C. **Copyright.** By executing this Agreement, PROVIDER, for itself, and its assignees and successors in interest, agrees as follows:

1. PROVIDER agrees that for purposes of copyright law, all works, as defined herein, of authorship made by or on behalf of PROVIDER in connection with the performance of its duties and obligations hereunder shall be deemed “works made for hire.” PROVIDER further agrees that the work of each person utilized by PROVIDER in connection with the performance of this Agreement will be a “work made for hire,” whether that person is an employee of PROVIDER or has entered into an agreement with PROVIDER to perform the work. PROVIDER shall enter into a written agreement with any such person which provides that: all work performed for PROVIDER shall be deemed a “work made for hire” under the Copyright Act; and such person shall assign all right, title and interest to DHCS to any work product made, conceived, derived from or reduced to practice by PROVIDER or DHCS as a direct or indirect result of this Agreement.
2. Any and all materials, including, without limitation, visual works or text, reproduced or distributed pursuant to the terms and conditions of this Agreement that include Intellectual Property made, conceived, derived from or reduced to practice by PROVIDER or DHCS as a direct or indirect result of this Agreement, shall include DHCS’ notice of copyright, which shall read in three (3) millimeter or larger typeface: “© [*Enter Current Year e.g., 2010, etc.*], California Department of Health Care Services. This material may not be reproduced or disseminated without prior written permission from the California Department of Health Care Services.” This notice should be placed prominently on the materials and set apart from other matter on the page where it appears. Audio productions shall contain a similar audio notice of copyright.

D. **Patent Rights.** With respect to inventions made by PROVIDER in the performance of its duties and obligations hereunder, which did not result from research and development specifically included in Exhibit A – Scope of Services, PROVIDER hereby grants to DHCS a license for any and all devices or materials incorporating, or made through the use of, such inventions. If such inventions result from research and development work specifically included within Exhibit A – Scope of Services, PROVIDER agrees to assign to DHCS, without additional compensation, all its right, title and interest in and to such inventions and to assist DHCS in securing United States and foreign patents with respect thereto.

E. **Third-Party Intellectual Property.** Except as provided herein, PROVIDER agrees that the performance of its duties and obligations hereunder shall not be dependent upon or include any Intellectual Property of PROVIDER or third-party without first: obtaining DHCS’ prior written approval; and granting to or obtaining for DHCS, without additional compensation, a license, as described herein, for any of PROVIDER’s or third-party’s Intellectual Property in existence prior to the effective date of this Agreement. If such a license is unattainable, and DHCS determines that Intellectual Property should be included in or is required for PROVIDER’s performance of this Agreement, PROVIDER shall obtain a license under terms acceptable to DHCS.

F. **Warranties.** By executing this Agreement, PROVIDER, for itself, and its assignees and successors in interest, represents, warrants and agrees as follows:

1. It is free to enter into and fully perform this Agreement and has secured, or will secure, any and all rights and licenses necessary for the performance of its duties hereunder.
2. Neither PROVIDER’s performance of this Agreement, nor the exercise by either party of the

rights granted in this Agreement, nor any use, reproduction, manufacture, sale, offer to sell, import, export, modification, public and private display or performance, distribution and disposition of the Intellectual Property made, conceived, derived from or reduced to practice by PROVIDER or DHCS as a direct or indirect result of this Agreement, will infringe upon or violate any Intellectual Property right, non-disclosure obligation or other proprietary right or interest of any third-party or entity now existing under the laws of, or hereafter existing or issued by, any state, the United States or any foreign country. There is currently no actual or threatened claim by any such third-party based on an alleged violation of any such right by PROVIDER.

