

COUNTY OF HUMBOLDT

AGENDA ITEM NO.
I-1

For the meeting of: January 24, 2017

Date: December 22, 2016
To: Board of Supervisors
From: Clerk of the Board
Subject: Measure Z Citizens' Advisory Committee Appointments

RECOMMENDATION(S):

That the Board of Supervisors:

1. Receive notification of two (2) At Large vacancies on the Measure Z Citizens' Advisory Committee;
2. Consider the process and/or the appointment of the two (2) At Large seats on the Measure Z Citizens' Advisory Committee;
3. Reappoint Brian Anderson as the Fire Chief's Association representative;
4. Reappoint Ginger Campbell, as the District 3 representative; and
5. Appoint a District 5 representative to fill the remaining term of Helen Edwards.

SOURCE OF FUNDING: General Fund

DISCUSSION: On January 20, 2017, the two At Large seats currently held by Lora Canzoneri and Adam Jager on the Measure Z Citizens' Advisory Committee expired. In addition, the Fire Chief's Association representative seat currently held by Brian Anderson, and the District 3 Representative seat currently held by Ginger Campbell expired on January 20, 2017 as well. District 5 representative Helen Edward's term expires on January 20, 2019. However, she has left the area and has resigned her position on the Measure Z Citizens' Advisory Committee.

The Fire Chief's Association is recommending the reappointment of Brian Anderson and 3rd District Supervisor Mike Wilson is recommending the reappointment of Ginger Campbell. The 5th District seat is currently vacant due to the resignation of Helen Edwards. At Large seats were occupied by Lora Canzoneri

DATE TO SUPERVISOR _____ DATE APPROVED _____ NOT APPROVED _____

My prior board of directors' experience spans a 35 year period. I have listed a few, but not all, of my volunteer endeavors.

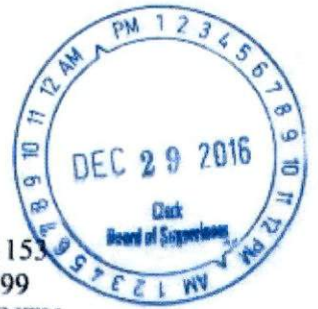

- Served for two years on the Measure Z oversight committee from 2014-2016
- Currently a member of the Arcata Transition and Use Tax Oversight Committee (Measure G) 9 years and will serve another three years
- President of the Arcata Downtown Main Street Program 4 years
- President of the North Coast Employers Advisory Council (a branch of the EDD) 10 years
- Board Member of the Public Health Care Advocate Senior Advisory Board 25 years
- HC Humane Society Board member / Personnel Committee Chair 3 years
- United Way budget allocations committee 1 year
- Original member of the Advisory Transportation Committee (pre-public transportation) 2 years

I also had an advisory board for my position as the western US Area Supervisor (4 state area) for the 33 year job I held with the national AARP Foundation.

I am now familiar with the county budget, know how to read budget materials and to decipher costs, request, debits, etc. This committee evaluates the needs of all public safety departments and agencies that are eligible to receive this money, and I am able to understand budget requests and prioritize needs and make reasonable recommendations.

I am interested in continuing to serve on the Citizens' Advisory Committee on Measure Z Expenditures. I am passionate about public safety and am interested in seeing that the desires of the citizens who voted on this measure are well represented. I have been a volunteer with the Arcata Police Department for eight years, fundraising in order to acquire and maintain our three K9s. I also have helped establish and maintain 29 successful current (and growing) Neighborhood Watch Programs in Arcata. By invitation of the Sheriff, I have helped to build and establish NWP's with Trinidad and Blue Lake, their contracted cities as well as, spearheading NW programs in 31 other county locations. There is now an established Business Watch in McKinleyville, Willow Creek and Trinidad. I helped with the fundraising efforts to purchase Ella, one of the Eureka PD K9's and the same for Maggie the drug dog. I worked with Fortuna Police to help raise funds to keep Zorro when he was still with us and on duty.

I volunteer about 25-30 hours per week in law enforcement projects, and have an ear to the ground on what the public wants, what they are hoping for with the Measure Z monies, and feel I have a voice to bring to the table as we evaluate the needs of all of the public safety departments.

