If a general aggregate limit is used, such limit shall apply separately hereto or shall be twice the required occurrence limit.
2. Automobile/Motor Liability Insurance with a limit of liability not less than One Million Dollars (\$1,000,000.00) combined single limit coverage. Such insurance shall include coverage of all owned, hired and non-owned vehicles, and be at least as broad as Insurance Service Offices Form Code 1 (any auto).

4. For claims related to this Agreement, CONTRACTOR's insurance is the primary coverage to COUNTY, and any insurance or self-insurance programs maintained thereby are excess to CONTRACTOR's insurance and will not be used to contribute therewith.
 5. Any failure to comply with the terms and conditions of this Agreement shall not affect the coverage provided to COUNTY or its agents, officers, officials, employees and volunteers.

CALFRESH OUTREACH PROPOSAL

For Fiscal Year 2020-2021

CalFresh Outreach Partnership Proposal
Guidelines for Fiscal Year 2019-20 (2020-
21)

Federal and State funding for CalFresh Outreach has created an opportunity for community-based organizations and the Humboldt County Department of Health & Human Services (DHHS) to partner in improving the overarching goal of the CalFresh program to improve the health and well-being of families and individuals. DHHS will consider a partnership request at any time during the fiscal year and the activity time frames for requests do not have to fall completely within the fiscal year. Requests can span fiscal years.

The objectives of the outreach program and this funding are to:

- Increase awareness of and enrollment in CalFresh
- Reduce barriers to CalFresh enrollment and retention
- Connect the CalFresh program to projects that increase awareness and access to healthy food and life choices that improve wellness and prevent chronic disease.

DHHS would like to partner with community-based organizations that can help with the following efforts, with the highest priority being application assistance and direct enrollment support.

- Support enrollment and retention processes with information, direct application and enrollment and retention assistance
- Educate community members about CalFresh and program changes
- Reach populations with low CalFresh participation rates (such as working families, SSI/SSP recipients, seniors, students, persons in recovery, persons with limited literacy or ability to speak/read English, transition-aged foster youth and homeless people)
- Reduce barriers to enrollment, including stigma, fear, language/literacy, and others. This could be by linking CalFresh to healthy nutritious food and providing CalFresh-related nutrition information and guidance, including how to shop for and cook nutritious food on a budget.

Interested? A complete partnership request includes a completed FY 2019-20 Partnership Request Form, Outreach Estimates Form, Partnership Request Budget Form and narrative as outlined on the request form. Please read the contractor guidelines below and complete and return the attached CalFresh Outreach Partnership Request Form, with attachments, electronically to CalFreshOutreach@co.humboldt.ca.us or paper copies to CalFresh Outreach DHHS 929 Koster St., Eureka, CA 95501.

Application process and outreach partner program questions can be answered by the CalFresh Outreach Analyst at 707-476-4760 or by emailing CalFreshOutreach@co.humboldt.ca.us.

***If your agency has a previous contract for CalFresh Outreach, please be aware that we cannot guarantee that your new contract will start at the termination of your last agreement. In the event we cannot have a contract executed prior to the start date of the agreement, the start date will be moved. This could cause a gap in funding.**

Introduction

Since 2011, St. Joseph Health-Humboldt County (SJH-HC) has partnered with the Humboldt County Department of Health and Human Services (DHHS) to use CalFresh grant funds to augment our CalFresh and nutrition outreach services to low-income, vulnerable communities. As the primary local healthcare provider, SJH-HC is attuned to the needs of the most vulnerable populations within our service area. In partnership with other community outreach organizations, SJH-HC addresses the needs of the most vulnerable populations, including individuals and families experiencing food insecurity and homelessness. Through CalFresh and other food security programs, *our primary objectives* are decreasing food insecurity among vulnerable populations through increased and effective education about CalFresh, and assistance with enrollment into nutrition programs as well as retention in those programs.

