians are overweight or obese. In a study issued by the Humboldt County Department of Health and Human Services, diabetes in Humboldt (County) in 2010, nearly 70 per 100,000 died. The comparable rate for Indians was nearly 190 also in that same study, American Indian people in Humboldt County die 12 years earlier than their White counterparts.

An important component of food security is the availability and affordability of foods in the community. National studies have found that rural low-income community members face higher food prices and have fewer food choices than individuals living in urban and suburban areas. Likewise, “residents who have better access to supermarkets and limited access to convenience stores tend to have healthier diets and lower levels of obesity.” It’s vital to continue the work of our program to serve our American Indian clients to have access to Supplemental Nutrition Assistance Programs such as CalFresh to help increase food access and healthy nutrition for low-income families. To outreach and encourage our services to our American Indians clients to participate in CalFresh, we will provide culturally appropriate activities that meet the needs and interest of our clients and those living in food deserts such as clients we served in the most eastern areas of Humboldt County (Weitchpec, Orleans). See Attachment #1 for a full list of referenced research.

The activities surrounding the Community Nutrition Program provide an ideal setting to educate and outreach to our clients and the community about the CalFresh program. In 2011 the garden began to accept CalFresh electronic benefits at its Farmer’s Market in an effort to increase clients access to produce that they might otherwise not be able to afford, and CalFresh messaging has been increasing ever since. Simultaneously, UIHS’ Community Nutrition Program launched an outreach effort to inform clients about CalFresh and how the program can provide qualifying clients and families with an additional amount of money each month to supplement their food budgets. Through our partnership with the Humboldt Department of Health and Human Services (DHHS), UIHS has been exceptionally successful over the past years. The groundwork has been sowed, and we hope to continue on our growth to integrating CalFresh into all aspects of UIHS client care.

To aid in the process of educating individual programs and community partners, the Community Nutrition Program has created culturally appropriate CalFresh outreach materials and methods for access to information, answers to frequently asked questions, outreach tools, and application assistance. The Community Nutrition program staff will also train groups within UIHS such as Center of Disease and Control-Good Health and Wellness in Indian Country, Patient Registration/Certified Benefit Technician, Behavioral Health, Community Health Representatives, medical providers, WIC, Diabetes Prevention, Health Promotion and Education, and .These groups have direct access to clients on a daily basis, and therefore have the opportunity to promote CalFresh and respond to any concerns they might have. The Community Nutrition program will also utilize its established presence in our communities to provide community outreach to meet our clients person to person as well as utilizing the digital space such as social media and the internet to keep our clients informed of our activities that are linked to Calfresh outreach. Using these outreach materials and methods, the Community Nutrition program staff will continue to reach UIHS clients.

Following is a list of activities and events the UIHS’ Community Nutrition Program sponsors and/or collaborates with other UIHS programs such as Center of Disease and Control-Good Health and Wellness in Indian Country, Diabetes, Woman and Infant Children, Suicide Prevention, Behavioral Health, and will incorporate DHHS educational messages. At each event or activity, the Community Nutrition Program staff (Community Nutritional Assistants, Garden Educators, and Community Nutrition Manager) will be available to encourage and assist those in attendance with the CalFresh application process as well as answer any questions they might have. With the recent change in CalFresh expansion to SSI recipients, we will have information, eligibility requirements, and outreach on the new CalFresh expansion to SSI recipients.

CalFresh outreach with Covid-19 restrictions

As the future is unpredictable on how we will be able to operate with CalFresh outreach. I will provide how we will correspond with CalFresh Outreach Covid-19 shelter in place restrictions during this upcoming year

1) Garden Starts Giveaway Events

The UIHS Community Nutrition Program currently holds Garden Starts Giveaway Events at UIHS locations of Smith River, Crescent City, Klamath, Weitchpec, and Fortuna. These events include a CalFresh messaging of, “Grow your Own Garden with CalFresh”, with workshops on how to care for crops that typically do well in each specific climate. Clients are encouraged to interact with the gardeners, ask questions, and receive garden starts and seeds of their choosing to help them establish their own home gardens. By the end of October 2020, the project will host 3-5 garden starts giveaway events reaching 175 participants, which will include educational messages around starting your garden with CalFresh EBT, home gardening and providing CalFresh outreach and application assistance.

