- B. Schedule of Rates. The specific rates and costs applicable to this Agreement are set forth in Exhibit C – Project Budget.
- C. Additional Services. Any additional services not otherwise provided for herein shall not be provided by CONSULTANT, or compensated by COUNTY, without COUNTY's prior written authorization. 13. NUCLEAR-FREE HUMBOLDT COUNTY ORDINANCE COMPLIANCE:

By executing this Agreement, CONSULTANT certifies that it is not a Nuclear Weapons Contractor, in that CONSULTANT is not knowingly or intentionally engaged in the research, development, production or testing of nuclear warheads, nuclear weapons systems or nuclear weapons components as defined by the Nuclear-Free Humboldt County Ordinance. CONSULTANT agrees to notify COUNTY immediately if it becomes a Nuclear Weapons Contractor as defined above. COUNTY may immediately terminate this Agreement if it determines that the foregoing certification is false or if CONSULTANT subsequently becomes a Nuclear Weapons Contractor.

14. DRUG-FREE WORKPLACE CERTIFICATION:

By executing this Agreement, CONSULTANT certifies that it will provide a drug-free workplace in accordance with the requirements of the Drug-Free Workplace Act of 1990 (California Government Code Sections 8350, *et seq.*), by doing all of the following:

- A. Drug-Free Policy Statement. Publish, as required by California Government Code Section 8355(a)(1), a Drug-Free Policy Statement which notifies employees that the unlawful manufacture, distribution, dispensation, possession or use of a controlled substance is prohibited, and specifies the actions to be taken against employees for violations.
- B. Drug-Free Awareness Program. Establish, as required by California Government Code Section 8355(a)(2), a Drug-Free Awareness Program which informs employees about:
 - 1. The dangers of drug abuse in the workplace;
 - 2. CONSULTANT’s policy of maintaining a drug-free workplace;
 - 3. Any available counseling, rehabilitation and employee assistance programs; and
 - 4. Penalties that may be imposed upon employees for drug abuse violations.
- C. Drug-Free Employment Agreement. Ensure, as required by California Government Code Section 8355(a)(3), that every employee who provides services pursuant to the terms and conditions of this Agreement will:
 - 1. Receive a copy of CONSULTANT’s Drug-Free Policy Statement; and
 - 2. Agree to abide by CONSULTANT’s Drug-Free Policy as a condition of employment.
- D. Effect of Non-Compliance. Failure to comply with the requirements set forth herein may result in termination of this Agreement and/or ineligibility for award of future contracts.

15. INDEMNIFICATION:

- A. Hold Harmless, Defense and Indemnification. To the fullest extent permitted by law, and in accordance with California Civil Code Section 2782.8, if applicable, CONSULTANT shall hold harmless, defend and indemnify COUNTY and its agents, officers, officials, employees and volunteers from and against any and all claims, demands, losses, damages, liabilities, expenses and costs of any kind or nature, including, without limitation, attorney's fees and other costs of litigation, arising out of, or in connection with, CONSULTANT's negligent performance of, or failure to comply with, any of the duties and/or obligations contained herein, except such loss or damage which was caused by the sole negligence or willful misconduct of COUNTY.
- B. Effect of Insurance. Acceptance of the insurance required by this Agreement shall not relieve CONSULTANT from liability under this provision. This provision shall apply to all claims for damages related to CONSULTANT's performance hereunder regardless of whether any insurance is applicable or not. The insurance policy limits set forth herein shall not act as a limitation upon the amount of indemnification or defense to be provided hereunder.

16. INSURANCE REQUIREMENTS:

This Agreement shall not be executed by COUNTY, and CONSULTANT is not entitled to any rights hereunder, unless certificates of insurance, or other proof that the following provisions have been complied with, are filed with the Clerk of the Humboldt County Board of Supervisors.

