of Supervisors must adopt a new Reuse Plan. Until the adoption of a new plan the County cannot bill for grant expenditures.

Humboldt County CDBG Program Income is generated from the repayment of loans to qualified homeowners or businesses. CDBG funds originate with the United States Department of Housing and Urban Development and are allocated to the State of California Department of Housing and Community Development (HCD). HCD then disperses the funds as a competitive grant to City or County jurisdictions. Humboldt County has been successful in competing and receiving funds for qualified activities. After receiving grant funds the County provides loans for business development, for first time homebuyers, and for housing rehabilitation. Qualified individuals and households must earn less than 80% of area median income (AMI) and a qualified business must provide jobs for those earning less than 80% of AMI. Loans have favorable terms and payments are usually deferred. Upon repayment the funds are placed in a restricted account.

Guidelines for disbursement of CDBG PI restricted funds has recently changed. HCD now considers grant funds and PI as one source of funding, and has implemented limited guidelines for spending Program Income:

1. Open grant activity. The County currently has two open grants:
 - a. Homebuyer Program and Samoa Study
 - b. Micro-Enterprise Technical Assistance and Loans
2. Amendment to an open grant to include a qualified supplemental activity.
3. Placing funds in a Revolving Loan Fund (RLF). There are two qualified RLF accounts: Housing and Business. An RLF contains no funds to administer the fund or for portfolio maintenance.
4. Returning funds back to the State of California.

Option one is a default and funds will go to open grant activity if no action is taken. Option three is not recommended because of the loss of administrative funding that is attached to this option. Option four is also not recommended because staff believes there is a local need for this money.

Staff recommends option two because it provides for the most flexibility in spending funds locally. Based on federal regulations that require 51% of the funds to revolve, the State of California is disallowing projects for public services and studies. However, the State will consider proposals for housing, business, infrastructure or public facilities. The County currently has approximately \$164,000 in CDBG PI on hand, is guaranteed to receive another \$14,000, and may receive more over the next two years. The County is allowed to commit anticipated future funds.

In accordance with State CDBG Guidelines, County staff conducted a public hearing to solicit input on potential activities as supplemental activities. Minutes summarizing the discussions are attached (Attachment A). Based on project proposals received, staff recommends that your Board adopt the Reuse Plan Resolution (Attachment B). The CDBG PI Reuse Plan (Attachment C) proposes to use funds either on an open grant or for a supplemental activity. This allows the County to keep maximum funds and to do additional activities.

The County had interest from several entities but received only one written proposal. That proposal was from Palmer Creek Community Services District (PCCSD) (Attachment D). PCCSD proposes that the County provide a public infrastructure grant to rehabilitate the district's primary water tank which serves 151 households. This is an eligible supplemental activity, and based on an average of the two estimates received, the cost for tank rehabilitation will be approximately \$135,000. The PCCSD Water Reserve Fund, held by the County, is currently \$230,080.

Staff recommends that the Board authorize a grant of \$78,000 to the district to improve their water tanks, and adopt the CDBG Supplemental Activity Resolution: Palmer Creek Water Tank Improvement (Attachment E). Upon HCD approval, the County will sign an Agreement with the PCCSD to carry out this activity.

In addition to the PCCSD project, staff recommends the Board consider using \$100,000 of Program Income to complete an "architectural barrier removal project" at the Public Defender office as an eligible CDBG activity.

In fiscal year 2012-13 the County allocated \$60,000 in funding to retrofit the Public Defender building at 1001 Fourth Street in compliance with the Americans with Disabilities Act (ADA). The retrofit that is needed for the building includes having the disabled parking spot widened and lengthened, with sidewalk and entry points widened to the front door of the building. A low energy mechanical door operator would need to be installed and modifications to the restrooms are required. Additionally doorways need to be widened and a countertop needs to be lowered to the correct ADA compliant height. The County hired a consultant to do an initial review of the site and provide a scope of work and cost estimate for work needed to make the structure ADA compliant. The resulting estimated cost to make the entire facility ADA compliant was \$450,000 to \$600,000 which was substantially more than the \$60,000 allocated.

County staff has been working on a plan to prioritize and phase the work. Currently it is estimated that Phase 1 improvements, which include removing architectural barriers to public access into the building, are \$100,000. Staff recommends that your Board adopt a resolution approving submission of a Supplemental Activity for architectural barrier removal Public Defender Office (Attachment F).

FINANCIAL IMPACT:

Costs associated with the proposed Reuse Plan and PI projects and programs will be covered by CDBG PI funds. Costs associated with the proposed supplemental activity will also be covered by PI funds. There will no effect on General Fund.

The proposed supplemental activity is public/private partnership that improves the health and safety of water for residents in the Palmer Creek district.

OTHER AGENCY INVOLVEMENT:

County Administrative Office
Palmer Creek Community Services District

ALTERNATIVES TO STAFF RECOMMENDATIONS:

The Board could choose to set funds aside in one or two RLFs but this is not recommended because administration costs would be paid by the general fund. The Board could choose to select no supplemental activity, recognizing that funds will be spent on an open grant activity.

For supplemental activities the Board could allocate more or less to PCCSD or the architectural barrier project.

DESIGN PHASE MEETING MINUTES
JULY 28, 2014

MINUTES
JULY 28, 2014 - 1:30 PM

**CDBG GENERAL PERFORMANCE REPORT
& DESIGN PHASE PUBLIC HEARING
PROGRAM INCOME SUPPLEMENTAL ACTIVITIES**

Attendees: Kay Escarda, Mary Ella Anderson, Bill Rodstrom, Beth Matsumoto, Andrew Whitney, Katy Boham, Paula Mushrush

General Performance Reports (GPU): Mushrush explained that this is the last year we will have this report. It summarizes demographic data that gets submitted to the State of California. There was a question on what Microenterprise was and Mushrush explained it. Anderson wondered how this word got out. Mushrush explained it was through North Coast Small Business Development Center. Anderson felt like more persons would avail themselves of this if they knew about it.