1) WHAT IS YOUR FAMILIARITY WITH PUBLIC AGENCY BUDGETING?

I have participated in the preparation of the Redway Fire Protection District budget for the last fourteen years. This budget is prepared working in conjunction with our elected board of directors and submitted to the county on an annual basis. Additionally, I have participated as my current position on the Measure Z Citizens Oversight Committee for the last two budget cycles.

2) DESCRIBE YOUR EXPERIENCE WITH COUNTY GOVERNMENT.

I have recently retired after nearly 29 years working for the State of California. In my position with the State, I worked very closely with various county governments from the Bay Area north to Humboldt County. In addition, I have been a member of the Redway Fire Protection District as a volunteer since 1992. This is a state and county recognized special district that receives tax funding.

3) WHY ARE YOU INTERESTED IN SERVING ON THE CITIZENS' ADVISORY COMMITTEE ON MEASURE Z EXPENDITURES?

As a member of the local fire service, I have an expressed interest in assisting our local fire service in receiving critical funding necessary for our basic operations. The citizens were very direct in their approval of Measure Z and its funding for fire protection within Humboldt County. As a member of a small fire service provider, I am keenly aware of the financial challenges facing our local volunteer fire services. In my first term representing the fire services here in Humboldt County, I found a great deal of satisfaction in assisting with the procurement of funding that has brought our level of public safety to a more acceptable level. I wish to continue this service and have the full support of the Humboldt County Fire Chief's Association.

1. What is your familiarity with public agency budgeting?

I have read and worked with public agency budgets from several perspectives. As a journalist at the Times-Standard, I regularly read through city and county budget documents and spoke with local financial directors to better understand the meaning of the numbers. I attended every budget meeting for the city of Eureka in 2012-2013 to continue my coverage, and I have attended county budget discussions as well over the years.

During my time at KCHO, an NPR station out of Chico State, I participated in budget discussions with staff. I have also spoken with many local public agency directors over the years on the topic of budgets as a freelance writer and journalist. My professional experience is in the private sector primarily, where I have managed and abided by budgets I established.

2. Describe your experience with county government.

I have attended several meetings including for the supervisors and planning department to give public comment and encourage others to submit public comment on matters that affect them. I also reach out to my supervisors with questions and information when I find it prudent to do so. I'm happy to say I've also visited the county offices for more personal affairs such as getting a marriage license and filing a DBA for my writing company.

3. Why are you interested in serving on the Citizens' Advisory Committee on Measure Z Expenditures?

Public Safety is paramount in Humboldt County and there are a myriad of ways to approach the problems we are facing. I want to serve the county by helping the advisory board sift through applications and select the projects that will have the most significant impact on our community. Humboldt County is the only place I want to be, and I would be honored to be a part of this advisory committee.

As former Chairmen of the Hoopa Valley Tribe, I have overseen a five million dollar budget annually and worked with twenty five independent departments budgets. I am familiar with procurement process for assisting with securing tribal funding through collaboration within six tribal departments for annual Consolidated Tribal Assistance Solicitation (CTAS). Tribal Police have been successful in securing funds for hiring, equipment and training for the past few years.

I have worked effectively with the county on bringing law enforcement to the Hoopa Valley Reservation with collaboration of Cross Deputization agreements and working with the county to secure adequate ambulance services funding. I have cultural knowledge of families and people in the community throughout both reservations.

I feel I can bring some much needed knowledge and service to the board with my experience of working in the outlying areas of the Hoopa Valley and Yurok Tribal reservations. We have a great need for services in both of these rural areas that still lack electricity, phone and internet services. We are also in need of adequate fire and law enforcement availability in these areas.

WHAT IS YOUR FAMILIARITY WITH PUBLIC AGENCY BUDGETING?

I worked for the County of Humboldt from 1972 to 2006 in five different departments. My responsibilities included preparation and monitoring of the department's or division's budget, including presenting it at the public hearing before the Board of Supervisors.

Also, I am a Past President of the California Clerk of the Board of Supervisors Association. Prior to serving as President, I also served as Treasurer, which required knowledge and experience with public agency budgeting.

DESCRIBE YOUR EXPERIENCE WITH COUNTY GOVERNMENT

I worked for the County of Humboldt from 1972 to 2006 in five different departments.

