GROWSPAN SERIES 1000 COMMERCIAL GREENHOUSES ARE A CANNABIS PRODUCTION POWERHOUSE

S1000 Commercial Greenhouses are the go-to option for competitive commercial producers that plan to expand. The durable structural steel frame and poly cover creates an economical greenhouse option, and in-house design and engineering ensures that these structures meet any cannabis professional's most specific requirements.

The GrowSpan Series 1000 Commercial Cannabis Greenhouse Advantage includes:

Extra-tall, arched roof - Vents hot and humid air away from plants. Taller, adjustable sides allow for maximum growing space.

Gutter-connect design - Easily expand as business grows.

Light diffusing cover options - Reduce plant stress, increase photosynthesis.

Optional stamped engineered drawings stamped by a licensed, in-state engineer available.

Ridge Vents and Breathable Wall options - Maximize ventilation and air exchange, even while blacked out.

Superior structural strength - USA-made, triple-galvanized steel frame.

Optional, fully automated blackout systems - Provide complete light deprivation.

Controlled Environment Agriculture (CEA) packages available - Gain complete environmental control, ensuring the healthiest, most-profitable crops.