Introduction: Mushrush explained that the State of California receives an annual allocation from the US Department of Housing & Urban Development (HUD) Community Development Block Grant (CDBG). The County in turn competes for CDBG grant funding from the State of California Department of Housing & Community Development (HCD). The County in turn loans funds to income qualified homeowners and businesses or to owner-investors or business owners who hire lower income persons. When the loans are repaid they become Program Income (PI) and can be used for most CDBG eligible activities.

Changes at the State level means that jurisdictions need to determine ahead of time how they wish to spend PI and request supplemental activities be added to open contract for these activities.

General Information: Mushrush handed out a general information sheet regarding CDBG eligible activities. This included national objective criteria, and federal overlays.

Funds Available - next two years:

Cash on Hand	\$163,000 (might be less than this, based on timing)
Guaranteed Repayments	\$ 14,000
Estimated One Time Payments	<u>\$123,000</u>
	\$300,000

CDBG Eligible Projects/Programs

- All Program and Project activities must meet National Objective
- Preference for Revolving Activities (CDBG also does not allow Public Services, Micro-E Technical Assistance or Planning Technical Assistance Studies to be spent on PI.)
- Open grant activities are excluded. (The County currently has Homeownership Assistance and Micro-Enterprise Loans.) This means that they are not eligible. The group stated that these are both good activities, even if the County does no supplemental activities.
- READINESS is very important. Since not all funding is in hand projects/programs chosen may not get immediate funding. So, it will be very important to pick the right mix of projects. Not picking a program/project means the funds will be spent on an open grant.

Projects/Programs Brought by attendees: Based on CDBG requirements and County open grants below are the projects/programs that will be considered. Housing Rehab is not being considered, because there is another source. But the following items were discussed.

- Housing Projects , client benefit
 - Transitional (public facility) versus Permanent Housing (housing) was discussed.
 - Housing Projects are 5+ units and address specific:
 - Housing Rehabilitation Matsumoto, Housing Humboldt may have a proposal.
 - Housing Acquisition Rodstrom, RCAA may have a proposal for transitional or permanent supportive Housing for transition age youth.
- Public Facility and Improvement (infrastructure) Projects, area or client benefit
 - Jefferson School could use funding. This is an area benefit project. It is in the City of Eureka and Mushrush suggested that Rodstrom talk to Melinda Peterson.
 - Palmer Creek has expressed interest in a water tank improvement, but they were not in attendance.
 - Arcata All-Faith has inquired about funding to acquire the house next door, but they were not in attendance.
 - Redwood Teen Challenge has inquired about funding to acquire a new facility, or rehab an existing one, but they were not in attendance.
 - The County has discussed ADA Architectural Barrier Removal in the past, but there are no specific locations being proposed.
- Business Loan or Grant to the Harbor District for environmental clean-up on a property that has been designated slums and blight. Mushrush said she would research if there needed to be job creations. *Subsequent to the meeting Mushrush researched and found out this does not need job creation.* Whitney may have a proposal for environmental clean-up on blighted property.

Deadlines:

The written proposal is due to the County by August 8, 2014. Mushrush will send all attendees and others who inquired ahead of time the proposal form.

County staff anticipates going to the Board on September 9, 2014. After approval staff will formally submit to CDBG a request to add Supplemental items to an open grant.

HANDOUT: CDBG GENERAL INFORMATION

The County of Humboldt CDBG Program is administered by the Planning & Building Department. Planning & Building Housing staff is responsible for facilitating project implementation, monitoring project activities and outcomes, and ensuring compliance with HUD requirements and regulations such as fair housing, Davis-Bacon requirements (prevailing wages), environmental reviews, affirmative action, competitive bid procedures, and fiscal and contract administration. The County is not a direct recipient of CDBG funds but applies through the State of California. As such the County is funded under the State of California Five year Consolidation Plan identifying priorities for CDBG & other HUD funds through 2017. The consolidated plan outlines eligible activities and funding requirements.

Planning and Building Housing staff is responsible for conducting an information public hearing for the general public. At this meeting details on amount of funding, State priorities, timeline, and other information will be provided. As specified in the State Consolidated Plan funds are allocated for the following activities:

- **Economic Development**
Enterprise Fund

Business Financial Assistance for business expansion or retention projects that create or retain jobs for low income persons; Micro-Enterprise Technical Assistance and/or loans for low income owners who have less than five employees.

Over the Counter

State staff underwrites large business loans. Funds may be used for offsite infrastructure, purchase of real property, new construction or rehabilitation of existing buildings, onsite improvements, tenant commercial improvements, furniture fixtures and equipment, operating costs and inventory.

- **Community Development**

Housing

Rehabilitation: CDBG funds are often used to make low or no-interest loans to grants to low- and moderate-income families to rehabilitate homes in substandard condition. CDBG projects focus on bringing housing up to basic code standards by addressing structural deficiencies, improving electrical systems, addressing issues related to asbestos and lead-based paint, and energy conservation.

Homeownership: CDBG funds can also be used to expand homeownership opportunities for low- and moderate-income persons and families.

Housing Project: Multi-Family Rehabilitation with or without acquisition.

Housing Project: Acquisition of Real Property for Multi-Family Housing Projects.

Public Facilities & Public Improvements

CDBG public facility and public improvement projects may consist of one or more activities to resolve a community development need associated with reconstruction or substantial renovation of an existing public facility or infrastructure system, or to construct a new public facility or infrastructure system. Activities must be designed to meet a national objective of the CDBG Program.

Public facility and public improvement activities can also help general-purpose local governments to up-grade, construct or rehabilitate facilities designed for use predominately by person of low- or moderate-income, such as senior citizen centers, Head Start centers, health centers, fire stations, water and sewer systems, or curbs, gutters and street lights. Activities may also include direct assistance to low- or moderate-income families to pay assessments. These projects should be discussed with County staff and ultimately the State prior to undertaking.

Construction of transitional (temporary) or short-term housing is eligible under the public facilities category. These include homeless shelters, shelters or centers for abused or runaway youth and victims of domestic violence.

Architectural barrier removal of a facility used by the general public in a qualified census tract or serving limited clientele is eligible.