1972	Humboldt County Office of Education (a County department at that time)
1973-1976	Humboldt County Department of Health and Human Services
1976-1980	North Coast Unified Air Quality Management District (a County department at that time)
1980-1986	Humboldt County Planning and Building Department
1987-2006	Humboldt County Board of Supervisors—Clerk of the Board Division
1987-present	Commissioner on the Humboldt County Housing Authority (served as Chair for over ten years)
2015-present	At-Large Member of the <i>Citizens' Advisory Committee on Measure Z Expenditures</i>

WHY ARE YOU INTERESTED IN SERVING ON THE CITIZENS' ADVISORY COMMITTEE ON MEASURE Z EXPENDITURES?

I am grateful for the long career that Humboldt County provided me. I wish to show that gratitude by "giving back." I supported *Measure Z* when it was brought before the voters. I would like to show my strong support by continuing to serve on this committee.

Serving on the committee has been both rewarding and humbling. I take the role of the committee very seriously. I study very carefully every application for funding that is submitted.

I am happy to volunteer in any capacity where needed to support the continuation of *Measure Z* when its initial five years sunset.

Thank you for considering my application for reappointment.

Citizens' Advisory Committee on Measure Z Expenditures

1. Many years ago when my boys were young I coached Little League Teams and then managed Senior League teams as my boys got older and since I was involved with the League I also served on the Board of Directors. I was equipment manager for several years and helped in other areas on the board as well. This all took place in Cloverdale CA.
 - I served on the Board of Directors for the Chico Running Club in the early "2000s". I was the Publicity Agent for the Chico Running Club and also set up the race tracks for every race we put on in the community.
 - When I was in College at the California State University of Chico I served on the Board for the Engineers Club and then later (after I changed my major) on the Board for the Nutrition Club.
2. Working for the County here in Environmental Health I work out in the field mostly and partially in the office. I do not work directly with the budget although we are all responsible for our time and indirectly to keep costs down.
 - During the "80s" and "90s" I worked in the Geothermal field as a diesel mechanic. I was in charge of the maintenance and repair of all the equipment in the field and at the power plant. I had a budget each year and had to adhere to it closely. I always stayed within my budget and was able to keep all of the equipment in good repair.
3. I am interested in serving on the Citizens' Advisory committee on Measure Z Expenditures because I feel that it is important that the taxpayer's money be spent responsibly and the way the taxpayers wish it be spent. This is something I am very passionate about and I would like to help make sure that the taxpayer's hard earned money is not misappropriated. Lately I have been feeling that it might be time to get involved in politics and I think this might be a good place to start.

**APPLICATION TO SERVE ON THE HUMBOLDT COUNTY
CITIZEN'S ADVISORY COMMITTEE ON MEASURE Z EXPENDITURES**

1. **WHAT IS YOUR FAMILIARITY WITH PUBLIC AGENCY BUDGETING**

I have over 20 years of experience serving as a Chief Financial Officer or similarly related title. During that time, I was directly responsible for the development and implementation of budgets for Indian Tribal Governments. The budgets that I have been responsible for ranged from \$20,000,000 to \$70,000,000 annually. I know well the difficulty that governmental agencies have in trying to meet all of the needs of its citizens.

2. **DESCRIBE YOUR EXPERIENCE WITH COUNTY GOVERNMENT**

I served four years as an elected member of the Klamath-Trinity Joint Unified School District Board of Trustees. During that time, I had significant interaction with the Humboldt County Office of Education.

3. **WHY ARE YOU INTERESTED IN SERVING OF THE CITIZEN'S ADVISORY
COMMITTEE ON MEASURE Z EXPENDITURES?**

I have lived and owned property in Eastern Humboldt County for over 40 years. Eastern Humboldt County is one of the underserved areas of the County. Essential services, such as ambulance, fire and law enforcement, are extremely limited due to the remoteness of the area as well as the limited tax base. Measure Z offers hope for rural residents. I would like to be a voice on the committee that represents the underserved areas of Humboldt County.

HUMBOLDT COUNTY CITIZENS' ADVISORY COMMITTEE ON MEASURE Z EXPENDITURES, Clerk of the Board, 825 Fifth Street, Suite 111, Eureka, CA 95501-1153.

