Why are you interested in serving on the Human Rights Commission?	I want to serve on the Human Rights Commission because I believe that human rights begin at home, and Humboldt County is my home. I earned my undergraduate degree in Anthropology and Human Rights and am continuing my human rights studies through a Master of Social Work program. I have past work experience with human rights organizations such as the American Civil Liberties Union of Arizona, Access Now, and the Arizona Justice Project, where I advocated for safety, dignity, and justice for all. In Humboldt County, I currently serve as a social work student intern with the Public Defender's Office, supporting clients whose rights are most at risk. These experiences have strengthened my dedication to compassion, civic participation, and systemic change. I am ready to meet the Commission's expectations and work with the Board of Supervisors to help build a county where every person is treated with dignity and respect. It would be an honor to put my human rights education and experience to work for the benefit of my community.