Public Services

CDBG regulations allow the use of grant funds for a wide range of public service activities, including, but not limited to: employment services, crime prevention and public safety, childcare, health services, fair housing counseling, education programs, energy conservation, services for senior citizens, services for homeless persons, and recreational services.

- **Code Enforcement**

Code enforcement is a stand-alone eligible activity in a low income census tract. It is eligible only in deteriorating or deteriorated areas where such enforcement, together

with public or private improvements, rehabilitation, or services to be provided, may be expected to arrest the decline of the area. Code enforcement cannot pay the costs of correcting code violations.

- **Planning and Technical Assistance (PTA)**

CDBG plays a unique role in offering planning grants to California's non-entitlement communities. These grants assist local governments in a wide variety of long-term planning-related activities, including but not limited to preparing or updating community needs assessments, capital improvement plans, housing studies, and preliminary architectural or engineering plans related to public facilities and housing.

- **Native American & Colonia Set Asides**

CDBG sets funds aside for these areas.

Projects must meet National Objective of Serving Lower Income (80% of Area Median Income)

- Area Benefit: Lower income census tract
- Client Benefit: Available to a lower income resident

Federal Regulation Overlays Apply

- **Environmental** – An applicant cannot have made "choice limiting actions", ie: tear down a structure in anticipation of funding.
- **Procurement** – An applicant must have an open process, which means you cannot hire someone to help you write the proposal and then use them for the activity.
- **Labor Standards** – Prevailing wages must be used if you are doing Construction, except with Owner-Occupied Rehab.
- **Equal Opportunity and Fair Housing** – Your program/project must be open to all regardless of race, religion, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, political affiliation, sex, age, sexual orientation or other arbitrary factor.
- **Relocation** – If the project you are proposing has current residents they must be given notice of a project, prior to applying for these funds.
- **Other** –Conflict of Interest, LB paint, ADA, Reporting, Record Retention Etc.

COMMUNITY DEVELOPMENT BLOCK GRANT
PROGRAM INCOME
REUSE PLAN

**COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM
(CDBG)
PROGRAM INCOME (PI) REUSE AGREEMENT**

Execution of the this PI Reuse Agreement by both the Jurisdiction and the California, State Department of Housing and Community Development (Department) provides official notification of the Department's approval for the Jurisdiction to expend PI funds under the State's administration of the federal Community Development Block Grant Program (CDBG) for (1) state non-entitlement jurisdictions; and (2) former state non-entitlement jurisdictions that are now entitlement jurisdictions; pursuant to the provisions of 42 U.S. Code (U.S.C.) 5301 et seq., 24 Code of Federal Regulations (CFR) Part 570, Subpart I, and 25 California Code of Regulations (CCR), Sections 7050 et seq. CDBG funding is listed in the Catalog of Federal Domestic Assistance as 14.228 - CDBG Community Development Block Grant Program. The Agreement also includes asset repayments from activities administered under DRI contracts.

By completing this PI Reuse Agreement and signing the end of this document, the Authorized Representative certifies the Jurisdiction has read, understands and will adhere to the Program Income (PI) Reuse Overview and Process discussed in the first section of this document, the Jurisdictional Certifications in the second section of this document, and Department of Housing and Community Development (hereinafter Department) terms and conditions in the third section of this document.

SECTION ONE: OVERVIEW AND PROCESS

JURISDICTION: County of Humboldt

GOVERNING BODY ADOPTED ON: September 23, 2014

This PI Reuse Agreement establishes policies and procedures for the administration and utilization of PI received as a direct result of eligible activities funded under CDBG and DRI contracts with the Department. *For payments generated under DRI contracts, while the funding was loaned under DRI, when a payment is received, per DRI regulation, the payment becomes CDBG program income.*

Applicability of this Agreement:

This PI Reuse Agreement between the Jurisdiction and Department is required by CDBG federal regulation. This Agreement allows Jurisdictions receiving repayments from CDBG and DRI assets to spend those PI funds in the absence of an active Department CDBG grant contract. This Agreement applies to all current Department-eligible Non-Entitlement Jurisdictions and HUD Entitlement Jurisdictions that are still receiving Non-Entitlement PI revenue from previous State grants (CDBG and/or DRI).

RECEIPT OF PROGRAM INCOME

Pursuant to the definition of program income found at 24 CFR 570.489(e)(2), repayments of assets generated from use of CDBG funds received by the Jurisdiction from the Department are PI. These repayments of loans, lease payments, and proceeds of asset sales will be deposited into one of three separate local PI accounts depending on what activity generated the PI. It is possible that the Jurisdiction may have up to three separate accounts with which to manage PI.

1. If the Jurisdiction has a Department approved Revolving Loan Fund (RLF) for Housing and/or ED, any PI from Housing or ED activities must be deposited into the RLF associated with the activity that generated the PI.

This means:

- a. Housing PI must be deposited into the Housing RLF.
- b. ED PI must be deposited into the ED RLF.

Note: *The accounts for each RLF must be separate accounts, however they both must be interest bearing.*

2. If RLF(s) are not approved for use, the Jurisdiction must deposit all CDBG repayments into a single regular PI account which must be separate from either of the RLF accounts, but it must also be interest bearing.
3. If repayment comes from a loan or asset that was originally paid with CDBG and non-CDBG funds, the PI accounting and reporting must reflect the correct amounts and proportions of CDBG PI and non-CDBG funds invested in the asset. Only the CDBG portion of the repayment is deposited into one of the three PI accounts.

OVERVIEW OF WAYS TO USE PROGRAM INCOME

There are five (5) ways to manage PI under the Agreement.

They are:

1. *Expend PI and RLF monies first on active grant contract activities;*
2. *Expend PI General Administration (PI GA) for GA Activities (up to allowable limits)*
3. *Expend through an approved PI Revolving Loan Fund (RLF)*
4. *Expend PI on an approved waiver activity when no active contract is in force;*
5. *Return PI annually to the Department.*

The undersigned Jurisdiction certifies that PI will be expended first when there is an active grant contract with the Department. PI being received when there is no active grant contract will be deposited into separate accounts for approved activities under this Agreement (via GA, PI Waiver or RLF) and only be distributed and expended, as follows:

1. **Expend PI and RLF Monies First on Active Grant Contract Activities:**

If the undersigned Jurisdiction has an active grant contract with the Department, all PI on hand must be expended on open grant activities, prior to requesting grant funds from the Department.

