

## ATTACHMENT D

### CONDITIONS OF APPROVAL

Approval of the Lot Line Adjustment is conditioned on the following terms and requirements which must be satisfied before completion of the lot line adjustment.

1. A Notice of Lot Line Adjustment shall be recorded for each resultant parcel. The following information must be submitted to the Planning Department for review prior to recordation:
  - a. A copy of the existing deeds and the deeds to be recorded for the adjusted parcels. If the property is not changing ownership, only the existing deeds are required.
  - b. A Preliminary Title Report regarding ownership of parcels involved. The title report documents must be current at time of submittal. Depending on the date of the report preparation, updating may be necessary.
  - c. A completed "Notice of Lot Line Adjustment and Certificate of Compliance" form for each parcel.
  - d. Document review fees as set forth in the schedule of fees and charges as adopted by ordinance of the Humboldt County Board of Supervisors (currently \$409 per notice plus \$289 for each additional legal description, plus applicable recordation fees).
2. When the parcels being adjusted are not held in common ownership, copies of the executed deeds (signed but not recorded) prepared by a qualified individual must be submitted for review by the Planning and Public Works Departments.
3. A map revision fee as set forth in the schedule of fees and charges as adopted by ordinance of the Humboldt County Board of Supervisors (currently \$75 per parcel) as required by the County Assessor shall be paid to the County Planning and Building Department, 3015 "H" Street, Eureka. The check shall be made payable to the "County of Humboldt". The fee is required to cover the Assessor's cost in updating the parcel boundaries.
4. The applicant shall comply with the provisions of Section 321-14 of the Humboldt County Code concerning reapportionment or payment of special assessments.
5. **Applicant shall provide documentation from the County of Humboldt Tax Collector that all property taxes for the parcels involved in the Lot Line Adjustment have been paid in full if payable, or secured if not yet payable, to the satisfaction of the County Tax Collector's Office. Please contact the Tax Collector's Office approximately three to four weeks prior to filing the Notices of Lot Line Adjustment (NOLLAs) to satisfy this condition.**

Note: The purpose of this condition is to avoid possible title consequences in the event of a tax default and sale affecting the owner's real property interest. If property is acquired as a

result of a Lot Line Adjustment and said property has delinquent taxes, the property cannot be combined for tax purposes. This means, that the owner will receive two or more tax bills, and penalties and interest will continue to accrue against the land which has delinquent taxes. If five or more years have elapsed since the taxes on the subject property were declared in default, such property will be sold by the County Tax Collector for non-payment of delinquent taxes unless the amount required to redeem the property is paid before sale. Property combined by lot line adjustment but “divided” by tax sale will require separate demonstration of subdivision compliance of all resultant parcels prior to the County’s issuance of a building permit or other grant of authority to develop the subject properties.

### **Informational Notes**

1. A Record of Survey as outlined in the Business and Professions Code of the State of California may be required pursuant to Section 8762 of the Land Surveyors Act which states in part, a Record of Survey shall be filed upon "...the establishment of one or more points or lines not shown on any subdivision map, official map, or record of survey..."
2. Approval of this Lot Line Adjustment does not guarantee that developable parcels will result. Final approval for any development will depend on demonstration of conformance with site suitability requirements in effect at the time development is proposed.
3. To reduce costs the applicant is encouraged to bring in written evidence of compliance with all of the items listed as conditions of approval in this Exhibit that are administered by the Planning Division (Namely: items 1-5) as a package at least four (4) weeks before the desired date for recordation. Post application assistance by the Planner on Duty, or by the Assigned Planner, with prior appointment will be subject to a Special Services Fee for planning services billed at the County's current burdened hourly rate. There is no charge for the first post project approval meeting. Please contact the Planning Division at (707) 445-7541 for copies of all required forms and written instructions.
4. This permit shall expire and become null and void at the expiration of three (3) years after all appeal periods have lapsed (see “Effective Date”). This approval may be extended in accordance with the Humboldt County Code.
5. The subject property is located in the State Responsibility Area (SRA) and is subject to the County’s Fire Safe Regulations (FSR) as set forth in County Code. Development of the subject property must comply with the FSR. The Department is involved with ensuring that roads meet minimum FSR. The most common issues with roads not conforming to FSR are: the maximum length of dead-end road is exceeded; the width of road is not wide enough; the grade of the road is too steep; and curve radii are too small. Development of the subject property may require extensive on-site and off-site road improvements in order to meet minimum standards.

The applicant should be advised that approval of the Lot Line Adjustment does not imply that the FSR have been met or can be met.

6. If cultural resources are encountered during construction activities, the contractor on site shall cease all work in the immediate area and within a 50-foot buffer of the discovery location. A qualified archaeologist as well as the appropriate Tribal Historic Preservation Officer(s) are to be contacted to evaluate the discovery and, in consultation with the applicant and lead agency, develop a treatment plan in any instance where significant impacts cannot be avoided.

The Native American Heritage Commission (NAHC) can provide information regarding the appropriate Tribal point(s) of contact for a specific area; the NAHC can be reached at (916) 653-4082. Prehistoric materials may include obsidian or chert flakes, tools, locally darkened midden soils, groundstone artifacts, shellfish or faunal remains and human burials. If human remains are found, California Health and Safety Code 7050.5 requires that the County Coroner be contacted immediately at (707) 445-7242. If the Coroner determines the remains to be Native American, the NAHC will then be contacted by the Coroner to determine appropriate treatment of the remains pursuant to 5097.98. Violators shall be prosecuted in accordance with PRC Section 5097.99.

**The applicant is responsible for ensuring compliance with this condition.**