A variety of outreach opportunities are afforded by the SJH-HC Community Resource Centers (CRC) and Healthy Kids Humboldt. Both represent long-established and familiar programs with earned trust. They also have a history of successful CalFresh outreach and enrollment activities, with an emphasis on sub-groups of persons who have not previously accessed CalFresh benefits. The SJH-HC Loleta, Willow Creek, Rio Dell and Blue Lake Community Resource Centers are written into the Humboldt Network of Family Resource Centers CalFresh Grant Application, and are therefore not included in this proposal. In previous years, we've included the CalFresh outreach efforts led by our Paso a Paso staff, but for a variety of reasons, this program will no longer apply for funding through this proposal.

- The Eureka Community Resource Center (ECRC) is located in the St. Vincent de Paul Dining Facility where staff interacts daily with hundreds of individuals and families experiencing homelessness who frequent the Free Dining Facility and access social service programs through the ECRC.
- Healthy Kids Humboldt (HKH) staff assists marginalized populations by facilitating access to health insurance, WIC, earned income tax credit and other health and wellness resources in the community, including CalFresh enrollment and retention services.

A. Project Description Narrative

A-1. Please describe the activities and events that will be completed with CalFresh Outreach funding. Include the total number of people you will serve or reach and if your program will focus on a particular group or geographic area. Be sure to include how you will encourage and assist applications and retention.

A selection of activities and involvement strategies keenly focused on the Latino and homeless populations, traditionally underrepresented groups among CalFresh recipients who struggle with food insecurity. These groups will be reached through our Healthy Kids Humboldt staff (Latino population) and the Eureka Community Resource Center staff (homeless population). During the 2019-20 grant cycle, emphasis was given to the sub-group of SSI recipients who had recently become eligible to apply for Cal Fresh benefits, and our 2020-21 proposal aims to again focus on enrollment and retention efforts for those receiving SSI.

A key strategy to enrollment is education, dispelling myths and addressing stigma regarding the CalFresh benefits program.

Stigma is defined as a mark of disgrace associated with a particular circumstance, quality, or person. Those who are affected by stigmatism, or perceived stigma, are less likely to reach out for help in times of need. People who are homeless and people who are poor have long been stigmatized and inappropriately blamed for their situations. Latinos, and other immigrant populations, suffer from stigma as well. Any type of stigma can affect self-esteem and self-worth. These vulnerable populations also have to cope with the mental health effects of stigma. Stigma negatively impacts a person's willingness and desire to reach out for help when in need.

Some immigrants living in the country legally fear that if they receive CalFresh it may affect their chances of becoming citizens later. Others feel the stigma around “food stamps.”

Homeless populations face several barriers including but not limited to lack of transportation, lack of flexibility in setting appointment times, and the all-consuming task of surviving on the streets, making it harder for them to apply for CalFresh and other assistance.

With our staff, who work directly with both the Latino and homeless populations, and our subsequent targeted CalFresh outreach, we can help address fears and dispel any myths these two populations might be experiencing, and assist them in applying for CalFresh as well as other social services.

Healthy Kids Humboldt (HKH) staff will focus their enrollment and retention efforts through office visits, located at the General Hospital campus at 2200 Harrison Avenue in Eureka, CA. When necessary, our team of two Community Health Workers take their services on the road to offer home visits and outreach in the community at special events such as the Food For People *Free Produce Markets*, aimed towards low-income community members with an emphasis on the Spanish-speaking population. All outreach services are free and available regardless of immigration status.

Eureka Community Resource Center (ECRC) staff will focus their enrollment efforts inside the St. Vincent de Paul Free Dining Facility, at 35 West 3rd Street, Eureka. On occasion, services will be provided at special events such as the May is Mental Health Awareness Month community barbecue, with a focus on low-income, vulnerable populations, including SSI recipients.

Ancillary Services and Activities

To support project staff and increase the likelihood of the program’s success, the CalFresh Project Manager (CPM) will continue to facilitate quarterly staff meetings, track and monitor data and assess the progress toward meeting the stated objectives. The CPM will maintain regular communication with project staff to answer questions and address barriers. The Community Health Investment Supervisor will work with the CPM to develop solutions to eliminate barriers as needed to ensure the program’s success. The CPM or designee will serve as the point person at community collaborative meetings and will serve as the liaison with the County of Humboldt. Based on previous success, the manager position will be maintained for the proposed 2020-2021 project year.