If the undersigned Jurisdiction has a Department approved PI Revolving Loan Fund (RLF) per this Agreement, and has an active grant contract which includes the same eligible CDBG activity as the RLF, the RLF monies must be expended first before requesting any contract funds from the Department. PI must always be expended first on active contract activities, prior to requesting grant contract funds.

See the Chapter on Program Income and Revolving Loan Funds in the Department's CDBG Grant Management Manual for additional information regarding use of PI to pay costs for activities under an active grant contract in the Department.

2. Expend PI General Administration (PI GA) for GA Activities (up to allowable limits)

The undersigned Jurisdiction must track a calculation of up to seventeen percent (17%) of PI received annually for eligible GA costs. However, the seventeen percent (17%) PI GA only applies to PI received that is **not** generated by a RLF activity.

Since all PI must be expended first, GA funds cannot be held and used only as PI GA costs are incurred. All PI must be spent on the next funds request submitted. Thus, the Jurisdiction can choose to keep an accounting of the total amount of PI GA available for use based on all regular PI received.

PI GA funds cannot be used for planning studies or technical assistance activities, these activities can only be funded under awarded grant contracts. See the Program Income Chapter for further details on eligible PI GA activities under this Agreement.

3. Expend PI through an approved PI Revolving Loan Fund (RLF):

To establish one or both of the RLFs discussed below, the undersigned Jurisdiction must submit formal written request for Department approval using the required process included with this Agreement.

The undersigned Jurisdiction agrees to all the Department's RLF requirements as stated in this Agreement and detailed in the GMM Chapter.

The two RLFs and their corresponding definitions, as permitted by this agreement, are:

1) **Housing Revolving Loan Fund (RLF)**

Eligible housing activities under this RLF include:

- I. Housing Rehabilitation - Single Unit Residence program for **owner and/or tenant occupied** properties. Matrix code **14A**.
- II. Housing Rehabilitation - 2-4 Units program for **tenant occupied** properties. Matrix code **14B**.
- III. Housing Acquisition - Single Family program for homebuyer assistance. Matrix code **13**.

2) **Economic Development (ED) Revolving Loan Funds (RLF)**

Eligible ED activities under this RLF include:

- i. Business Assistance program (direct financial assistance to a for-profit business). Matrix code **18A**; and
- ii. Microenterprise Financial Assistance (loans). Matrix code **18C**.

The undersigned Jurisdiction will provide program guidelines for all eligible RLF activities as part of the approval process when obtaining Department approval of a RLF. Department written approval must be received before incurring any activity or activity delivery costs associated with implementing any activities under the approved RLF. All approved RLF projects, will be required to be reported to the Department via the applicable CDBG Set-up/Completion reports.

4. **Expend PI on an Approved PI Waiver Activity when no active contract is in force.**

The undersigned Jurisdiction may only utilize the Department's PI Waiver process when it has no active grant contracts with the Department. Once there are no active contracts with the Department, the undersigned Jurisdiction can have up to two active eligible CDBG activities approved by the Department, for which PI may be expended. Waivers will consist of a single program, service or single project activity. If it is a single program activity, it cannot be the same program activity as funded under an approved RLF.

The undersigned Jurisdiction will follow all PI Waiver procedural requirements as stated in the Program Income Chapter of the Grant Management Manual (GMM).

Written Department approval is required before expending any PI funds on a Waiver activity. Each Waiver activity must clear the activity General and any Special Conditions which include federal overlays as posted on Department's webpage.

A PI Waiver project can only be approved if the total project / program cost for

the proposed activity is on hand in the Jurisdiction's PI account. Future PI may not be committed for PI Waivers.

The undersigned Jurisdiction understands that PI Waiver activities are limited to two active projects, services and/or programs, and will remain active until close out has been completed and approved by the Department. Each approved Waiver activity will be set up with the Department using current Set-Up Report.

The undersigned Jurisdiction understands if they receive a subsequent award of CDBG funds, upon execution of the new grant contract all waiver activities are to be completed first, after which, PI must be expended first on the active grant contract activities. PI Waivers will not be included in the grant, because Supplemental activities will be included in contracts.

5. Return PI to the Department

The undersigned Jurisdiction has the option to return PI back to the Department. However, semi-annual and annual reports are still required to confirm PI being returned.

**Intentionally left blank,
please continue to the next page.**

SECTION TWO: CERTIFICATION FOR PROCESS AND USE OF PROGRAM INCOME

Since CDBG is a federal funding source, Citizen Participation is required when utilizing any of the five (5) ways to use PI listed above. Those requirements are incorporated below.

The **County of Humboldt** certifies that:

1. **Resolution:**

The PI Reuse Agreement was formally adopted via resolution on **September 23, 2014** by the Jurisdiction's Governing Body, executed by the Authorized Representative and submitted to Department with certified copy of the approving resolution attached for full execution.

2. **Citizen Participation:**

Each of the processes discussed in this Agreement will be carried out in compliance with the CDBG Citizen Participation process as specified in federal regulations at 24 CFR 570.486, and Jurisdiction's public hearing requirements.

3. **Governing Compliance:**

The undersigned Jurisdiction certifies the administration of all CDBG eligible activities conducted under the above described Ways to Spend PI, will be conducted in compliance with all current State and federal regulations and policies, including all applicable Grant Management Manual (GMM) chapters and Department Management Memos.

4. **Ineligible Activities and Costs:**

The undersigned Jurisdiction acknowledges that if ineligible activities or costs are paid for with CDBG PI, those funds must be returned to the Jurisdiction's PI or RLF account (whichever account expended ineligible funds) using local Jurisdiction funds.

The undersigned Jurisdiction acknowledges that ineligible activities or costs paid for with PI under an active grant contract must be repaid to the Department using local non-federal funds.

