June 28, 2021

Re: June 29th, 2021 Supervisor Meeting

Agenda Item: I – Department Reports

Public Works – Item #5

John Haynes Memorial Vets Hall (Garberville Vets Hall)

Dear Supervisors,

Please support option **A**. Replace - Demolition of the existing facility followed by design and construction of a completely new building of approximately the same size (approximately 5,150 square feet) and configuration as the existing, utilizing the existing foundations if possible. The anticipated total project cost for this option is \$4,416,589.

Our Southern Humboldt veterans and the Southern Humboldt in general need this facility replaced as soon as possible. We also need a courthouse.

Please do not separate the Court facilities and make do with some temporary facility that will rot in a few short years.

I also recommend that you seriously consider placing a second story on the building for apartments. And on the roof – Solar Panels!

Thank you for your consideration.

Sincerely,

Robie Tenorio
