

Public Safety Power Shutoff (PSPS) Funding

Eligible Use of Funds:

- Equipment, such as generators , fuel storage and other backup energy sources for essential facilities that are critical to communities' function during these interruptions.
- One-time costs associated with identifying and equipping resource centers for the public to access during electric disruptions.
- Backup emergency communications equipment, such as battery-powered radios.
- Public education materials or supplies focused on individual/family preparedness for electric (PSPS) disruptions.
- Development/update of contingency plans for electrical disruptions that include considerations such as protecting individuals with access and functional needs, medical baseline and socially vulnerable populations, emergency public information, and preservation of essential functions.
- Development/update of government Continuity of Operations plans.
- Risk assessments for critical infrastructure and lifelines.
- Post-event reports that identify lessons learned to inform continual improvements.

What is not Eligible:

- Response costs associated with electric disruption events, including Emergency Operations Center staffing, security, law/fire response, other overtime charges, etc.