5. **Jurisdictions Leaving the State Non-Entitlement Program and
Jurisdictions Entering the State Non-Entitlement Program:**

The undersigned Jurisdiction certifies that it will follow these procedures when leaving or entering the State CDBG Program:

A. 24 CFR 570.489(e)(3)(iii) Transfer of program income to Entitlement program.

Jurisdictions that are entitlement communities or part of an urban agreement, or grantees that at a later date become an entitlement community or join a urban agreement, have the following options for PI and RLFs:

PI not associated with a RLF, the jurisdiction must:

- 1) Complete the process to certify they will be reporting the State PI into the Entitlement Programs process, including receipting the CDBG proceeds into IDIS, or,
- 2) Return all State CDBG Program Income to the Department, the amounts on hand once the HUD agreement is signed and as it is received until all PI generated by State CDBG funding has been returned.

PI in an approved RLF:

Entitlement jurisdictions and those who are part of an urban agreement may keep their RLF(s) and monies within an RLF as long as the following is met:

- 1) They have a State Reuse Plan (Agreement) signed by the Department and the City/County Authorized Representative.
- 2) Agree to operate the RLF under the Department's RLF rules going forward
- 3) Report all expenditure, and accounting of RLF(s) as required by the Department.
- 4) The Jurisdiction shall be required to have loan servicing policies and asset management policies and procedures, pursuant to the Department's Grant Management Manual Chapter on Asset and Real Property Management

B. 24 CFR 570.489(e)(3) (iv) Transfer of program income of grantees losing Entitlement status.

Upon entry into the State CDBG program, a unit of general local

a letter to the department, signed by the Authorized Representative stating which of the following options the jurisdiction will be implementing. Keep in mind, that retaining Entitlement PI while participating in the State CDBG program will require PI reporting for both sets of funding. Entitlement PI and any PI generated by State CDBG fund cannot be comingled.

Within 90 days of leaving the Entitlement Program to join the State CDBG program, the jurisdiction must certify that it will either:

- 1) Retain program income generated under Entitlement grants and continue to comply with Entitlement program requirements for program income, including reporting it into IDIS or the urban county; or
- 2) Retain the program income and transfer it to the State CDBG program, in which case the jurisdiction must comply with the State's rules for PI and RLF address within this Memo, the Reuse Plan and Chapter 14 of the Grant Management Memo.

6. Requirements of Program Income

This PI Reuse Agreement is intended to satisfy the requirements specified in federal statute and regulation at Section 104(j) of the Housing and Community Development Act ("the Act"), as amended in 1992 and 24 CFR 570.489(e) and (f). These statutory and regulatory sections permit a unit of local government to retain PI for CDBG-eligible activities, with Department approval. Under federal guidelines adopted by the State of California's CDBG Program, local governments are permitted to retain PI as long as the local government has received advance approval from the State of a local Agreement that will govern the expenditure of the PI. This Agreement has been developed to meet that requirement when an active contract between the Department and the undersigned Jurisdiction is not in force.

The undersigned Jurisdiction certifies their PI will be used to fund eligible CDBG activities that meet a National Objective and any public benefit requirements. Eligible activities, National Objective and public benefit requirements are specified in Federal Statute at Sections 104(b), 105(a) of The Housing and Community Development Act of 1974, and in Federal Regulations at 24 CFR 570.482 and 24 CFR 570.483. The Jurisdiction understands, if it is determined that an activity/project funded with PI that does not meet a National Objective and/or meet the public benefit requirement, the Jurisdiction will be required to use its own local funds to repay the PI Account.

7. Definition of Program Income

"Program Income" means gross income earned by the Jurisdiction from grant-funded activities and is subject to CDBG regulatory requirements pursuant to

in the CDBG Final Rule, 24 CFR, Part 570.504 - Program Income, 24 CFR Part 85 – Administrative Requirements for Grants and Cooperative Agreements to State, Local and Federally Recognized Indian Tribal Governments, and OMB Circulars A-87 and A-122 as applicable. These regulations include the requirement that the Jurisdiction record the receipt and expenditure of PI as part of the financial transactions of the grant activity(ies).

For activities generating PI that are only partially funded with CDBG funds, such income is prorated to reflect the actual percentage of CDBG participation. Examples of PI include but are not limited to: payments of principal and interest on housing rehabilitation or business loans made using CDBG funds; interest earned on PI pending its disposition; interest earned on funds that have been placed in a revolving loan account; net proceeds from the disposition by sale or long-term lease of real property purchased or improved with CDBG funds; and, income (net of costs that are incidental to the generation of the income) from the use or rental of real property that has been acquired, constructed or improved with CDBG funds and that is owned (in whole or in part) by the participating Jurisdiction or Sub-recipient.

8. Fiscal Reporting of Program Income Receipts, Deposits and Disbursements

The undersigned Jurisdiction certifies that CDBG PI will be accounted for using the Department's fiscal year timeframe (July 1 to June 30). All receipts of PI or RLF revenue (and the depositing of those funds into separate account(s)) and expenditures of PI in accordance with this PI Reuse Agreement will be monitored and reported per the Department's fiscal year cycle. The undersigned Jurisdiction certifies that they will report using the Department's reports/forms and will submit them in a timely manner.

9. Duration of This Program Income Reuse Agreement

The undersigned Jurisdiction certifies that it and its Governing Body understand that this document is effective for five (5) years from the execution date by the authorized CDBG Representative listed in this Agreement. At that time unless here are no further CDBG PI assets generating repayments, or the Jurisdiction has become a HUD entitlement Jurisdiction and uses these funds for entitlement activities, a new PI Reuse Agreement will be submitted to the Department. The Department has the Authority to void the Agreement with notice for cause.

10. Program Income General Administration (PI GA)

- A. After the PI Reuse Agreement is executed, the Jurisdiction reserves the right to calculate and track up to seventeen percent (17%) of PI received pursuant to Section 1, item 2 above, for payment of eligible PI GA costs. PI GA will not

be calculated for any RLF deposits. PI GA funds will not be used until General Conditions for PI GA are cleared and Departmental written approval is received. As noted above, these funds cannot be set aside since all PI must be expended first on whatever CDBG cost must be paid next, however tracking the amount of PI GA generated by the Jurisdiction's PI revenue permits the Jurisdiction to use that amount on eligible CDBG costs that don't have to meet a national objective, and ensures the Department is not exceeding the administrative funding cap of twenty percent (20%), as set by federal statute.

