

To The Humboldt Board of Supervisors:

June 18, 2021

The Smokestack Café is actively working on hiring the appropriate staff and getting all necessary improvements and inspections in order for our reopening. We are still having a bit of trouble getting staff but as our County and economy opens back this problem will be alleviated.

At this time, I would like to make it known that we are interested in extending our lease through September 2022 and ask for the boards permission for us to continue operating in the Humboldt County Courthouse.

Thank you
Christopher Rohrs
