which the Planning Commission reviewed, took public comments, considered a report, supplements, evidence and testimony; and

Now, THEREFORE BE IT RESOLVED, that the Board of Supervisors makes all the following Required Findings of Approval:

CONSISTENCY WITH THE CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA).

1. FINDING: The proposed Supportive and Transitional Housing Ordinance and General Plan Amendments are exempt from environmental review.

EVIDENCE: CEQA Guidelines Section 15060(c)(2) exempts from environmental review activities that will not result in a direct or indirect, reasonably foreseeable

physical change in the environment; the project is exempt under Section 15061(b)(3) (the Common Sense Exemption) because it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment.

FINDINGS FOR GENERAL PLAN AMENDMENT.

2. FINDING: Public Interest §312-50 of Humboldt County Code. The proposed General Plan Amendment is in the public interest.

EVIDENCE: a) State housing law tasks the County with designating adequate sites for, and facilitating development of supportive and transitional housing. Under the Housing Accountability Act, the County is obligated to actively facilitate these types of housing development. The proposed ordinance advances these goals, and is therefore in the public interest.

2b. FINDING: Changed conditions, Humboldt County General Plan G-P8. Community values and assumptions have changed. The proposed General Plan Amendment responds to changes in state law and terminology usage.

EVIDENCE: a) Changes to State housing law, Gov. Code Secs. 65582, 65853, and 65650 define and regulate zoning and development of supportive housing and transitional housing. The proposed General Plan Amendment harmonizes language and standards in accordance with that change. Housing Element Implementation Measures H-IM51 and H-IM71 direct that the General Plan be amended to reflect current Government Code; therefore, the amendments respond to these changes.

FINDINGS FOR AMENDMENTS TO THE ZONING REGULATIONS.

3. FINDING: Public Interest, §312-50 of Humboldt County Code The proposed zoning ordinance amendments are in the public interest.

EVIDENCE: a) State housing law tasks the County with designating adequate sites for, and facilitating development of supportive and transitional housing. Under the Housing Accountability Act, the County is obligated to actively facilitate these types of housing development. The proposed ordinance advances these goals, and is therefore in the public interest.

4. FINDING: General Plan Consistency, §312-50 of Humboldt County Code The proposed zoning amendments are consistent with the General Plan.

Direction Amended for California Coastal Commission Acted on **November 4, 2025**

EVIDENCE: a) The 2019 Housing Element, Chapter 8 of the General Plan, includes implementation measure H-IM51: amend the Zoning Regulations consistent with Government Code Article 11, commencing at Section 65650, and Government Code Section 65582(j) and 65582(c)(3) for transitional and supportive housing. The proposed amendments carry out these implementation measures, and are therefore consistent with the General Plan.

5. FINDING: Consistency with the Coastal Act, §312-50 of Humboldt County Code. The proposed LCP Amendment is consistent with the policies of Chapter 3 (commencing with Section 30200) of the Coastal Act, which sets forth policies regarding the following issues:

EVIDENCE

- a) Access (including provisions for access with new development projects, public facilities, lower cost visitor facilities, and public access).

The proposed ordinance ensures that supportive and transitional housing are treated the same as other residential uses. No impacts to coastal access facilities are expected, beyond those due to any other residential use.

- b) Recreation (including protection of water-oriented activities, ocean-front land protection for recreational uses, aquacultural uses, and priority of development purposes).

The proposed ordinance reinforces supportive and transitional housing as residential uses subject to standards that apply to other residential units in the containing zone. The changes in regulation are not expected to impact coastal recreation facilities beyond those due to any other residential use.

- c) Marine Resources (including protecting biological productivity, prevent hazardous waste spills, diking, filling and dredging, fishing, revetments and breakwaters, and water supply and flood control).

Supportive and transitional housing are residential uses that occur in areas zoned for residences, not in Marine Resource designations. Therefore, the proposed ordinance would not impact coastal marine resources.

- d) Land Resources (including environmentally sensitive habitats, agricultural lands, timberlands, and archaeological resources).

Supportive and transitional housing are residential uses subject to the same conditions as other residential uses in zones where they are allowed. All setbacks, buffers, and provisions around sensitive habitats, agricultural lands, timberlands, and archaeological resources apply to supportive and transitional housing to the same extent as other types of development in the containing zone. The ordinance changes do not alter the regulation of Land Resources, and therefore would not impact coastal land resources.

EVIDENCE
Cont.

e) Development (including scenic resources, public works facilities, safety, and priority of coastal dependent developments).

Supportive and transitional housing are indistinguishable from residential uses already allowed, so that the proposed changes are not expected to impact coastal scenic resources.

f) Industrial Development (including location and expansion, use of tanker facilities, oil and gas development and transport (both onshore and off), and power plants).

Under the proposed zoning changes, supportive and transitional housing are not allowed in heavy industrial or coastal dependent zoning districts; therefore, they would not displace or otherwise affect industrial uses on the coast.

CONSISTENCY WITH STATE HOUSING ELEMENT DENSITIES.

6. FINDING: Consistency with Housing Element Densities, §312-50 of Humboldt County Code That the proposed zoning amendments will not reduce the residential density for any parcel below that utilized by the Department of Housing and Community Development in determining compliance with housing element law (the midpoint of the density range specified in the plan designation)

EVIDENCE: The proposed supportive and transitional housing amendments potentially affect multifamily sites that could be included in the residential land inventory. However, the proposed changes would not reduce the residential density for any parcel below that used by the Department of Housing and Community Development in determining compliance with the housing element because the same number of housing units can be constructed on any given parcel with the proposed amendments as without them.

Now, THEREFORE BE IT RESOLVED, that the Humboldt County Board of Supervisors:

1. Finds that the proposed amendments to the Coastal Zoning Regulations conform to and appropriately carry out the policies of each of Humboldt County's six Coastal Plans and Chapter 3 of the Coastal Act, and further finds that the proposed Zoning Regulation Amendments will be carried out in accordance with the Coastal Act; and
- ~~2. Directs Planning and Building Department staff to transmit the Coastal Supportive and Transitional Housing Amendments, including all necessary supporting documentation, to the California Coastal Commission as an amendment to the certified Local Coastal Program for their review and certification in accordance with Public Resources Code Section 305143; and~~

- ~~3. Directs and hereby provides notice to the California Coastal Commission and its staff that modifications to the proposed amendments to the Zoning Regulations required by the Coastal Commission for certification shall first be brought back to the Board of Supervisors for consideration at a future public hearing prior to certification by the Coastal Commission.~~
2. Finds that the changes to the Coastal Zoning Regulations will become effective only upon certification by the California Coastal Commission; and
3. Certifies that this amendment is intended to carry out the provisions of the local coastal program adopted by the County and certified by the California Coastal Commission per public resources code 30510; and
4. Directs Planning and Building Department staff to transmit the Coastal Supportive and Transitional Housing Ordinance (25-), including all necessary supporting documentation, to the California Coastal Commission as an amendment to the certified Local Coastal Program for their review and certification in accordance with Public Resources Code Section 30514.

Now THEREFORE, BE IT FURTHER RESOLVED that the Board of Supervisors hereby:

1. Directs Planning Department staff to prepare and file a Notice of Exemption with the County Clerk and Office of Planning and Research; and
2. Directs the Clerk of the Board to give notice of the decision to any interested party.
3. Directs the Clerk of the Board to publish the Post-Adoption Summary of the Ordinance within fifteen (15) days after its adoption.