- B. If more funds are expended than what is available under PI GA calculation, the Jurisdiction will be required to return the over-expended PI GA amount back into their PI Account.
- C. Ineligible PI GA costs will be required to be returned to their PI Account.
- D. PI GA funds, once approved for use, may be used to pay for costs associated with receiving Department approval of PI activities funded under this agreement. Before submitting any proposed PI activities (Waivers or RLF) for Department approval, the Jurisdiction must hold at least one formal public hearing to discuss eligible activities and proposed PI activities. Department recommends that this public hearing be conducted to review current fiscal year PI activities and proposed and possible activities for future Department applications.

11. Revolving Loan Funds (RLFs)

- A. Pursuant to the criteria noted below, the undersigned Jurisdiction may be eligible to apply for the Housing RLF and/or the ED RLF.
- B. RLFs listed under the Agreement will only be utilized after the Jurisdiction submits written certification as well as the required guideline documents, and receives written Departmental approval certifying that the proposed RLF meets the Department's definition as follows:
 - 1) There are existing loans and assets from past RLF eligible activities that can be reasonable expected to generate repayments.
 - 2) The existing loans and assets have generated at least one loan repayment in the current fiscal year.
- C. The two RLFs and their respective CDBG eligible activities listed in this Agreement will be administered under the guidance and requirements provided in this Agreement and in the Department's current GMM Chapter on Program Income, and any subsequent policy, regulation, or statutory guidance, from the Department.
- D. Pursuant to Management Memorandum 14-05, the undersigned Jurisdiction

certifies acknowledgement that the Department reserves the right to cancel the grantee's RLF and require the funds to be returned to the Department as a corrective action for significant, ongoing non-compliance with RLF rules.

- E. The two (2) RLFs listed below each have a multiple eligible CDBG program activities. All CDBG rules pertaining to eligible RLF program activities will be followed.

1) Housing Revolving Loan Fund

There are three (3) housing programs that must be made available under this RLF. The Jurisdiction will get written Department approval for all three programs as part of Housing RLF approval.

Eligible housing activities under this RLF include:

- i. Housing Rehabilitation - Single Unit Residence program for owner and/or tenant occupied properties. Matrix code **14A**.
- ii. Housing Rehabilitation - 2-4 Units program for owner and/or tenant occupied properties. Matrix code **14B**.
- iii. Housing Acquisition - Single Family program for homebuyer assistance. Matrix code **13**.

2) Economic Development (ED) Revolving Loan Funds (RLF)

Eligible ED activities under this RLF include:

- i. Business Assistance program (direct financial assistance to a for-profit business). Matrix code **18A**; and
- ii. Microenterprise Financial Assistance. Matrix code **18C**.

- F. Each approved RLF will offer all eligible activities under the RLF definition.
- G. Separate and formally adopted program guidelines for each eligible activity will be provided to the Department as part of General Conditions for all eligible RLF activities when obtaining Department approval of a RLF.
- H. The undersigned Jurisdiction acknowledges that although all eligible activities under each approved RLF must be available, the Jurisdiction has the discretion to fund RLF loans for the activity or activities they deem to address the greatest need in their community.
- I. RLF receipts on deposit may be used for one or both single family housing program activities. Although both activities are required to be approved by the Department for use under the RLF, the Jurisdiction may choose to only operate one program at time or both simultaneously.
- J. In addition, each approved RLF will meet the following criteria:

- 1) RLFs will operate on a fiscal year of July 1 to June 30 for accounting and performance reporting.
- 2) Jurisdictions will set up RLFs as separate accounts (Housing and ED RLF accounts must be separate) with separate fund and transaction numbers. All other CDBG funds received as PI must be accounted for in a separate account.
- 3) All accounts set up pursuant to 2.G.2 will be interest bearing.
- 4) RLF monies will be expended first when the same RLF activity is funded under an awarded active grant contract.
- 5) RLF projects may be funded with both RLF monies and an active grant contract.
- 6) RLFs will be expended primarily on loans since RLFs must revolve. Thus, activities under an active contract that are funded using only grants rather than loans, will use contract funds not RLF monies to pay for the activity. Microenterprise grants, home repair grants and closing cost grants, that do not have loans associated with them, will not become RLF assets and therefore will not require RLF funds to be spent first on the active grant activities.
- 7) The RLFs will primarily provide financing instruments that will revolve, (i.e. loans), RLFs cannot fund projects primarily or solely with grants or forgivable loans.
- 8) RLF receipts from loans or assets generated from the same program activity, (i.e. single family housing rehabilitation loan repayments will only be deposited into a Housing RLF). Thus, repayments from the same program activities that go into an RLF must be used for originating loans for the same program activities.
- 9) RLF PI balances will not be moved to another approved RLF account or to the Jurisdiction's regular PI account. The Department may use a state or federal disaster declaration to formally allow for re-purposing of PI funds by the Jurisdiction. Funds approved by the Department for re-purposing to meet an urgent need are considered PI and must be expended first under active grant contracts or under approved waivers if there is no active contract.
- 10) RLFs that become depleted of funds and do not have additional asset repayments to sustain revolving activities, such that no longer meeting the Departments RLF definition, will be canceled by the Department.
- 11) RLF PI received and deposited is not allowable for PI GA expenses thus, seventeen percent (17%) cannot be set aside as with Jurisdictions with separate PI accounts.
- 12) RLFs with no annual revolving activities, (i.e. approved loans), are not able to be used by the Jurisdiction for reimbursement of non-revolving

costs therefore, activity delivery (AD) costs are not eligible. **AD costs are only eligible if one or more projects are funded and accomplishment data (i.e. beneficiaries), for those activity(ies), on an annual basis, are reported.**