3. Neither PROVIDER's performance of its duties and obligations hereunder, nor any part thereof, will violate the privacy rights of, or constitute a libel or slander against, any person or entity.
4. It has secured, and will secure, any and all rights and licenses necessary for the use of Intellectual Property, including, without limitation, consents, waivers or releases from all authors of music or performances, talent, including radio, television and motion picture talent, and owners of any interest in sites, property or props that may be used or shown.
5. It has not granted, and shall not grant to, any person or entity any right that might derogate, encumber or interfere with any of the rights granted to DHCS hereunder.
6. It has appropriate systems and controls in place to ensure that state funds will not be used in the performance of this Agreement for the acquisition, operation or maintenance of computer software in violation of copyright laws.
7. It has no knowledge of any outstanding claims, licenses or other charges, liens or encumbrances of any kind or nature that could affect in any way PROVIDER's performance of its duties and obligations hereunder.
8. DHCS makes no warranty that the Intellectual Property resulting from this Agreement will not infringe upon any existing or subsequent patent, trademark or copyright.

**G. Intellectual Property Indemnity.** By executing this Agreement, PROVIDER, for itself, and its assignees and successors in interest, agrees as follows:

1. PROVIDER shall indemnify, defend and hold harmless DHCS, and its licensees, assignees, officers, directors, employees, agents, representatives, successors and users of its products ("Indemnitees"), from and against all claims, actions, damages, losses or liabilities, whether or not rightful, arising from any and all actions or claims by any third-party or expenses related thereto, including, without limitation, all legal expenses, court costs and attorney's fees incurred in investigating, preparing, serving as a witness in or defending against, any such claim, action or proceeding, whether commenced or threatened, to which any of the Indemnitees may be subject, regardless of whether or not PROVIDER is a party to any pending or threatened litigation, which arise out of or are related to: the incorrectness or breach of any of the representations, warranties, covenants or agreements of PROVIDER pertaining to Intellectual Property; or any Intellectual Property infringement, or other type of actual or alleged infringement claim, arising out of DHCS' use, reproduction, manufacture, sale, offer to sell, distribution, import, export, modification, public and private performance or display, license and disposition of the Intellectual Property made, conceived, derived from or reduced to practice by PROVIDER or DHCS as a direct or indirect result of this Agreement. PROVIDER's indemnity obligations set forth herein shall apply irrespective of whether the

infringement claim is based on a patent, trademark or copyright registration that issued after the effective date of this Agreement. DHCS reserves the right to participate in, at PROVIDER's expense, any such infringement action brought against DHCS.

2. Should any Intellectual Property licensed by PROVIDER to DHCS under this Agreement become the subject of an Intellectual Property infringement claim, PROVIDER shall exercise its authority reasonably and in good faith to preserve DHCS' right to use the licensed Intellectual Property in accordance with the terms and conditions of this Agreement at no expense to DHCS. DHCS shall have the right to monitor and appear through its own counsel, at PROVIDER's expense, in any such claim or action. In the defense or settlement of the claim, PROVIDER may obtain the right for DHCS to continue using the licensed Intellectual Property; or replace or modify the licensed Intellectual Property so that the replaced or modified Intellectual Property becomes non-infringing provided that such replacement or modification is functionally equivalent to the original licensed Intellectual Property. If such remedies are not reasonably available, DHCS shall be entitled to a refund of all monies paid under this Agreement, without restriction or limitation of any other available rights and remedies.
3. PROVIDER agrees that damages alone would be inadequate to compensate DHCS for PROVIDER's breach of the Intellectual Property provisions set forth herein. PROVIDER acknowledges DHCS would suffer irreparable harm in the event of such breach and agrees DHCS shall be entitled to obtain equitable relief, including, without limitation, an injunction, from a court of competent jurisdiction, without restriction or limitation of any other rights and remedies available at law or in equity.

**H. Federal Funding.** In any agreement funded in whole or in part by the federal government, DHCS may acquire and maintain the Intellectual Property rights, title and ownership, which results directly or indirectly from this Agreement; except as provided in 37 C.F.R. Section 401.14; however, the federal government shall have a worldwide, non-exclusive, nontransferable, irrevocable, paid-up license to use, duplicate or dispose of such Intellectual Property in any manner for governmental purposes and to have and permit others to do so.
