Hello HRC,

As the Awareness Director of EPI I want to thank you for your constant support in our efforts to fight human trafficking in Humboldt County. When the Human Right's Commission first hosted the original awareness event there was a whole county of individuals who had no idea that trafficking was happening in our back yards.

Together we started an awareness campaign, and although there has been lots of awareness spread around Humboldt County in the last seven years, trafficking is still happening here. And people are still unaware that it is happening in our back yard.

My vision is to aggressively attack the unawareness with information booths at as many events as possible. And to continue the training as I have been doing with as many parts of the community as possible.

Currently we provide the resources needed to address the issues of trafficked individuals by answering the hotline for those who are currently experiencing trafficking. Currently only one person is running the hotline with no compensation for their time but asking for help by purchasing another phone to give to another volunteer to alleviate some of the time commitment of one person. The hotline is running 24 hours a day 7 days a week. We average 10-20 call a month. Unfortunately, that is the validation that human trafficking is happening in our county.

We will also be providing a curriculum to survivors we have contact with. Ending the Game is the nation's leading "coercion resiliency" curriculum in the field of human trafficking. It is a 10-week course facilitated by two lived experience experts who have been certified to lead these classes.

We need your support to continue to pay the expenses of the hotline. Also, to provide to provide a stipend for facilitators who are leading the Ending the Game curriculum. As it is critical to empowering those who have already fallen victim to trafficking. By supporting lived experience experts with a small stipend, you are supporting the work they've already done and their efforts to give back by minimizing financial vulnerabilities.

The class run for 10 weeks and although there is prep before each class, we are asking the compensation to be \$50 per facilitator

1. $\$50.00 \times 2 = \1000.00

2. \$200.00 to purchase another phone.

The monthly expense of each line for the year $29.95 \times 2 = \$718.00$

And because we do have victims here that cannot always be place in our current beds due to lack of availability and conflicts to addressing current needs of the vulnerable. We are asking for an ongoing housing stipend at \$3000.00 annually. As we have had to cover motel stays or transportation to and from.

Thank you for your consideration and constant support in fighting human trafficking in Humboldt County.
