Re: Eureka Police Department Support for City of Eureka's HEAP Program Application

The Eureka Police Department is pleased to support the City of Eureka's application for Homeless Emergency Aid Program (HEAP) funding in support of a project to expand UPLIFT Eureka. This project will enable the city to serve more members of the homeless community by providing a platform for them to succeed in their path to finding permanent housing.

The Eureka Police Department has worked closely with the Community Services Department for years, and we've enjoyed great success in serving the homeless community together through programs like Pathway to Payday, Shop with a Cop, EPD Ride-along community podcast, and most recently, UPLIFT Eureka.

As a department that directly interfaces with the homeless population on a daily basis, EPD is increasingly supporting and partnering with the UPLIFT Eureka program. This includes having an UPLIFT Eureka staff member ride-along with our Community Safety Enhancement (CSET) and Mobile Intervention & Services (MIST) teams to directly connect homeless individuals with the program. EPD will also continue to strategically partner with the Community Services Department in our on-going efforts to help the homeless community.

Eureka Community Services and Community Access Project for Eureka (C.A.P.E.) will lead UPLIFT Eureka's programming elements in utilizing the facility for its intended purposes. We look forward to working with Eureka Community Services with the shared goal of assisting our community's less fortunate out of homelessness and into stable, supportive permanent housing.

Sincerely,

Stephen Watson