DATE TO SUPERVISOR _____ DATE APPROVED _____ NOT APPROVED _____

1. WHAT IS YOUR FAMILIARITY WITH PUBLIC AGENCY BUDGETING?

No direct knowledge. I am, however, familiar with the way that county money is dispersed. That is one of the reasons that I would like to be appointed to the advisory committee.

2. DESCRIBE YOUR EXPERIENCE WITH COUNTY GOVERNMENT.

I have not had the time to be directly involved in County government up until now, but I have felt the need to keep abreast of current happenings, and know some of the history of county government. I have been involved in several supervisor campaigns, going back to Harry Pritchard, and before proposition 13 was passed. I have dedicated most of my spare time to being a Redway Fire first responder and have therefore not had the time to be directly involved in county government. I have been retired from the volunteer fire department since 2012. I am now interested in becoming more active in government.

3. WHY ARE YOU INTERESTED IN SERVING ON THE CITIZENS' ADVISORY COMMITTEE ON MEASURE Z EXPENDITURES?

I have always been very active in my community. I have been involved in the Chamber of Commerce, since 1972, and the Garberville Rotary Club since 1979. I have been President of the Rotary Club twice, I am the vocational services director, and have served of the board of directors for 10 years total. I was a volunteer firefighter and medical first responder from 1973-2012. Between those three organizations, I have stayed very busy in Southern Humboldt community projects. I feel that my life experience qualifies me to be helpful as a Measure A adviser.

PLEASE ATTACH A CURRENT RESUME.

1963- Graduated South Fork High School in Miranda CA.

1964- Attended Heald College on Sansom Street in San Francisco CA studying electrical engineering.

1965- 1971 Switched to refrigeration apprenticeship. Then worked as a commercial refrigeration technician and installer.

1972-PRESENT- Self employed. Owned a retail appliance store and worked as a carpenter (1972-1973) while operating a family retail store.

Have supervised as many as ten employees at one time. My wife, Janis, and I have owned and operated, from our business, a refrigeration contracting business, a Sears Catalog Store, a Radio Shack, Branscomb Center retail, a yardage and notions store, a cell phone dealership, a shipping agency, and an appliance service center.

1988- Received contractors license.

Have been a refrigeration contractor, heating ventilation and air conditioning contractor, and plumbing contractor.

My three largest jobs jobs were:

1-Doing all the refrigeration, heating and air conditioning for Rays Sentry in Garberville. As a subcontractor for Jim Johnson Construction. A private business contract.

2-Selling and installing all of the appliances and ventilation at Redwood Cove Senior Housing in Crescent City CA. as a sub contractor under Adroit Construction for the Federal Department of Housing and Urban Development. A federal HUD contract.

3-All of the heating ventilation and air-conditioning on the Willits California High School Remodel, for Rainbow construction. A State of California contract.

My other qualifications are:

A-This is the first time that I have ever had to fill out a resume.

B- I have been successful in business and have never gone broke or bankrupt. I have come close to going broke several times, but through perseverance, persistence and hard work I have succeeded.

C- You can ask anyone that you like, I have always dealt with people honorably.

D-I am vitally concerned about Humboldt County.

E- I am a fifth generation native of the Eel River Valley.

F- If you are still reading, I have a keen sense of humor, which I think may be important in dealing within a government agency.

G- I actually want to be appointed.

Humboldt County Board of Supervisors.

Attention Tracy D'Amico,

Thank you for considering my application. Most of my research and written reports at Humboldt State University surround the exact issues that your committee is overseeing. I am familiar with the text of Measure Z, and I am excited about the new funds for public safety and essential services.

I believe my personal experiences, ambition, and educational curricula are perfectly suited for the position you need to fill. I look forward to meeting you and having the opportunity to work with the Board of Supervisors and community stakeholders in order to develop comprehensive programs that will benefit the communities of Humboldt County. Thank you for your time.

