

Supervisor Bushnell,

I appreciate you entrusting me to help be a voice of reason and understanding for the second district and county as a whole during my time on the Planning Commission. The opportunity and experience will forever be something I remember. This was a serious time commitment and lots of late nights driving home in the storms. I was hoping to make it to a full 5 years but effective 12/31/25 I will be resigning from my position on the Planning Commission to be able to watch my sons sporting events and spend more time with my family. Once again thank you for trusting me.

Sincerely,

Thomas Mulder
