I am a veteran of the USMC and I have lived experience. I worked for a large social service agency in Idaho for a decade in service to the veteran, ALICE (Asset Limited Income Constrained Employed) and homeless population. I am one who contributes to the mission, a team player who does not seek recognition for being a voice of reason for a population that often has no voice in matters that define their choices. Having recently relocated back to Humboldt I look forward to building community in a meaningful way and learning how best to be of service.