Covid-19 Shelter in Place:

During this last May, our Community Nutrition team provided Drive-Thru Starts Giveaways. It was well attended. We anticipate on repeating this process if Covid-19 Shelter in Place orders are in place with the County.

2) Farmer’s Market with Accompanying Food Recipe Demonstrations

Currently held twice per week at our UIHS Potawot location in Arcata, CA from June through October and four times per season at our Klamath service area and once per season at our Fortuna service area, we would like to expand our reach to include tribal areas/gatherings in eastern area of Weitchpec and Southern Humboldt area of Loleta and Fortuna to increase the number of markets to increase healthy food access and CalFresh outreach/application screening and assistance. The Potawot Community Food Garden will utilize our newly funded Market Match program. We will offer fifty percent off of fruits and vegetables valued up to twenty-dollars. This will our clients to want to sign-in up for CalFresh and provide more EBT use for current and prospective CalFresh shoppers at our Farmer’s Markets at Potawot Health Village and other satellite Farmer’s Market in Humboldt County. The Potawot Community Food Garden will host 40 Farmers Market stands per year, offering affordable garden produce, nutrition education, sharing and promotion of Native Foodways (food preservation, harvesting, preparing, and propagation), reaching 25 participants a Farmers Market with a total of 1000 participants a year in the UIHS service area. This will help increase CalFresh enrollment/application assistance, healthy cooking instruction, food access, and reduces stigmatism of CalFresh.

Covid-19 Shelter in Place:

During this current Farmers Market season (June-October), our Community Nutrition team provided Farmers Markets with new Covid-19 Standard Operations Procedures. It has been well attended. We anticipate on repeating this process if Covid-19 Shelter in Place orders are in place with the County.

3) Nutrition in the Garden Activities

Community groups from various locations throughout Humboldt and Del Norte counties are encouraged to visit the Potawot Community Food Garden for a tour and learn about the origin of food. When community groups visit the Potawot Garden, the Garden Educators will focus on Grow Your Own Garden with CalFresh and teach garden-based learning opportunities such as beekeeping, tree pruning, small space gardening, and organic gardening methods. Participants will have an opportunity to learn each part of every step of the process from harvesting the vegetables to preparing recipes that feature seasonal crops. The Garden Educators would primarily be responsible for the planning and execution of a hands-on educational garden within the existing Potawot Garden space. Upon completion of this project, the Garden Educators would serve as the main contacts for community groups wishing to tour the Potawot Garden such as schools, Head Starts, youth groups, senior and resource centers, as well as internal UIHS program groups (Diabetes, Substance Abuse, WIC, etc.). Groups would receive information on CalFresh and how it can be used to help them purchase seeds and garden starts, as well as behavior modification materials to get them started on their own gardens at home. Applications would be available at all times and the garden educators would be trained extensively in the CalFresh application process. The Potawot Community Food Garden will host 3-5 gardening workshops and reaching 100 participants a year and 25 tours of the Potawot

Community Food Garden per year showcasing a national food security model with DHHS CalFresh support to community members, tribal programs, schools and organizations, reaching 200 participants a year.

Covid-19 Shelter in Place:

During this current garden season (June-October), our Community Nutrition team provided nutrition in the garden activities with our new garden Covid-19 Standard Operations Procedures. Our garden has never shut down during the shelter in place order. We anticipate on continuing our garden service and education in-person or virtually if Covid-19 Shelter in Place orders are in place with the County.

4) Share CalFresh at Local Events

At these local tribal events, Community Nutrition staff will be providing UIHS CalFresh messaging, screening participants for eligibility, and providing CalFresh application assistances along with promoting food access and healthy nutrition education. There are a number of local community events that the Community Nutrition Program participates in during the growing season including UIHS' Annual Health and Wellness Commitment (HAWC) Walk, the Potawot Community Food Garden Harvest Celebration, UIHS' Annual Arts & Crafts Fair, Bear River Health Fair, UIHS' Gathering of Native Americans (GONA), and the Yurok Tribe's Annual Salmon Festival in Klamath. The Community Nutrition Program will expand its CalFresh outreach by accompanying tribal events in the Southern Humboldt Area of the UIHS Fortuna clinic, Table Bluff Reservation - Wiyot Tribe, Bear River Band of the Rohnerville Rancheria to reach outlying UIHS service areas. By the end of October 2021 the Community Nutrition Program will do CalFresh outreach at 3-4 large events and 4-6 other tribal events reaching at least 350 people in the year.

