

CONDITIONS OF APPROVAL

APPROVAL OF THE LOT LINE ADJUSTMENT IS CONDITIONED ON THE FOLLOWING TERMS AND REQUIREMENTS WHICH MUST BE SATISFIED BEFORE COMPLETION OF THE LOT LINE ADJUSTMENT:

1. Per the Department of Public Works Memo dated May 10, 2024, the angle points of the new property lines shall be monumented pursuant to County Code Section 325.5-9. The requirement for setting monuments may be waived by the County Surveyor if any one of the following findings can be made:
 - a. The new boundary line(s) are already adequately monumented of record.
 - b. The new boundary line(s) can be accurately described from Government Subdivision Sections or aliquot parts thereof.
 - c. The new boundary line(s) can be accurately described and located from existing monuments of record.
 - d. The new boundary is based upon physical features (i.e., roads, creeks, etc.) which themselves monument the line.
2. A Notice of Lot Line Adjustment shall be recorded for each resultant parcel. The following information must be submitted to the Planning Department for review prior to recordation:
 - a. A copy of the existing deeds and the deeds to be recorded for the adjusted parcels. If the property is not changing ownership, only the existing deeds are required.
 - b. A Preliminary Title Report regarding ownership of parcels involved. The title report documents must be current at time of submittal. Depending on the date of the report preparation, updating may be necessary.
 - c. A completed "Notice of Lot Line Adjustment and Certificate of Compliance" form for each parcel.
 - d. Document review fees as set forth in the schedule of fees and charges as adopted by ordinance of the Humboldt County Board of Supervisors (currently \$445.00 per notice plus \$300.00 for each additional legal description plus applicable recordation fees).

3. When the parcels being adjusted are not held in common ownership, copies of the executed deeds (signed but not recorded) prepared by a qualified individual must be submitted for review by the Planning and Public Works Departments.
4. A map revision fee as set forth in the schedule of fees and charges as adopted by ordinance of the Humboldt County Board of Supervisors (currently \$108.00 per parcel) as required by the County Assessor shall be paid to the Humboldt County Planning Division, 3015 "H" Street, Eureka. The check shall be made payable to the "Humboldt County Planning Division." The fee is required to cover the Assessor's cost in updating the parcel boundaries.
5. The applicant shall comply with the provisions of Section 321-14 of the Humboldt County Code concerning reapportionment or payment of special assessments, if applicable.
6. **Applicant shall provide documentation from the County of Humboldt Tax Collector that all property taxes for the parcels involved in the Lot Line Adjustment have been paid in full if payable, or secured if not yet payable, to the satisfaction of the County Tax Collector's Office, and all special assessments on the property must be paid or reapportioned to the satisfaction of the affected assessment district. Please contact the Tax Collector's Office approximately three to four weeks prior to filing the Notice of Lot Line Adjustment to satisfy this condition.** *Note: The purpose of this condition is to avoid possible title consequences in the event of a tax default and sale affecting the owner's real property interest. If property is acquired as a result of a Lot Line Adjustment and said property has delinquent taxes, the property cannot be combined for tax purposes. This means, that the owner will receive two or more tax bills, and penalties and interest will continue to accrue against the land which has delinquent taxes. If five or more years have elapsed since the taxes on the subject property were declared in default, such property will be sold by the County Tax Collector for non-payment of delinquent taxes unless the amount required to redeem the property is paid before sale. Property combined by lot line adjustment but "divided" by tax sale will require separate demonstration of subdivision compliance of all resultant parcels prior to the County's issuance of a building permit or other grant of authority to develop the subject properties.*
7. The applicant shall provide an adequate right-of-way for PG&E's existing electric and gas distribution service over proposed Parcel 2, currently serving proposed Parcel 1, as indicated on the Lot Line Adjustment Map for a twenty-foot (20') utility easement.

Informational Notes:

1. Approval of this Lot Line Adjustment does not guarantee that developable parcels will result. Final approval for any development will depend on demonstration of conformance with site suitability requirements in effect at the time development is proposed. Issuance of a building permit will require demonstration of all applicable development standards at the time a permit is requested.
2. Per State Revenue and Taxation Code Section 606, when any tract of land is situated in two or more revenue districts, the part in each district shall be separately assessed.
3. To reduce costs the applicant is encouraged to bring in written evidence of compliance with all of the items listed as conditions of approval in this Exhibit that are administered by the Planning Division (Namely: items 1 – 7 above) as a package at least four (4) weeks before the desired date for recordation. Post application assistance by the Planner on Duty, or by the Assigned Planner, with prior appointment will be subject to a Special Services Fee for planning services billed at the County's current burdened hourly rate. There is no charge for the first post project approval meeting. Please contact the Planning Division at (707) 445-7541 for copies of all required forms and written instructions.
4. This permit shall expire and become null and void at the expiration of three (3) years after all appeal periods have lapsed (see "Effective Date"). This approval may be extended in accordance with the Humboldt County Code.
5. **The following is applicable to future ground disturbing activity on any of the parcels resulting from this Lot Line Adjustment:** If cultural resources are encountered during construction activities, the contractor on site shall cease all work in the immediate area and within a 50-foot buffer of the discovery location. A qualified archaeologist as well as the appropriate Tribal Historic Preservation Officer(s) are to be contacted to evaluate the discovery and, in consultation with the applicant and lead agency, develop a treatment plan in any instance where significant impacts cannot be avoided.

The Native American Heritage Commission (NAHC) can provide information regarding the appropriate Tribal point(s) of contact for a specific area; the NAHC can be reached at (916) 653-4082. Prehistoric materials may include obsidian or chert flakes, tools, locally darkened midden soils, groundstone artifacts, shellfish or faunal remains and human burials. If human remains are found, California

Health and Safety Code 7050.5 requires that the County Coroner be contacted immediately at (707) 445-7242. If the Coroner determines the remains to be Native American, the NAHC will then be contacted by the Coroner to determine appropriate treatment of the remains pursuant to 5097.98. Violators shall be prosecuted in accordance with PRC Section 5097.99.

The applicant is ultimately responsible for ensuring compliance with this condition.