- A. General Insurance Requirements. Without limiting CONSULTANT's indemnification obligations set forth herein, CONSULTANT, and its subcontractors hereunder, shall take out and maintain, throughout the entire term of this Agreement, and any extensions thereof, the following policies of insurance, placed with insurers authorized to do business in the State of California with a current A.M. Bests rating of no less than A: VII or its equivalent against personal injury, death and property damage which may arise from, or in connection with, the activities of CONSULTANT and its agents, officers, directors, employees, licensees, invitees, assignees or subcontractors:
 - 1. Comprehensive or Commercial General Liability Insurance at least as broad as Insurance Services Office Commercial General Liability Coverage (occurrence form CG 0001), in an amount of Two Million Dollars (\$2,000,000.00) per occurrence for any one (1) incident, including, without limitation, personal injury, death and property damage. If a general aggregate limit is used, such limit shall apply separately hereto or shall be twice the required occurrence limit.
 - 2. Automobile/Motor Liability Insurance with a limit of liability not less than One Million Dollars (\$1,000,000.00) combined single limit coverage. Such insurance shall include coverage of all owned, hired and non-owned vehicles, and be at least as broad as Insurance Service Offices Form Code 1 (any auto).
 - 3. Workers' Compensation Insurance, as required by the California Labor Code, with statutory limits, and Employers Liability Insurance with a limit of no less than One Million Dollars (\$1,000,000.00) per accident for bodily injury or disease. Said policy shall contain, or be endorsed to contain, a waiver of subrogation against COUNTY and its agents, officers, officials, employees and volunteers.
 - 4. Professional Liability Insurance – Error and Omission Coverage including coverage in an

amount no less than Two Million Dollars (\$2,000,000.00) for each occurrence (Four Million Dollars (\$4,000,000.00) general aggregate). Said insurance shall be maintained for the statutory period during which CONSULTANT may be exposed to liability regarding the services provided pursuant to the terms and conditions of this Agreement. CONSULTANT shall require that such coverage be incorporated into its professional services agreements with any other entities.

B. Special Insurance Requirements. Said policies shall, unless otherwise specified herein, be endorsed with the following provisions:

1. The Comprehensive or Commercial General Liability Policy shall provide that COUNTY, and its agents, officers, officials, employees and volunteers, are covered as additional insured for liability arising out of the operations performed by, or on behalf of, CONSULTANT. Such coverage shall contain no special limitations on the scope of protection afforded to COUNTY or its agents, officers, officials, employees and volunteers. Said policy shall also contain a provision stating that such coverage:
 - a. Includes contractual liability.
 - b. Does not contain exclusions as to property damage caused by explosion or collapse of structures or underground damage, commonly referred to as "XCU Hazards."
 - c. Is the primary insurance with regard to COUNTY.
 - d. Does not contain a pro-rata, excess only and/or escape clause.
 - e. Contains a cross liability, severability of interest or separation of insureds clause.
2. The above-referenced policies shall not be canceled, non-renewed or materially reduced in coverage without thirty (30) days prior written notice being provided to COUNTY in accordance with the notice requirements set forth herein. It is further understood that CONSULTANT shall not terminate such coverage until COUNTY receives adequate proof that equal or better insurance has been secured.
3. The inclusion of more than one (1) insured shall not operate to impair the rights of one (1) insured against another insured, and the coverage afforded shall apply as though separate policies had been issued to each insured, but the inclusion of more than one (1) insured shall not operate to increase the limits of the insurer's liability.
4. For claims related to this Agreement, CONSULTANT's insurance is the primary coverage to COUNTY, and any insurance or self-insurance programs maintained thereby are excess to CONSULTANT's insurance and will not be used to contribute therewith.
5. Any failure to comply with the terms and conditions of this Agreement shall not affect the coverage provided to COUNTY or its agents, officers, officials, employees and volunteers.
6. CONSULTANT shall furnish COUNTY with certificates and original endorsements effecting the required coverage prior to execution of this Agreement. The endorsements shall be on forms approved by the Humboldt County Risk Manager. Any deductible or self-insured retention over One Hundred Thousand Dollars (\$100,000.00) shall be disclosed to, and approved by, COUNTY. If CONSULTANT does not keep all required policies in

full force and effect, COUNTY may, in addition to any other available remedies, take out the necessary insurance and deduct the cost of said insurance from the monies owed to CONSULTANT under this Agreement.