Covid-19 Shelter in Place:

As our local tribes, native organizations and other health and wellness organizations are adapting to the new normal of shelter in place. More and more of these organizations are offering virtual services and programs. We look forward to collaborating with these organizations on providing virtual garden learning opportunities and tours.

5) Native Foodways, Activities and Workshops

Native Foodways can be described as a way of celebrating food, culture, and community. "In social science foodways are the cultural, social and economic practices relating to the production and consumption of food. Foodways often refers to the intersection of food in culture, traditions, and history".² Native Foodways activities and workshops will be hosted in UIHS service areas by the Community Nutrition Program staff and healthy lifestyle expert consultants during the year from November-October. Native Foodways activities/workshops will cover cultural appropriate knowledge on growing, harvesting, processing, preserving and cooking food practices on traditional native foods (acorns, salmon, huckleberries, etc.), traditional native food counterparts (hazelnuts, grass-fed beef, blueberries, etc.), and garden herbs and produce from the Potawot Community Food Garden. During the Native Foodways functions, the Community Nutrition Assistant(s) will be providing UIHS CalFresh messaging, screening participants for eligibility, and providing CalFresh application assistances along with promoting the Potawot Community Food Garden and healthy nutrition education. Participants will also learn what traditional food counterparts and garden produce can be shopped for and purchased with CalFresh supplemental nutrition assistance program (SNAP) benefits. Participants will learn CalFresh shopping on a budget along with traditional native food harvesting methods. Participants will also learn about shopping for foods while they are "in season" making their food dollars stretch. Preserving foods "in season" will also stretch food dollars during the "off season".

During the activities and workshops the participants will receive healthy cooking recipes and demonstrations that utilize food purchased with CalFresh and harvested traditional native foods as well as different gardening methods on how to grow your own food. The workshops will also cover the important roles of food cooking and processing methods, to stretch CalFresh clients (SNAP) funds, so that they can

buy in bulk and know how to properly cook and preserve their food. Clients will learn both traditional (food prep, cooking, smoking and drying) and contemporary (purchasing, cooking, canning, dehydrating, and freezing) food methods. Workshops will also cover physical activity along with healthy nutrition education. We will provide specialized expertise on nutrition and physical activity. Healthy lifestyle experts along with UIHS staff will provide knowledge and education around physical activity while connecting healthy nutrition to healthy living for participants. Some of the physical activity topics may include, but not limited to, physical activity (garden/ancestral fitness), and ancestral movement practices (hiking, walking, and movements related to traditional food practices and games). The healthy lifestyle experts will share specialized traditional food knowledge and/or contemporary food knowledge with community members and staff to support CalFresh outreach activities. The activities and workshops will outreach to the broader American Indian community members who may not normally visit UIHS. The Native Foodway outreach activities will reduce stigma and misconceptions of CalFresh to the American Indian Community by using and incorporating traditional native foods and practices that local native people identify with and at the same time they will learn about CalFresh eligibility and have access to direct application and enrollment assistance. Working with our staff and healthy lifestyles experts our workshops will educate community members about traditional and contemporary native foodways and how CalFresh (SNAP) can play an important role on nutritional health benefits in American Indians' daily lives. By the end of October 2021, the Community Nutrition Program will coordinate 8-10 Community Nutrition activities and 6-8 Native Foodways workshops per year reaching total of 250 community members.

Covid-19 Shelter in Place:

At UIHS we are offering more virtual services and programs. With the Community Nutrition Program-Potawot Community Food Garden, we are in the process of planning and implementing more of our services virtually. We are no longer doing taste-tests at our Farmers Market and CalFresh outreach (tabling). The virtual videos we plan on creating will be around native foodways (growing, cooking, gathering, harvesting, preserving), gardening, and physical activities activity (outdoor recreation, ancestral fitness, and movements related to traditional food practices and games). These virtual videos will also be created from our healthy lifestyle experts. The videos will be shared through digital platforms such as our UIHS website, social media (Facebook, Instagram, Youtube, Snapchat) Zoom, Go to Meeting, etc.

