I am writing on the concerns of the drag queen shows.

While I find it, in my opinion, odd people should have the right to exercise themselves as long as it doesn't infringe on other people's boundaries, age appropriate and as long as it is held at appropriate sites.

What is NOT acceptable is allowing children to these events. They have it hard enough in these trying times let alone be confused by being told they can "be whomever they want". This shouldn't mean literally whomever or whatever they want. What next, they can be a giraffe? This is beyond comprehension.

There are no longer family morals or values or self control anymore.

Children are protected under trafficking and prostitution rings so don't start breaking that down now.

We, as concerned parents, Grandparents and guardians will not stop until all children are protected against these heinous acts.

It starts with me.

Sincerely

Rhonda Ehrhardt

Signed an angry grandpa and father of humboldt!

Dear board of supervisors These drag queen Shows for children are unacceptable. They involve way too much over sexualized content. Some of the people that sponsor and support these drag shows include the sisters of perpetual indulgence that's a wonderful. That's group openly worship satan These are the people fighting so hard to be around children. Children of all ages. Then they try to play the victim card by saying people are spreading hate against them. Nobody is spreading any hate against them. They are not the victim, the children are. They are not the victim, the children or. Nobody would say a word About the Drag Shows if they would just leave the children out of it. They were offered to have their show without children being Involved and they refused. This really exposes their agenda which is to normalize drag shows for young children. Then when they don't get their way they claim people are using hate speech against them for Trying to protect children of this community. They have no proof that anybody is bothering them in any way Or form. However However, pastor Bramwell has proof of threats I think it would be a wise decision to look at what's going on with these drag shows. Nobody that's fighting against the for children have any problem with the LBGT community and nobody is hating on Them or trying to cause any of them harm In any way shape Or form We just want them to quit victimizing Children. And borderline illegal it's child abuse
