

CONDITIONS OF APPROVAL
PLN-2025-19199

APPROVAL OF THE PARCEL MAP SUBDIVISION AND COASTAL DEVELOPMENT PERMIT IS CONDITIONED ON THE FOLLOWING TERMS AND REQUIREMENTS WHICH MUST BE SATISFIED BEFORE THE PARCEL MAP MAY BE FILED WITH THE COUNTY RECORDER.

Conditions of Approval:

1. All taxes to which the property is subject shall be paid in full if payable, or secured if not yet payable, to the satisfaction of the County Tax Collector's Office, and all special assessments on the property must be paid or reapportioned to the satisfaction of the affected assessment district. Please contact the Tax Collector's Office approximately three to four weeks prior to filing the parcel or final map to satisfy this condition. This requirement will be administered by the Department of Public Works.
2. All conditions on the Department of Public Works referral dated **July 3, 2025**, included herein as Attachment 1C, as may be modified by the decision maker, shall be completed or secured to the satisfaction of that department. Prior to performing any work on the improvements, contact the Land Use Division of the Department of Public Works.
3. The Planning Division requires that two (2) copies of the Parcel Map be submitted for review and approval. Gross and net lot area shall be shown for each parcel.
4. To better accommodate circulation and siting of future building sites, minor adjustments to the design of the tentative map (parcel boundaries, driveway & road locations, etc.) may be performed, subject to review and approval by the Planning Division and Public Works Land Use Division.
5. Prior to filing of the Parcel Map, the applicant shall submit a letter from the McKinleyville Community Services District stating that the project meets their requirements. This condition shall be administered by the Department of Public Works.
6. Prior to filing of the Parcel Map, the applicant shall submit a letter from the Arcata Fire Protection District stating that the project meets their requirements. This condition shall be administered by the Department of Public Works.
7. Prior to filing of the Parcel Map, the applicant shall submit a letter from Pacific Gas and Electric Company stating that the project meets their requirements, including

appropriate labeling and description of Public Utility Easements. This requirement shall be administered by the Department of Public Works.

8. Prior to filing of the Parcel Map, the applicant shall submit a letter from the United States Postal Service stating that the project meets their requirements for mailbox units. This condition shall be administered by the Department of Public Works.
9. Prior to filing of the Final Map, the Applicant shall make payment for all outstanding Humboldt County Planning Department fees. A Cost report will be made available at the Humboldt County Planning Department.
10. A map revision fee as set forth in the schedule of fees and charges as adopted by ordinance of the Humboldt County Board of Supervisors as required by the County Assessor's Office shall be paid to the County Planning Division, 3015 H Street, Eureka. The check shall be made payable to the "Humboldt County Planning Division". The fee is required to cover the Assessor's cost in updating the parcel boundaries.
11. Parkland dedication fees of \$9,848 shall be paid to the Humboldt County Planning and Building Department, 3015 "H" Street, Eureka. Alternately, a parkland dedication fee of \$3,693 may be paid, provided the applicant enters into a Conveyance and Agreement of development rights with the County of Humboldt for second or secondary dwelling units. Release from the Conveyance and Agreement may be pursued upon payment of the \$1,231 parkland dedication fee balance per parcel. A copy of the Conveyance and Agreement form with pro-rata dedication payments amounts for each lot calculated will be provided by the Planning Department upon the election of this option by the applicant once the Parcel Map is prepared and approved for recordation. These fees may be paid for by individual lot owners on a pro-rata basis at the time individual lot owners apply for a permit to construct a second or secondary dwelling unit. Should the applicant elect to enter into a Conveyance and Agreement, legal document review fees as set forth in the schedule of fees and charges as adopted by ordinance of the Humboldt County Board of Supervisors will be required.

Parkland dedication in-lieu fees were calculated by the Assessor's Office to be \$160,000/acre. The dedication fee calculation per Section 313-110 of the Humboldt County Code is as follows: $8((130 \times 2.578)/43,560) \times \$160,000 = \$9,848$

12. Any vegetation removal shall be done outside of the nesting bird season (generally March 15 August 15). Alternatively, although discouraged due to the potential for project delays and associated costs, a qualified biologist shall survey for active bird nests no more than seven days prior to the start of any project-related activities with the potential to impact nesting birds. If an active nest is found, the permittee shall

consult with CDFW regarding appropriate site-specific avoidance measures and buffer distances. If there is a lapse in project-related activities of seven days or more, the biologist should re-survey the area before work resumes.

13. The applicant shall submit at least three (3) copies of a Development Plan to the Planning Division for review and approval. The map shall be drawn to scale and give detailed specifications as to the development and improvement of the site and the following site development details:

A. Mapping

- (1) Topography of the land in 1-foot contour intervals; and
- (2) Proposed access, parking lanes and pedestrian ways; and
- (3) Building envelopes and easements consistent with the submitted tentative map; and
- (4) The location of all drainage improvements and related easements; and
- (5) Off-street parking spaces consistent with Section 314-109.1 of the Humboldt County Code.

