

9/13/23

Hi, ATT Steven Lazar

This is in regard to "Patient 2 Patient Inc. (PLN-12426-CUP)", APN

214-142-012. We live at 405

Wood Ranch Rd. and the above parcel has a right of way

through our parcel. The nature of this road will be impaired by this kind of business. Just

these last days the road has been torn up by the machinery

that has been brought on the ranch. Who fixes this? Does

a "right of way" give someone the right to degrade the road

and bring in more traffic to do business? This type of

commerce only degrades our

- 2 -

way of life. I'm not sure
a right of way gives a parcel
the legal right to do business.
I hope that this permit is
denied.

Thank you
