STRATEGIC PLAN:

This action supports the following areas of your Board's Strategic Plan.

Area of Focus: Safe & Healthy Communities

Strategic Plan Category: 1002- Remove barriers to quality healthcare

DISCUSSION:

Pulmonary Tuberculosis (TB) is an infectious and communicable disease, dangerous to the public health. Public Health Departments are mandated by California Health and Safety Code § 121350 to maintain a program for the prevention and control of TB. California Department of Health and Human Services (CDPH) allots base funding to counties to administer the program.

CDPH also allots funding for food, shelter, incentives, and enablers to counties as a pass-through to TB patients who must be isolated and are unable to work. CDPH has allotted County of Humboldt Five Thousand Seven Hundred Sixty-Eight Dollars (\$5,768.00) in Food, Shelter, Incentives, and Enablers (FSIE) funds for the period between July 1, 2024 and June 30, 2025. This allotment is coming to your Board after the start date due to late receipt as TB allotments are recalculated and awarded by the state throughout each Fiscal Year (FY) as local TB caseloads and patient needs fluctuate.

On May 7, 2013, your Board granted authorization for the Public Health Director to sign any future TB allotments.

The TB Prevention and Control Program requests that your Board reauthorize the Public Health Director, or a designee thereof, to execute any and all subsequent amendments, and any other agreements, certifications, attestations and documents directly associated with, TB Allotments for a five-year period, retroactively July 1, 2024 through June 30, 2029, after review and approval by County Counsel, Risk Management, and the County Administrative Office.