December 22, 2014

I am very interested in the well being of my community (Willow Creek) and Eastern Humboldt County. As you can see by my experience (Attachment) I have a vast experience with budgeting in different areas of concern. Measure Z is of great importance to the County of Humboldt in that it will help provide some assistance for budgeting of Public Safety. We must be reminded that Public Safety does not just mean Police and Fire Protection. It involves Ambulance Service, Public Defenders, District Attorney and many more Emergency Services other than Police and Fire Services. Eastern Humboldt has been lacking in these services for many years due to the lack of funding. Measure Z will help in some degree to provide and hopefully fund the services that once were provided to Eastern Humboldt County and the communities located there in years past.

I feel that I am qualified to represent the seniors and retired people as well as the younger generation that have chosen to live here. An open mind and being able to listen to the problems of the community one lives in is an important asset and I feel confident in those attributes.

I thank for your consideration.

Respectfully Submitted by,

E. B. Duggan

1) I have NO familiarity with Public Budgeting... I have, however, served on the board of directors of three small public companies ... The largest one did about \$100,000 Million in sales..... A very long time ago I was also on the board of directors of the Girl Scouts of San Mateo while not a public agency it was a non profit agency... .. On all these boards budgets were always a concern to be considered and discussed...

2) None with County government... I am however on the planning commission of Eureka... In fact this is my second appointment to the commission ... I also served for 2-3 years on the "local" costal commission ..

The "Local" commission made recommendations, gave impute, to what is now THE Coastal Commission ...

3) I'm interested in serving on the Advisory Committee for Measure Z to give my impute on spending the money wisely... To give what guidance I can as to how to get the most for the entire community ... I am very concerned with the environmental damage "new" marijuana farms are doing to our streams, our land ...I am also concerned with the growth of "meth" in our area..... Indoor "grow houses" should be a major concern of all of us... These houses are 1) dangerous for fire and 2) they drive up the rent prices so a working man/women has a difficult time finding a place to rent that they can afford....I live in a "semi" rural so I know the concerns of the population in areas such as this,,And, of course, police, sheriff ,protection is a concern of all of us here in Humboldt County , be it Eureka, or Honeydew....Again back to my first sentence ...how to allocate the money to get the most for our buck...!!!!

..... In closing I think, perhaps, my biggest contribution to the Committee is my ability to "get along" with various types of people from all walks of life..from all levels of social standings ... I think I hear the concerns of the community from various different angles..I am not submitting this application for appointment to the Committee just because I am a "do gooder" ... I am submitting this application because I think I have a very good pulse from various walks of life what their needs , and fears are...

To the Humboldt County Measure Z Advisory Committee applicant review team:

I am currently away from home and unable to attach a resume as all of my backup drives are at my home in Arcata, and not on this laptop. I hope this will not disqualify my application.

I was privileged to serve Humboldt County as your Chief Probation Officer from 1981 until retiring in November of 2001. Prior to 1981 I worked as a juvenile hall group counselor, and as a deputy probation officer from 1973 until being selected as Chief. Briefly my resume includes:

*Part time instructor at College of the Redwoods within the Administration of Justice Program from 1981 to 2009.

*Executive committee member of the California Chief Probation Officers from 1982 to 2001. I also served as the Juvenile Court Law sub-committee chair for the State Chiefs. I worked on and helped implement numerous pieces of legislation including the Victims Right laws, jail and juvenile hall bond measures, Challenge Grants, as well as the implementation standards and funding for our New Horizons program.

*Appointed by Governor Davis to the State Board of Corrections and by Senate Rules as a member of the State Council on Mentally Ill Offenders.

*In Humboldt County I served on many advisory committees including the citizen's jail blue ribbon committee, numerous advisory committees for specific grant programs as well as the Humboldt County Law Enforcement Chiefs Association.

*Many of the programs designed by our Humboldt County management team and citizen volunteers were considered cutting edge in corrections including being selected as a National Model in Community Based Prevention and Corrections by the American Probation and Parole Association, and being involved in creating the National Institute on Justice's model on how to prevent and manage serious and violent juvenile crime.

*My education includes an A.S. degree from Chaffey College in Police Science, a B.S. degree from Fullerton State University in Social Science, and a Master's degree in Public Administration from Golden Gate University.

* While working as Chief Probation Officer I was responsible for preparing and managing many years of county departmental budgets as well as state and federal grants.

* If selected I would look forward to once again working with Board members, citizens, and law enforcement members to implement Measure Z to continue to make Humboldt County a safe, good place to live, work, and raise families.