The Community Health Investment Supervisor has intimate knowledge of time, effort and preparations required to provide outreach to low-income, vulnerable populations, as this staff person was previously our CalFresh Assistant doing outreach in the community. In the Supervisor role, she will provide supportive services to staff in their outreach efforts, as well as support with purchasing and reporting as related to CalFresh grant activities.

A-2. What are your expected outcomes? What difference will CalFresh funding make in your community or neighborhood and for the population you are serving? How will the proposed activities fit into or relate to other programs in your organization and community?

Outcome - Promote and Facilitate Food Security and Healthy Eating

Food security services and education are always accompanied by a nutritional element that encourages healthy choices. Our proposal includes funding that will support emergency food services and other nutritional support for those most in need. This point of contact provides an opportunity to engage with clients about how the CalFresh benefits program can stretch their food budget and increase access to nutritional foods. Proposed funding will also support removing other barriers to access to nutritional foods, such as connecting clients with cookbooks, kitchenware, etc.

Making a Difference - Overcoming Obstacles

Key to our sustained success with CalFresh funding has been the ability to connect with hard-to-reach populations. Commonly observed obstacles include language barriers, social welfare stigmatization, systemic hurdles, and trust. Breaking down those obstacles and building trust with clients has and will continue to be addressed through the following strategies:

Whether tabling at events, visiting homes or connecting via phone, St. Joseph Health – Humboldt County's Healthy Kids Humboldt Team has staff fluent in Spanish and English and provides culturally and linguistically appropriate outreach. CalFresh benefits can be better understood and utilized when explained by a trusted source that speaks the language of our clients.

Our outreach personnel recognize the importance of communicating clear and accurate information, and staying abreast of any changes to eligibility requirements. Recent changes in social security benefits, for instance, will continue to increase CalFresh eligibility for some recipients in 2020. We will continue to reach out to homeless individuals through our Eureka Community Resource Center and anticipate increased enrollments for those receiving SSI. Staying abreast of requirements and recognizing people who can benefit is an important strategy that enhances CalFresh expansion.

Community Collaboration and Continuity

Healthy Kids Humboldt staff are seen as experts in their field in working with the Spanish-speaking population. Local community organizations reach out to our staff when trying to serve the Latino community and ask for our partnership. Community collaborations include Food for People's Free Produce Markets, United Way of Wine Country (VITA Tax Preparation), Humboldt IPA CalFresh Task Force, Smile Humboldt, Centro del Pueblo, True North, LatinoNet and many more. This collaboration benefits the health of our entire community, by connecting some of our most vulnerable to needed and available resources. Our staff often refer clients to outside programs such as summer lunch and after school snack programs, community gardens, cooking classes, playgroups and health fairs. Furthermore, the hospital's Community Health Needs Assessment and Community Benefit Plan for Implementation aligns with the Department of Health and Human Services – Public Health Branch's Community Health Assessment and Community Health Improvement Plan.

Eureka Community Resource Center staff are well connected to other service providers that serve those experiencing homeless and SSI beneficiaries, such as the Betty Kwan Chinn Day Center, Eureka Rescue Mission, Humboldt Area Center for Harm Reduction, N.C. Veteran's Resource Center and more. This vulnerable population has unique obstacles in addressing food insecurity, including substance use disorder and mental health challenges.

Collaboration with other service providers is essential to continuity of care and connecting this population with much needed services.

A-3 - Please describe your organization's capacity to succeed with the proposed project and your plans, if any, for continuing the work after the proposed project is complete.

For the past 22 years, the St. Joseph Health – Humboldt County Community Health Investment programs have supported access to health care services and encouraged the physical, emotional, and spiritual health of families on the North Coast. Today, the programs provide a variety of classes, support groups, and health information and referral services geared toward low-income, vulnerable populations such as Spanish-speaking immigrants and those experiencing homelessness. Our organization's capacity to succeed and sustain this work is in large part because of the knowledge, skills and abilities of our trained staff.