- 13) RLF projects must be documented as meeting a national objective. If a project does not meet a national objective, then all expenses associated with the project (activity and activity delivery funds) must be repaid to the RLF with non-federal funds.
- 14) Given that RLF revenue cannot be “banked”, to remain eligible, a RLF must revolve. To meet the definition of revolving, the undersigned Jurisdiction will not have more than \$100,000 on deposit in an RLF within a fiscal year without making at least one loan. Nor will the undersigned Jurisdiction have more than \$500,000 on hand even if making loans, each fiscal year.
- 15) The undersigned Jurisdiction certifies they are aware that the Department will address excess funds and revolving compliance by issuing finding letters to the grantee which could result in the Department cancelling the grantee’s RLF, which immediately converts the funds to PI; and, therefore, must be used prior to drawing down grant funds.
- 16) RLF activity delivery funds (AD) may be used to pay for loan servicing costs.
- 17) Citizens of the Jurisdiction must be the primary beneficiaries of all RLF program activities.
- 18) Financial and performance reporting, on RLF projects will be done using current eligible activity set up, performance and completion reports for National Objective data and beneficiary demographics as HUD required accomplishment information.
- 19) Additional financial reports for RLF PI deposits and expenditures will be done twice a year using the Department’s current PI fiscal reporting forms.
- 20) The Jurisdiction will be required to repay the RLF account for ineligible costs or activities with local non-federal funds.
- 21) RLF programs will meet the CDBG National Objective of benefit to Low/Moderate-income (Low/Mod) households. per 24 CFR Part 5, and in accordance with the Department’s Income Manual.
- 22) Loan servicing costs under the RLFs are not eligible as PI GA costs but are eligible AD costs. As such, loan servicing costs are only eligible if one or more loans are made fiscally.

K. Activity Specific Requirements:

1) **Housing RLF:**

- a. All Housing Rehabilitation and Homeownership Assistance programs will only fund projects that meet a National Objective and comply with other State and federal requirements, including Department Management Memorandums and GMM Chapters on Housing Rehabilitation, Multi-Family Rehabilitation (2-4 units), and Homeownership Assistance.
- b. No more than nineteen percent (19%) of funds expended for **Housing Rehabilitation** in the RLF will be used for AD costs on an annual fiscal basis.
- c. No more than eight percent (8%) of funds expended in a fiscal year for **Homeownership Assistance** will be used to reimburse eligible AD costs.
- d. AD costs are not eligible until one loan is approved, closed and project beneficiary information is submitted.
- e. Projects cannot be solely funded as a grant.

2) **ED RLF:**

- a. Both ED programs will only fund projects that meet a National Objective and comply with other State and federal requirements, including Department Management Memorandums and GMM Chapters on Microenterprise and BA program.
- b. Income eligibility must be met per 24 CFR Part 5 and in accordance with the Department's Income Manual.
- c. No more than 15 percent (15%) of the total funds expended for **BA or Microenterprise financial assistance** activities shall be used to reimburse Jurisdiction for eligible activity delivery (AD) costs on an annual fiscal basis.
- d. Annual AD costs are not eligible until one loan is approved, closed and project beneficiary information is submitted.
- e. For **Business Assistance (BA)**, local review and underwriting of business assistance projects requesting a CDBG loan under this RLF shall be conducted under the Business Assistance Program Guidelines that have been adopted by the Governing Body of the undersigned Jurisdiction and approved in writing by the Department, as part of RLF approval.
- f. For **Microenterprise Assistance (ME)** The CDBG eligible activity

of direct financial assistance to eligible Microenterprise businesses will be conducted under this RLF. Local review and approval of microenterprise business assistance projects requesting a CDBG loan under this RLF shall be conducted under the Microenterprise Financial Assistance Program Guidelines that have been adopted by the Governing Body of the undersigned Jurisdiction and approved in writing by the Department as part of the General Conditions clearance. **Note:** *this subsection applies to ME loans only, not ME grants. Financial Assistance that is solely a grant cannot be made through an RLF.*

12. Loan Portfolio and Asset Management Policies and Costs

- A. The undersigned Jurisdiction certifies that it has asset management policies and loan portfolio servicing policies that are in compliance with HUD standards per 24 CFR Part 570, OMB Circulars A-87, A-122 A-133, and 24 CFR Part 85.
- B. The use of CDBG funds creates public financial assets. The public financial assets created can be in the form of loans or other repayment instruments which result in PI. Financial assets may also be in the form of real property or chattel (equipment and fixtures). All assets created from the use of CDBG funds must be administered in compliance with OMB Circulars A-87, A-122 A-133, 24 CFR Part 85. These policies will be used for managing all CDBG assets, including those which generate PI and RLF PI.
- C. General Administration PI funds may be used to reimburse the Jurisdiction for loan servicing and asset management costs. If the Jurisdiction has no PI GA available, GA funds from active grant contracts may be used to pay for eligible loan servicing costs.

13. Program Income Waivers

- A. The PI Waiver Submission Process will only be conducted when the undersigned Jurisdiction has no active grant contract(s) with the Department.
- B. The process below will be followed if a PI Waiver is to be requested:
 - 1) All PI Waiver requests will be submitted on approved Departmental forms for the Department's written approval.
 - 2) After the Department's review of the activity for eligibility and national objective compliance, the PI Waiver will be formally adopted via public hearing and resolution of the Jurisdiction's Governing Body, as part of the PI Waiver General (and Special Conditions if applicable) Clearance process.
 - 3) Expenditure of PI Waiver funds will not commence until clearance of all

required General and Special Conditions have been met, and written Departmental approval has been issued to the Jurisdiction.

- 4) Possible Waiver activities will be discussed at a properly noticed public hearing, held in front of the Jurisdiction's Governing Body, prior to submission of a Certified Resolution as part of a PI Waiver Request to the Department.
 - 5) The PI Waiver request must be submitted in accordance with current Department policy, and any subsequent policy, regulation, or statutory guidance.
 - 6) PI Waiver activity reporting will be submitted per current Departmental policies and includes financial accounting of all PI received and expended, including PI Waivers and PI Waiver activity performance.
 - 7) PI Waiver activities must be fully funded with program income already on hand.
 - 8) Only two (2) PI Waivers may be open and active at any one time.
 - 9) RLF funds will not be used for PI Waivers, since RLF monies must be expended on the activity that generated the payments.
 - 10) PI Waivers will not be approved for the same program activities for approved RLFs.
- C. PI GA and PI Waiver financial and performance reporting will be done using current eligible activity set up and completion reports which will collect national objective data and beneficiary demographics for HUD required accomplishment information.
- D. Additional financial reports for PI GA, PI Waivers, PI deposits and expenditures will be done semi-annually using the Department's current PI fiscal reporting forms.
- E. Ineligible costs will be required to be repaid to the PI Account. In some cases with ongoing significant compliance issues, the Department reserves the right to require the jurisdiction return all PI to the Department until it is satisfied that the jurisdiction has resolved all compliance issues.

