

A. A brief description of the type of fee in the account or fund.

This Ordinance was codified in County Code Section 328.1-1 *et seq.* This Ordinance set forth the collection of drainage fees related to development on existing and future parcels within the McKinleyville Drainage Area. The purpose of the fee is to correct deficiencies in the storm water conveyance system in the McKinleyville area.

On 05/23/1989 Ordinance No. 1864 was adopted by the Board of Supervisors that clarified application of the fees.

 - (d) The fee established by this chapter as to any property proposed for subdivision within the McKinleyville Drainage Area does not exceed the pro rata share of the amount of the total, actual, or estimated cost of all the Planned Facilities within the McKinleyville Drainage Area which would be assessable on such property if such costs were apportioned uniformly on a per acre basis;
 - (e) The Planned Facilities are in addition to existing facilities serving the area at the time of adoption of the McKinleyville Drainage Plan.