7. COUNTY is to be notified immediately if twenty-five percent (25%) or more of any required insurance aggregate limit is encumbered, and CONSULTANT shall be required to purchase additional coverage to meet the above-referenced aggregate limits.
- C. Insurance Notices. Any and all insurance notices required to be given pursuant to the terms and conditions of this Agreement shall be sent to the addresses set forth below in accordance with the notice requirements contained herein.

24. WAIVER OF DEFAULT:

The waiver by either party of any breach of this Agreement shall not be deemed to be a waiver of any such breach in the future, or of the breach of any other requirement of this Agreement. In no event shall any payment by COUNTY constitute a waiver of any breach of this Agreement which may then exist on the part of CONSULTANT. Nor shall such payment impair or prejudice any remedy available to COUNTY with respect to the breach or default. COUNTY shall have the right to demand repayment of, and CONSULTANT shall promptly refund, any funds disbursed hereunder which COUNTY determines were not expended in accordance with the terms and conditions of this Agreement.

Geosyntec Consultants, Inc.
For Fiscal Years 2024-2025 and 2025-2026

Task 1: Semiannual Groundwater Sampling

CONSULTANT will complete the field work, laboratory analysis, and reporting needed for semiannual monitoring during the term of the Agreement. An encroachment permit will be acquired from the City of Eureka prior to the monitoring event. Geosyntec proposes to subcontract with Confluence Environmental to provide field sampling support to conduct this work. Prior to sampling, water levels will be gauged in all 22 Site wells to the nearest 100th of a foot. Samples will then be collected from 15 of the 22 wells using low flow sampling techniques, consistent with the Monitoring and Reporting Program (MRP). All samples will be shipped under proper chain-of-custody in coolers filled with ice to a California-certified laboratory for chlorinated volatile organic compound analysis by United States Environmental Protection Agency (USEPA) Method 8260B.

Upon receipt of the laboratory analytical results, Geosyntec will prepare the semi-annual groundwater monitoring reports consistent with the requirements of the MRP. A draft report will be provided to the County and any comments will be incorporated into the final report, which will be submitted to the North Coast Regional Water Quality Control Board (NCRWQCB) and uploaded to the State's Geotracker Database.

Task 2: Technical Assistance in Communications with North Coast Regional Water Quality Control Board

CONSULTANT will support COUNTY in communications with the NCRWQCB regarding the status of the project and next steps. CONSULTANT will participate in telephone calls and video-conference meetings and communicate via e-mail as appropriate. Approximately two to three video-conference meetings is anticipated through the term of the Agreement. CONSULTANT may be asked to make presentations regarding site data, conceptual model, and data gaps during video-conference meetings.

Task 3: Remediation Strategy Support

CONSULTANT will support COUNTY with developing a remediation strategy for the Site, which may include the following considerations:

- Potential acquisition of real property by the County.
- Potential removal of buildings.
- Potential redevelopment activities.
- Assessment of human health risks.
- Assessment of grant funding sources, eligibility, and allowable costs.
- Assessment of interim measures.
- Remediation approaches and drawbacks and benefits with and without County property acquisition and with and without removal of buildings.
- Tradeoffs between initial costs and long-term operation and maintenance costs.

Task 4a: 903 4th Street Site Investigation

CONSULTANT will complete the site investigation activities described in the October 20, 2023 memorandum prepared by Geosyntec and approved by the NCRWQCB in a letter dated January 8, 2024. The scope of work will include advancing seven (7) 40-foot borings along 4th Street (Highway 101), J Street, and Pioneer Alley. Up to four grab groundwater samples will be collected in each boring location for analysis of VOCs by USEPA method 8260B. CONSULTANT will acquire all necessary soil boring permits and will coordinate and work with the COUNTY to obtain an encroachment permit from Caltrans for a lane closure of Highway 101 to facilitate sampling activities. Samples will be submitted to analytical laboratory.

