Cannabis Local Equity Program Manual
V2.0 (2021) ~~amended~~

In 2019 Humboldt County's County Administrative Office, Office of Economic Development (Economic Development) contracted with Humboldt State University's California Center for Rural Policy (CCRP) to perform a comprehensive analysis of the impact of cannabis criminalization on Humboldt County. This analysis, known as the Humboldt County Cannabis Equity Assessment (CEA) (2019) established that certain persons and neighborhoods in Humboldt County (County) have been substantially and adversely impacted by the criminalization of cannabis. The CEA further identified that a targeted, data-driven and well-funded equity program was needed to help impacted populations and neighborhoods, particularly small growers and those impacted from past policies that may be left behind, obtain the support and services that they need in order to gain a footing in the legal cannabis market.

The purpose of this Cannabis Local Equity Program Manual (Manual) is to describe the qualifications for, and services to be provided by, the County of Humboldt's Cannabis Local Equity Program (LEP). The LEP is informed by findings in the CEA, which itself is a living document and subject to change. This Manual is therefore subject to updates and revisions in accord with the CEA, as approved by the County Board of Supervisors.

A. Qualifications

1. **Initial Program Eligibility:** To be considered for LEP eligibility, applicants must meet **all** of the following qualifications:
