C. PROJECT TITLE:	Humboldt County Sheriff's Office's Education, Analysis, and Enforcement Project		
D. PROJECT SUMMARY (100-150 words):	E. GRANT FUNDS REQUESTED: \$ 1,000,000		
Humboldt County proposes to use this funding to address the challenges created by the legalization of marijuana. This multi-pronged project takes aim at all four project purpose areas. It will address the impacts of a booming marijuana industry on County youth by providing them with outreach, education, and intervention opportunities aimed at challenging cyclical career choices and addressing the ease with which they have access to marijuana. A large part will focus on the Sheriff's Office's main goal, improving public safety, accomplished by increasing the resources of their Marijuana Enforcement Team. To address public health and environmental concerns, the County is partnering with a local nonprofit to identify high need restoration missions that pose risks to natural resources, as well as to the public through drinking water and farmlands. Proposition 64 funding would make a difference to all of Humboldt County's citizens and its sprouting legal cannabis industry.
