Subject: About your meeting today

Mr. Sundberg,

It has been brought to my attention Sheriff Downey is requesting a \$300,000 dollar vehicle in response to an isolated incident that happened in Mckinleyville recently. It is my feeling as a voter and resident of Mckinleyville that funding such a hobby vehicle is a waste of money in our community and excessive on all accounts. I am firmly opposed to militarization of our local police force in a majorly peaceful community. I believe my views are shared by many others in our community. Please deny Sheriff Downey's request.

Thank you for your time,
Morgan McEvoy
