

## Telegraph Ridge Fire Protection District

### Attachment A: CONTIGUOUS PARCEL/REDUCED FIRE HAZARD EXEMPTION APPLICATION FORM:

**POLICY:** The Telegraph Ridge Fire Protection District has established by Resolution 2019 -009, Section 9. A: a Contiguous Parcel/Fire Hazard Exemption to allow "Parcels which are contiguous, undeveloped, held under identical ownership and can be demonstrated to contain average fuel loading below a given threshold, to be determined by the District, may, upon approval of an application of the owners thereof to the District Board, be treated as a single parcel for purposes of this special tax."

**Guidelines:** Specific policies, procedures, definitions and details of the approval process are available from the Telegraph Ridge District Secretary or at the Telegraph Ridge Volunteer Fire Department. The following definitions are provided as assistance in filling out the form.

**Definitions:**

*Contiguous:* Parcels which share a common border. They need not share a common access, although they usually would.

*Undeveloped:* No permanent structures, fuel storage, or power source (on or off grid) are allowed. Water Storage and/or transfer equipment and fencing is allowed.

*Identical Ownership:* The District Board will allow substantial latitude in determining ownership and control of contiguous parcels, as spelled out by Resolution. In the event that the owner of record of two properties is not identical, the applicant must demonstrate to the satisfaction of the District Board that they have a controlling interest in the properties claimed as contiguous. Such properties may include parcels owned by corporations, trusts, or estates.

*Fuel Loading:* The oven dry weight of fuels in a given area, measured in tons per acre.

*Maps Attached:* Suitable maps include portions of the Telegraph Ridge FPD map and/or Assessor Parcel maps.

*Proof of Deed or Title:* Suitable proofs include recent property tax bill with parcel number or copy of first page of Deed or Title.
