**Re: Letter of Support**

Dear Nordic Aquafarms, Inc.,

The County of Humboldt Board of Supervisors is pleased to express its support for Nordic Aquafarms' proposed project for the construction of a new RAS facility on the Samoa Peninsula, by and through a public and environmental review process.

The County is committed to exploring options to improve infrastructure on the Samoa Peninsula with other invested public agencies and business interests, especially where such infrastructure aligns with the Boards strategic framework, and the County's Comprehensive Economic Development Strategy (CEDs).

The County of Humboldt is committed to improving its local economy, as noted in our Strategic Framework, by diversifying the local economy with living wage jobs through value added industries, such as the aquaculture industries and for projects like those proposed by Nordic Aquafarms.

Sincerely,

Rex Bohn, Chair  
Humboldt County Board of Supervisors