CONSULTANT will review analytical data from site investigation activities and prepare data tables and figures. A report will be prepared documenting the field activities conducted, results from the investigation and conclusion and recommendations. The draft report will be provided to the COUNTY for review and comment prior to submittal to the NCRWQCB.

Task 4b: Supplemental Site Investigation

If access is provided by the Owner of 903 4th Street, CONSULTANT will conduct supplemental site investigation activities inside the building. The supplemental scope of work will include advancement of three soil borings inside the building for collection of soil and groundwater or soil vapor samples, depending on the depth of groundwater during the investigation activities. Up to five (5) soil samples will be collected per boring and up on one grab groundwater sample or one soil vapor sample will be collected per boring. In addition, CONSULTANT will collect three sub-slab soil vapor samples inside the building. Samples will be submitted to analytical laboratory. CONSULTANT will acquire all necessary soil boring permits. Data and analysis will be incorporated into the report prepared for Task 4a.

Task 5: Remediation Design Investigation

CONSULTANT will prepare a work plan for pre-design investigation activities to assess the feasibility of remediation alternatives and collect information to inform the remediation design. The work plan will include collection of soil, soil vapor, and groundwater samples at approximately ten locations. CONSULTANT will implement the work plan and perform the associated data analysis. CONSULTANT will use the acquired information to prepare a technical memorandum documenting the results and findings.

Task 6: Grant Funding Support

CONSULTANT will collect information regarding SCAP, ECRG, and other funding sources and consult with representatives of grant programs as appropriate. As directed by and in coordination with COUNTY, CONSULTANT will prepare scope of work and/or other supporting documents for grant funding applications. CONSULTANT will support submission of grant application(s) by COUNTY and development of responses to requests for information from grant programs.

Task 7: Remedial Action Plan

CONSULTANT will prepare a Remedial Action Plan which will include, but not be limited to, the following elements:

1. Summary of conceptual site model and risk assessment.
2. Development of remedial action objectives.
3. Development and analysis of alternative remediation alternatives, including:

- a) Excavation and site disposal
 - b) In-situ remediation (chemical or biological)
 - c) Groundwater extraction treatment
 - d) Soil vapor extraction or building mitigation
4. Proposed remediation approach (may include a combination of remediation alternatives).
 5. Next steps.

CONSULTANT will support communications with NCRWQCB including preparing responses to comments. CONSULTANT will support public engagement and, upon request, provide briefings to COUNTY management and/or Board of Supervisors. CONSULTANT will prepare an administrative draft, review draft, and final version of the Remedial Action Plan.

Task 8: Remedial Design Implementation Plan

CONSULTANT will prepare a remedial design implementation plan (RDIP) based on the results and selected alternative from the Remedial Action Plan described under Task 7. It will include a summary of the site conditions, including the current environmental status, extent contamination, and potential human health risks. It will also outline the remedial objectives, specifying the goals and desired outcomes of the remediation efforts. The RDIP will include details related to implementation including the basis of design, required permits and regulatory approvals required for the project. Pre-field activities will cover site preparation, logistical planning, and health and safety considerations. Construction requirements will specify the materials, labor, and equipment needed for the remediation process. The plan will detail the management of waste, outlining procedures for handling and disposing of contaminated materials safely, and construction quality assurance measures to ensure the remediation work meets all standards and specifications. It will also include design plans and specifications. Additionally, the plan will summarize any required long-term operation, maintenance, monitoring, and reporting requirements, specifying the ongoing activities needed to ensure the effectiveness and compliance of the remediation system. The draft will be provided to the COUNTY for review and approval prior to submittal to the NCRWQCB.