14. Program Income Not Associated with an RLF

- A. Provided the undersigned Jurisdiction has made the Department aware at the beginning of the fiscal year they intend to exercise the \$35,000 rule, PI which is received annually that has a cumulative amount up to \$35,000 (RLF receipts are not included in the \$35,000 calculation) may be "re-categorized" as non-CDBG funds. In electing to exercise the \$35,000 rule, the Jurisdiction agrees not to expend CDBG revenue until either the fiscal year ends or the amount received goes above \$35,000, at which point the jurisdiction must consider the revenue as CDBG PI and must use it, first prior to drawing CDBG contract funds.

- B. The undersigned Jurisdiction certifies that it acknowledges if it has PI on hand and has not applied for or been awarded CDBG funds with the past three NOFAs, the Jurisdiction will be required to submit a PI Expenditure Plan for its PI on hand. The plan must be submitted via the CDBG PI Waiver process. If the Jurisdiction does not initiate the request, the Department will send the Jurisdiction a letter requiring submission of the plan within a set time frame. If the Jurisdiction does not respond to the Department's letter, the Jurisdiction will be required to return all PI on hand to the Department, regardless of the amount of PI.

If findings are not adequately resolved in a timely manner, the Department may deduct points from the Jurisdiction's performance score on future applications.

Additionally, the Department reserve the right to suspend a Jurisdiction's authority to expend PI (Waiver, RLF and/or PI attached to an open grant) based on significant compliance issues, reporting concerns or serious lack of cooperation in clearing PI monitoring findings.

11. Signs

If the Jurisdiction places signs stating that the Department is providing financing, it shall indicate in a typeface and size commensurate with the Department's

funding portion of the project that the Department is a source of financing through the CDBG Program.

12. Audit/Retention and Inspection of Records

- A. The Jurisdiction must have intact, auditable fiscal records at all times. If the Jurisdiction is found to have missing audit reports from the SCO during the term of this Agreement, the Jurisdiction will be required to submit a Agreement to the State, with task deadlines, for submitting the audit to the SCO. If the deadlines are not met, the Jurisdiction will be subject to termination of this Agreement and disencumbrance of the funds awarded. The Jurisdiction's audit completion Agreement is subject to prior review and approval by the Department.

- F. Notwithstanding the foregoing, the Department will not reimburse the Jurisdiction for any audit cost incurred after the expenditure deadline of this Agreement.

- G. The Jurisdiction understands that the expenditure of PI is covered under the OMB A-133 Single Audit Requirements and will meet all these requirements and report said PI Expenditure along with grant funds each fiscal year.

13. Conflict of Interest of Members, Officers, or Employees of Contractors, Members of Local Governing Body, or other Public Officials

Pursuant to 24 CFR 570.611, no member, officer, or employee of the Jurisdiction, or its designees or agents, no member of the Governing Body of the locality in which the program is situated, and no other public official of such locality or localities who exercise or have exercised any functions or responsibilities with respect to CDBG activities assisted under this part, or who are in a position to participate in a decision-making process or gain inside information with regard to such activities, may obtain a financial interest or benefit from a CDBG-assisted activity, or have a financial interest in any contract, subcontract or agreement with respect to a CDBG-assisted activity or its proceeds, either for themselves or those with whom they have business or immediate family ties, during their tenure or for one (1) year thereafter. The Jurisdiction shall incorporate, or cause to be incorporated, in all such contracts or subcontracts a provision prohibiting such interest pursuant to the purposes of this Section.

14. Waivers

No waiver of any breach of this Agreement shall be held to be a waiver of any prior or subsequent breach. The failure of the Department to enforce at any time the provisions of this Agreement or to require at any time performance by the Jurisdiction of these provisions shall in no way be construed to be a waiver of such provisions nor to affect the validity of this Agreement or the right of the Department to enforce these provisions.

15. Litigation

- A. If any provision of this Agreement, or an underlying obligation, is held invalid by a court of competent Jurisdiction, such invalidity, at the sole discretion of the Department, shall not affect any other provisions of this Agreement and the remainder of this Agreement shall remain in full force and effect. Therefore, the provisions of this Agreement are, and shall be, deemed severable.
- B. The Jurisdiction shall notify the Department immediately of any claim or action undertaken by or against it which affects or may affect this Agreement or the Department, and shall take such action with respect to the claim or action as is consistent with the terms of this Agreement and the interests of the Department.

16. Lead-Based Paint Hazards

Activity(ies) performed with assistance provided under this Agreement are subject to lead-based paint hazard regulations contained in Title 8 (Industrial Relations) and Title 17 (Public Health) of the CCR and 24 CFR, Part 35 (Lead Disclosure). Any grants or loans made by the Jurisdiction with assistance provided under this Agreement shall be made subject to the provisions for the elimination or mitigation of lead-based paint hazards under these Regulations. The Jurisdiction shall be responsible for the notifications, inspections, and clearance certifications required under these Regulations.

17. Prevailing Wages

- A. Where funds provided through this Agreement are used for construction work, or in support of construction work, the Jurisdiction shall ensure that the requirements of California Labor Code (LC), Chapter 1, commencing with Section 1720, Part 7 (pertaining to the payment of prevailing wages and administered by the California Department of Industrial Relations) are met.
- B. For the purposes of this requirement "construction work" includes, but is not limited to rehabilitation, alteration, demolition, installation or repair done under contract and paid for, in whole or in part, through this Agreement. All construction work shall be done through the use of a written contract with a properly licensed building contractor incorporating these requirements (the "construction contract").