6. UIHS Clinic(s) Outreach

The Community Nutrition Assistant(s) will be reaching potential CalFresh eligible clients during a time when clients are most available to reach. A majority of the CalFresh outreach will take place when UIHS clients are waiting for their health care appointments in the waiting areas. The Community Nutrition Assistant(s) will also utilize other CalFresh outreach strategies by providing healthy taste testing demonstrations that may incorporate recipes with Potawot Garden Produce, Traditional Foods and/or their contemporary counterparts, and food you can purchase with CalFresh EBT. The Community Nutrition Assistant(s) will also accompany other Community Nutrition Staff when there are special Potawot Garden Farmer's Market at the outlying UIHS clinics (Fortuna, Weitchpec) to assist Community Nutrition staff to provide UIHS CalFresh messaging, screening participants for eligibility, and CalFresh application assistances along with promoting the Potawot Community Food Garden and healthy nutrition education. By the end of October 2021, the Community Nutrition Program will reach 1,200 participants a year.

Covid-19 Shelter in Place:

At UIHS we are offering more virtual services and programs. With the Community Nutrition Program-Potawot Community Food Garden, we are in the process of planning and implementing more of our services and activities virtually to outreach and educate our clients with CalFresh, garden, physical activity, and healthy nutrition

7) UIHS Snack Pantry

The Community Nutrition Program will partner with our UIHS Woman, Infant and Children program and other UIHS Community Health and Wellness program staff will provide snack pantry access to our UIHS

clients. Addressing hunger issues is a major need for our clients who are predominately low-income. To help meet the need of our clients we will continue our snack pantry at the Potawot Health Village Clinic. The snack pantry provides healthy, nutritious snacks to our clients. When clients are visiting the Potawot Health Village or when they are waiting for their health care appointments, they can access our snack pantry. We will utilize garden produce from the Potawot Community Food Garden when available, purchased food and will also utilize donations from UIHS staff and programs to keep the snack pantry stocked. When giving out snack pantry items, CalFresh messaging and outreach will be utilized. By the end of October 2021, the food pantry will reach 150 participants a year.

Covid-19 Shelter in Place:

Since Covid-19 Shelter in Place our UIHS Snack Pantry has been paused and is currently in transition to adapt to a new method of disbursing snacks with Calfresh outreach to our clients. We plan to continue our snack pantry once a new plan of action is formulated and approved by our UIHS Infection Prevention Specialist.

CALFRESH OUTREACH QUARTERLY PROJECT REPORT FORM
 United Indian Health Services, Inc.
 For Fiscal Years 2020-2021 through 2021-2022

**Outreach Contract Quarterly Report Form
 2020-21**

CalFresh Outreach partnership contracts are an opportunity for community-based organizations and the Humboldt County Department of Health & Human Services (DHHS) to work together to improve the health of our community. As part of the contract agreement, reports must be completed and submitted to track progress and activities.

Due dates: Quarterly reports are based on DHHS fiscal year quarters, regardless of when an agency’s contract begins or ends. The table below shows each fiscal year quarter and the report due dates. If the total agreement amount is \$15,000 or less you are only required to submit a Final Summary Report.

Quarter	Dates Included	Date Report Due to DHHS
1	July 1 through September 30	October 31
2	October 1 through December 31	January 31
3	January 1 through March 31	April 30
4	April 1 through June 30	July 31
Final Summary Report	Based on contract term	One month after term end

Submission of reports:

All reports are sent to **both** CalFresh Outreach and the DHHS Contract Unit at the following addresses:
CalFreshOutreach@co.humboldt.ca.us
DHHS-ContractUnit@co.humboldt.ca.us

Or by mail to: Humboldt County DHHS – Social Services
 Attention: Appolonia Coan, Staff Services Analyst
 929 Koster St.
 Eureka, CA 95501

Report Narrative:

Use the narrative section to explain the Outreach Activities your organization completed or participated in. Remember to talk about both processes and outcomes whenever possible.

