To the Humboldt County Board of Supervisors,

I have been asked to provide a list of access points along the VanDuzen and lower Eel Rivers. This list should be complete and will denote whether each access point provides access on foot, boat or both. I will also say that the VanDuzen, being a small and relatively shallow river, is easily covered for miles by anglers on foot.

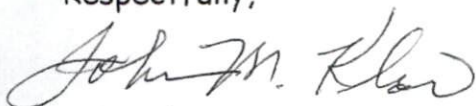

VanDuzen access points:

- Root Creek - Both boat and walk in access is available
- Cheetum Grove - Walk in access is available
- Swimmers Delight - Both boat and walk in access is available
- Pamplin Grove - Walk in access is available
- Church Lane - Both boat and walk in access is available
- Highway 101 Bridge - Walk in access is available

Lower Eel River access points:

- Stafford Bar - Both boat and walk in access is available. The combination for the gate can be accessed by calling the state park office at Richardson's Grove
- Rio Dell Bar - Both boat and walk in access is available
- East Ferry Bar - Both boat and walk in access is available
- Warzwick Bar above Fernbridge - Both boat and walk in access is available
- A key for the county gate can be purchased for a one-time fee of \$25.00

Respectfully,

John Klar
