Dear Humboldt County Board of Supervisors:

The Southern Humboldt Fire Safe Council (SHFSC) would like to recommend appointing Kathy Weber as the primary SHFSC representative on the Humboldt Council Fire Safe Council (HCFSC). Kathy would replace long-time primary member Bill Eastwood.

Bill, who has served faithfully on the HCFSC since 2010, is stepping off the council (still active on the SHFSC) with an intent to bring his deep knowledge and experience with fire and fire preparedness to other enterprises.

Kathy, a SHFSC member, has been attending HCFSC meetings regularly, is up on the council's business, and active in communicating with the rest of the SHFSC and neighborhood groups about relevant developments. She has a long history of involvement with volunteer fire departments, community organizing, and fire preparation education. She is currently a board member of the Briceland FPD. She has been indefatigable about distributing information through tabling and relationships with local businesses. She is knowledgeable about resources and helpful to new neighborhood groups forming.

Sincerely,