Some questions to consider when completing the narrative sections of the report:

- How did the programs/services support CalFresh Outreach?
- How did you track or calculate the number of individuals your organization is reported to have reached? There is no one way to accomplish this and each agency is different.
- Did the programs/services reach the populations it was intended to reach, and were the participants satisfied?
- What were the program results, and did the program produce the intended changes? Unintended changes?
- Was the value of the outcomes achieved worth the resources invested in the program?

Frequently Asked Questions

My agency’s contract start and end dates do not align with the fiscal year. How do I know what quarterly report I am on and when the report is due?

The quarterly report cycle for CalFresh Outreach contracts is set by the DHHS fiscal year regardless of when a contract begins or terminates. If you had an active contract during any of the months listed on the cycle information at the top of this form, then you complete the applicable report. Example: if your agency had one contract stop in February and a new contract start in March, your Quarter 3 report would be due April 30th and would include data from the first contract for January through February as well as data from the new contract for March. See Exhibit F – CalFresh Outreach Reporting Guidelines in your executed contract for more information.

What is a special population?

A special population is an identified sector of the population that has low enrollment in the CalFresh program. This could be folks who live rurally, students, persons aged over 65, ESL customers or any number of other groups that have barriers to program access.

How do I make sure I am not duplicating counts?

Many times people will receive multiple handouts from your agency, or you will assist multiple people in a household. If you explain how you count in the narrative section, you will be making sure your data is clear and will not need to worry about duplicating counts in error. Here is an example: if you provided an application to a family of five, this would be entered as "1" for applications provided not as "5" for each person in the home. This is because you provided one application to the household.

If I assist someone in applying for CalFresh and give them educational materials, can I count them in multiple categories on reports?

Yes. They could count in the materials distributed category and the application assisted category. The important thing to remember is that everyone tracks their numbers differently and may have different ideas about what counts in one area versus another when completing reports. Explain how your agency does it in the narrative and you will have ensured you properly reported.

Where do I put how many meals or food bags were distributed?

This section has been removed from our report tracking to align with the current focus for these agreements. You can include any important information about food distribution performed by your agency in the narrative for Section B. Positive Messaging.

My agency is reusing print media developed previously that DHHS Media already approved. Does DHHS Media need to review it again?

Please send it through again. Anything that will be distributed with CalFresh messaging needs to go through DHHS Media for approval. If it was approved in the past there might be something that needs to be updated. CalFresh recently rebranded and it is important that we use current logos and information.

My report might be late due to circumstances outside my control. What do I do?

Please email CalFreshOutreach@co.humboldt.ca.us with the reason for the delay and the expected date the report will be submitted. This allows for a record of why the delay occurred if it is ever questioned.

Report:

In your narrative, please remember to talk about both processes and outcomes when possible.

Process evaluation attempts to answer these types of questions:

- Were the programs/services of the right quality and content to support CalFresh Outreach?
- How many individuals did you help either receive or maintain CalFresh benefits?
- Did the program reach the population that it was intended to reach? Participant count in total?
- Are those who participated satisfied with the program?

Outcome evaluation focuses on answers to these types of questions:

- What were the program results and did the program produce the intended changes? Unintended changes?
- At what level were changes sought and accomplished—short term, intermediate or long term?
- How did the programs results compare in terms of effectiveness and efficiency, and was the outcome achieved worth the resources invested in the program?

- As your contract comes to an end, discuss what your organization could have done differently to better support CalFresh Outreach? If you are planning on continuing this program, how has your organization prepared to make these changes?

Frequently Asked Questions

My agency's contract end date aligns with one of the quarterly report end dates. Do I need to submit both?

Yes. The Final Report is tied to the end date of the specific contract and must be provided. The Quarterly reports cover the months specified on that form and are due regardless of when a contract begins or ends for all months an agency had an active contract for an amount over \$15,000. This means both reports may be required at the same time if the contract termination date happens to align with quarterly reporting timeframes.

Do we need to include pictures or other documentation of our program?

It is not required that you provide additional items regarding your program. You can provide them if you would like to. Items like surveys or program pictures can be included if you wish. If you are looking to include something like program or event surveys, please summarize the information in them instead of submitting participant originals.

My agency had a small contract for \$15,000 or less, do we submit a final report?

Yes. All agencies must submit a final report summarizing their program's experience over the course of their agreement regardless of contract amount.