The staff responsible for this CalFresh proposal possess a unique blend of professional training, expertise, and experience directly related to assisting the targeted populations and enrolling clients into social service programs. Our Healthy Kids Humboldt team of two have passion for the work they do to help immigrant families to

navigate health care and social services. Together, they have a combined 24 years of experience of screening community members (including those that speak Spanish as a first language) for health insurance and other social services programs. They are bilingual and a trusted resource in the Latino community and considered experts in their field. This team also access webinars offered through the Immigrant Legal Resource Center (ILRC) out of San Francisco, CA, which provides the most up-to-date information on issues that affect eligibility for government assistance programs.

The Eureka CRC Coordinator has been doing outreach for vulnerable populations with St. Joseph Health – Humboldt County in a variety of settings for over 15 years. In the last seven, the Coordinator has focused on outreach with those experiencing homelessness. The Coordinator was on the Board of Directors for LatinoNet for three years, is a founding member of the Humboldt Harm Reduction Coalition and is a member of the Humboldt Housing and Homeless Coalition.

Our Community Health Investment Supervisor has over 20 years of experience in teaching, developing and managing trauma informed nutrition education programs for diverse populations. At the University of British Columbia, she focused her Agricultural Policy studies on seed-to-supper programs that engaged affordable and accessible local food systems. Her graduate work at Southern New Hampshire University, examined how advocacy for food insecure populations was critical to understanding where gaps to access were, and how they could be mitigated. She will use her knowledge and skills in these areas to determine best practices for reaching our hard to reach populations, as well as assist with reporting and administrative responsibilities related to the CalFresh grant activities.

CalFresh funding has been instrumental in implementing and growing CalFresh services at SJH-HC. If county funding no longer existed, the hospital would maintain the core CalFresh enrollment services in all the programs with a reduced level of education and outreach activities.

C. Other Funding Sources

C1. What other DHHS Funding does your Organization receive, please include any current contracts as well as any pending applications?

SJH-HC's Willow Creek, Rio Dell, Blue Lake, and Loleta Community Resource Centers receive DHHS funds through the Humboldt Network of Family Resource Centers CalFresh Grant Application. Each center receives on average \$50,000 per year for a total of \$200,000 annually.

C2. What other funding outside of DHHS support the proposed Activities?

Hospital operations support the proposed activities above and what is not covered through the grant contract. Other than the hospital, there are no other funds allocated to the proposed activities.

Outreach Contract Quarterly Report Form 2020-21

CalFresh Outreach partnership contracts are an opportunity for community-based organizations and the Humboldt County Department of Health & Human Services (DHHS) to work together to improve the health of our community. As part of the contract agreement, reports must be completed and submitted to track progress and activities.

Due dates: Quarterly reports are based on DHHS fiscal year quarters, regardless of when an agency's contract begins or ends. The table below shows each fiscal year quarter and the report due dates. If the total agreement amount is \$15,000 or less you are only required to submit a Final Summary Report.

Quarter	Dates Included	Date Report Due to DHHS
1	July 1 through September 30	October 31
2	October 1 through December 31	January 31
3	January 1 through March 31	April 30
4	April 1 through June 30	July 31
Final Summary Report	Based on contract term	One month after term end

Submission of reports:

All reports are sent to **both** CalFresh Outreach and the DHHS Contract Unit at the following addresses:

CalFreshOutreach@co.humboldt.ca.us

DHHS-ContractUnit@co.humboldt.ca.us

Or by mail to: Humboldt County DHHS – Social Services
Attention: Appolonia Coan, Staff Services Analyst

Eureka, CA 95501

Report Narrative:

Use the narrative section to explain the Outreach Activities your organization completed or participated in. Remember to talk about both processes and outcomes whenever possible.

Some questions to consider when completing the narrative sections of the report:

- How did the programs/services support CalFresh Outreach?
- How did you track or calculate the number of individuals your organization is reported to have reached? There is no one way to accomplish this and each agency is different.
- Did the programs/services reach the populations it was intended to reach, and were the participants satisfied?
- What were the program results, and did the program produce the intended changes? Unintended changes?
- Was the value of the outcomes achieved worth the resources invested in the program?

