Dear Planning Commission,

I am writing in regards to the proposed Old Arcata Rd and Jacoby Creek Rd roundabout.

I live up Jacoby Creek Rd and frequently walk or ride my bike through this intersection. Currently, this intersection is dangerous for motorists, bicyclists, and walkers due to poor visibility and the rate of speed motorists are driving through and turning onto Jacoby Creek Rd..

I support the proposed roundabout because it will require motorists to slow down and it will make it safer to bicyclists to turn left onto Jacoby Creek Rd. riding from the north.

I do not believe the roundabout will endanger the children at the private 15 person Montessori school; nor will the roundabout cause a negative impact to the historical bucolic nature of the area. Please use the public easement area for this proposed roundabout. Please support this common sense and much needed traffic slowing roundabout.

Thank you for your time in reviewing this proposal.