1. As the General Manager of the Resort Improvement District #1 in Shelter Cove, I have full budgetary responsibility for the District's operating budget, currently around \$3 million per year. I have an additional 18 years budgetary experience in the corporate sector. During that span of time, annual budget responsibility (and/or P&L responsibility) ranged from \$2 million to \$16 million.
 2. I served as a member of the Humboldt County Civic Grand Jury in FY 2013-14. Additionally, in my capacity of the RID GM, I have regular interaction with several departments in County government, primarily with Planning and Building, Public Works, and the Sheriff's Office.
 3. Generally, I have a civic interest in all aspects of government, and for the current issues facing Humboldt County I have an elevated interest because it is where I live and vote. In my meetings with the Sheriff, I have offered some potential solutions to improving law enforcement in Humboldt County, and, more specifically, to South Humboldt County. These proposals stem from my operational military experience in establishing civil order where there is none or it is in a rudimentary state. I believe the combination of my civilian and military experience provides for a well-rounded, comprehensive contributor to this effort.

- 1992 -1993 Field Technician, Seismograph Station, University of California, Berkeley. Maintained portable network of digital seismographs to record aftershocks during the April, 1992 Cape Mendocino Earthquake.
- 1980 to 1984 Seismologist, Tenera Corporation, maintained a 72 channel strong-motion array at Diablo Canyon Power Plant for Pacific Gas and Electric, submitted summary reports yearly.
- 1978 to 1982 Senior Seismologist, TERA Corporation, designed, installed, and maintained a short-period, radio-telemetered seismic network along the Columbia River for Portland General Electric.
- 1974 to 1986 Senior Seismologist, TERA Corporation, responsible for the installation, maintenance, data analysis, and annual reports of a 16 station array of high-gain, short-period seismographs which made up the Humboldt Bay Seismic Network as part of a seismic safety study of the Humboldt Bay nuclear facility previously operated by Pacific Gas & Electric

**RE: Support for Appointment of Jack Thompson to the Measure Z
Advisory Committee**

Dear Chair Bass,

At the regular meeting of the Rio Dell City Council held on January 3, 2017, the City Council voted to approve the endorsement of former Councilmember and Mayor of Rio Dell, Jack Thompson, to be appointed by your Board as a member of the Citizens Advisory Committee on Measure Z Expenditures.

Jack Thompson has expressed an interest in serving and would like to be considered for this important position. Jack has a wealth of experience serving on a number of local committees with countywide significance, including the Humboldt Waste Management Authority, Local Agency Formation Commission and others. He understands the work associated with presenting a balanced proposal to the Board of Supervisors.

Jack Thompson would be a tremendous asset to the Committee and on the behalf of the Rio Dell City Council we thank you for your consideration of his appointment.

Sincerely,

A handwritten signature in black ink, appearing to read "Jack Thompson".

Mayor, City of Rio Dell

Jack R. Thompson

Jack Thompson's Service to the Community

Jack served the citizens of Rio Dell for 16 years. (2000 - 2016) (7 yrs. on the Planning Commission and 9 yrs. on the City Council)

He was first appointed to the Planning Commission on March 21, 2000. He served until October 21, 2003 and resigned to accept the appointment to the City Council to fill the remainder of Margie Plum's term expiring November 2004. At the end of the 2004 term he was reappointed to Planning Commission and served as Chairman for another 4 years until 2008 when he was then elected to the City Council. He continued to serve on the City Council from 2008 to the end of the 2012 term then was reelected to another 4-year term ending in 2016. He served as Mayor for 2 of the 9 years on the City Council (2013-2015).

The various committee assignments included:

Humboldt Transit Authority (HTA)

Humboldt Waste Management Authority (HWMA), Three years as its chairman, We accomplished the Cummings land fill closure.

Redwood Coast Energy Authority (RCEA).

Rcea serve on the committee to reorganize the finance department and sit up their own checking account.

Rcea served on the committee to find a larger office building ending up with the location they are at now.

Local Agency Formation Commission (Lafco)

Redwood Region Economic Development Commission

(RREDC) Humboldt County Association of Governments

(HCAOG)

Humboldt/Del Norte Hazardous Response Authority