Frequently Asked Questions

My agency's contract start and end dates do not align with the fiscal year. How do I know what quarterly report I am on and when the report is due?

The quarterly report cycle for CalFresh Outreach contracts is set by the DHHS fiscal year regardless of when a contract begins or terminates. If you had an active contract during any of the months listed on the cycle information at the top of this form, then you complete the applicable report. Example: if your agency had one contract stop in February and a new contract start in March, your Quarter 3 report would be due April 30th and would include data from the first contract for January through February as well as data from the new contract for March. See Exhibit F – CalFresh Outreach Reporting Guidelines in your executed contract for more information.

What is a special population?

A special population is an identified sector of the population that has low enrollment in the CalFresh program. This could be folks who live rurally, students, persons aged over 65, ESL customers or any number of other groups that have barriers to program access.

How do I make sure I am not duplicating counts?

Many times people will receive multiple handouts from your agency, or you will assist multiple people in a household. If you explain how you count in the narrative section, you will be making sure your data is clear and will not need to worry about duplicating counts in error. Here is an example: if you provided an application to a family of five, this would be entered as "1" for applications provided not as "5" for each person in the home. This is because you provided one application to the household.

If I assist someone in applying for CalFresh and give them educational materials, can I count them in multiple categories on reports?

Yes. They could count in the materials distributed category and the application assisted category. The important thing to remember is that everyone tracks their numbers differently and may have different ideas about what counts in one area versus another when completing reports. Explain how your agency does it in the narrative and you will have ensured you properly reported.

Where do I put how many meals or food bags were distributed?

This section has been removed from our report tracking to align with the current focus for these agreements. You can include any important information about food distribution performed by your agency in the narrative for Section B. Positive Messaging.

My agency is reusing print media developed previously that DHHS Media already approved. Does DHHS Media need to review it again?

Please send it through again. Anything that will be distributed with CalFresh messaging needs to go through DHHS Media for approval. If it was approved in the past there might be something that needs to be updated. CalFresh recently rebranded and it is important that we use current logos and information.

My report might be late due to circumstances outside my control. What do I do?

Please email CalFreshOutreach@co.humboldt.ca.us with the reason for the delay and the expected date the report will be submitted. This allows for a record of why the delay occurred if it is ever questioned.

Report:

In your narrative, please remember to talk about both processes and outcomes when possible.

Process evaluation attempts to answer these types of questions:

- Were the programs/services of the right quality and content to support CalFresh Outreach?
- How many individuals did you help either receive or maintain CalFresh benefits?
- Did the program reach the population that it was intended to reach? Participant count in total?
- Are those who participated satisfied with the program?

Outcome evaluation focuses on answers to these types of questions:

- What were the program results and did the program produce the intended changes? Unintended changes?
- At what level were changes sought and accomplished—short term, intermediate or long term?
- How did the programs results compare in terms of effectiveness and efficiency, and was the outcome achieved worth the resources invested in the program?

- As your contract comes to an end, discuss what your organization could have done differently to better support CalFresh Outreach? If you are planning on continuing this program, how has your organization prepared to make these changes?

Frequently Asked Questions

My agency's contract end date aligns with one of the quarterly report end dates. Do I need to submit a both?

Yes. The Final Report is tied to the end date of the specific contract and must be provided. The Quarterly reports cover the months specified on that form and are due regardless of when a contract begins or ends for all months an agency had an active contract for an amount over \$15,000. This means both reports may be required at the same time if the contract termination date happens to align with quarterly reporting timeframes.

Do we need to include pictures or other documentation of our program?

It is not required that you provide additional items regarding your program. You can provide them if you would like to. Items like surveys or program pictures can be included if you wish. If you are looking to include something like program or event surveys, please summarize the information in them instead of submitting participant originals.

My agency had a small contract for \$15,000 or less, do we submit a final report?

Yes. All agencies must submit a final report summarizing their program's experience over the course of their agreement regardless of contract amount.
