Project Title: Rohnerville Airport (FOT) Runway 11/29 Rehabilitation

Project Location - Specific: Rohnerville Airport – Fortuna, CA

GPS Coordinates: Latitude 40.5538

Longitude -124.1324

### Description of Nature, Purpose, and Beneficiaries of Project:

The County of Humboldt operates the Rohnerville Airport by and through it's Department of Aviation. The existing runway 11/29 pavement is beyond its useful life. This project pulverizes the existing pavement and adds 3" of new asphalt to make a new runway surface. All airport users would benefit from this project, as this will provide a safe landing and departing surface, along with new markings.

Name of Public Agency Approving Project: Humboldt County Board of Supervisors

Name of Person or Agency Carrying Out Project: Humboldt County-Department of Aviation

Exempt Status: Categorical Exemption: Section(s): 15301

Type: Existing Facilities

### Reason why project is exempt:

This project replaces an existing, non-functioning structure. The construction would occur only within areas currently utilized by aircraft for landing, taxing, and departing, and would not expand the footprint of the runway, taxiways, or apron, nor include a vertical addition to the existing facilities.
