

RIO DELL FIRE PROTECTION DISTRICT
BOARD OF DIRECTORS

RIO DELL, CALIFORNIA 95562

August 23, 2018

Humboldt County Library

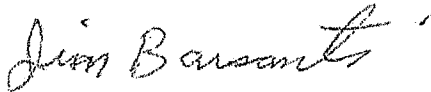

To Whom it may Concern:

The Rio Dell Fire Protection District Board received the estimated costs that will be needed to update the outside of the library building to make it ADA approved. The cost for the ramp alone is \$127,000.00.

While the board would like to see the library in Rio Dell remain, it does not have the funds to cover this kind of cost. The fire district's main concern is to furnish the town with fire coverage.

The board agreed that the library can remain where it is until a new permanent place can be found.

Sincerely,

Jim Barsanti

Chairman of the Board
