

Attachment No. 2 - Record of Survey

SURVEY NOTE

This subdivision was platted by M.E. Smith and filed in 1914. Sheet 1 of the subdivision layout shows only 3 monuments identified as found or set. There were undoubtedly others set by him for identification of subdivision lots. Mr. Smith and his daughter showed at least 2 of these to my father and myself in the 1950's in the area north of Driver Road. It is my opinion that the 5 points shown hereon by a black solid circle were set by Smith. (See note by Mr. Blackett) and are so accepted by this survey. I have extended control from the south and east and have left the found discrepancies as shown. I gave all E-M lines record dimension from the east since there have been no monuments identified as Smith's south of the north line of lot 20. It seems impractical to move other monuments lines south of the found monument at the NE corner of lot 20 by proportioning in the 0.65 ft. difference. Therefore, leave all of the discrepancy in the west line of lot 20.

- Legend**
- Set 1/2" dia. gal. in and County marks monument
 - Fe monument by original Surveyor - Smith in Maps, pg. 6
 - Monument set by me on previous surveys. See 30 45 37
 - () Distance proportioned
 - Set 1/2" dia. gal. in plug No. L5 2020
 - △ Set reference point as noted

I, WILBUR RICKETT, R.C.E. 5965, AFFIRM THAT IN JULY, 1944 NORMAN R. SMITH, AT THE SITE, IDENTIFIED TO ME THE MOST WESTERLY CORNER OF LOT V, MOONSTONE BEACH, SHOWN ON THIS MAP AS MONUMENT (A) TO BE HIS ORIGINAL CORNER. USING THIS MONUMENT (A) AS A STARTING POINT, HE SET MONUMENT (B), SHOWN ON THIS MAP AS A STARTING POINT, TO SURVEY PORTIONS THAT HAD BEEN AGREED TO BY WILLIAM L. THOMPSON AND ALBERT THOMPSON AS CORNERS OF WHAT BECAME THE DESCRIPTION IN HUMBOLDT COUNTY IN BOOK 272 OF DEEDS, PAGE 148, RECORDS HUMBOLDT COUNTY.

DATED: AUGUST 20, 1979

Wilbur Rickett