B. Notes to be placed on the Development Plan:

- (1) "The project site is not located within an area where known cultural resources have been located. However, as there exists the possibility that undiscovered cultural resources may be encountered during construction activities, the following mitigation measures are required under state and federal law:
 - If archaeological resources are encountered during construction activities, the contractor or operator on-site shall cease all work in the immediate area within a 50-foot buffer of the discovery location. A qualified archaeologist as well as the appropriate Tribal Historic Preservation Officer(s) are to be contacted to evaluate the discovery and, in consultation with the applicant and lead agency, develop a treatment plan in any instance where significant impacts cannot be avoided.
 - The Native American Heritage Commission (NAHC) can provide information regarding the appropriate Tribal point(s) of contact for a specific area; the NAHC can be reached at (916)653-4082. Prehistoric materials may include obsidian or chert flakes, tools, locally darkened midden soils, groundstone artifacts, shellfish or faunal remains, and human burials. If human remains are found, California Health and Safety Code

7050.5 requires that the County Coroner be contacted immediately at (707)445-7242. If the Coroner determines the remains to be Native American, the NAHC will then be contacted by the Coroner to determine appropriate treatment of the remains pursuant to PRC 5097.98. Violators shall be prosecuted in accordance with PRC Section 5097.99

The applicant and successors are ultimately responsible for ensuring compliance with this condition.”

- (2) “The project is located in a designated non-attainment area for the state’s health-based particulate matter (PM10) air quality standard. As such, additional emission from the project could exacerbate air quality problems, including non-attainment of ambient air quality standards. In order to address potential effects to air quality the District recommends:
 - Prohibition of open fireplaces.
 - Heating should be provided using clean fuels (electricity or natural gas), when feasible.
 - If wood heating must be used, only US Environmental Protection Agency (EPA) certified heating appliances should be permitted in new construction.”
- (3) “Hours of construction activity shall be limited to Monday through Friday from 7:00 am to 6:00 pm.”
- (4) “Any vegetation removal shall be done outside of the nesting bird season (generally March 15 August 15). Alternatively, although discouraged due to the potential for project delays and associated costs, a qualified biologist shall survey for active bird nests no more than seven days prior to the start of any project-related activities with the potential to impact nesting birds. If an active nest is found, the permittee shall consult with CDFW regarding appropriate site-specific avoidance measures and buffer distances. If there is a lapse in project-related activities of seven days or more, the biologist should re-survey the area before work resumes.”
- (5) “NOTICE OF AIRPORT IN VICINITY: This property is presently located in the vicinity of an airport, within what is known as an airport influence area. For that reason, the property may be subject to some of the annoyances or inconveniences associated with proximity to airport operations (e.g., noise, vibration, or odors). Individual sensitivities to those annoyances can vary from

person to person. You may wish to consider what airport annoyances, if any, are associated with the property before you complete your purchase and determine whether they are acceptable to you.”

- (6) “Landscaping shall utilize native plants appropriate to coastal northern California. At minimum, the planting palette shall avoid invasive species listed in the California Invasive Plant Council Inventory.”
 - (7) “Notice is given pursuant to Government Code Section 66411.1 that the improvement requirements in Attachment 1D for the subdivision shall be completed to the satisfaction of the Department of Public Works pursuant to Section 2.10 of the above-mentioned Subdivision Requirements.”
 - (8) “Please note that the information and requirements described and/or depicted on this Development Plan are current at the time of preparation but may be superseded or modified by changes to the laws and regulations governing development activities. Before commencing a development project, please contact the Planning Division to verify if any standards or requirements have changed.”
14. The applicant shall submit a recorded deed notice pertaining to the Airport Influence Area, as outlined in the Humboldt County Airport Land Use Compatibility Plan, Sections 3.5.2 OP-1 and OP-2, Real Estate Disclosure and Overflight Notification.
15. The applicant shall cause to be recorded a "Notice of Development Plan" for all parcels on forms provided by the Humboldt County Planning Division. Document review fees as set forth in the schedule of fees and charges as adopted by ordinance of the Humboldt County Board of Supervisors will be required. The Development Plan shall also be noticed on the Parcel Map.
16. A Conditional Certificate of Compliance shall be recorded that identifies the specific improvements that must be completed before development is permitted to occur on the designated remainder parcel. The required improvements are specified in the Public Works referral response, section 2.13(f).
17. The applicant is required to pay for permit processing on a time and material basis as set forth in the latest schedule of fees and charges as adopted by ordinance of the Humboldt County Board of Supervisors. The Department will provide a bill to the applicant after the decision and upon file close out. Any and all outstanding Planning fees to cover the processing of the application to decision by the Hearing Officer shall be paid to the Humboldt County Planning Division, 3015 "H" Street, Eureka.

Informational Notes:

1. To reduce costs the applicant is encouraged to bring in written evidence* of compliance with all of the items listed as conditions of approval in this Attachment that are administered by the Planning Division (Namely: Conditions 3-11). The applicant should submit the listed item(s) for review as a package as soon as possible before the desired date for final map checking and recordation. Post application assistance by the Planner on Duty, or by the Assigned Planner, with prior appointment, will be subject to a review fee for Conformance with Conditions billed at the County's current burdened hourly rate with an initial deposit as set forth in the Planning Division's schedule of fees and charges. Copies of all required forms and written instructions are included in the final approval packet.

* Each item evidencing compliance should note in the upper right-hand corner:

Assessor's Parcel No. _____, Exhibit "A", Condition _____.
(Specify) (Specify)

2. If archaeological resources are encountered during construction activities, the contractor or operator on-site shall cease all work in the immediate area within a 50-foot buffer of the discovery location. A qualified archaeologist as well as the appropriate Tribal Historic Preservation Officer(s) are to be contacted to evaluate the discovery and, in consultation with the applicant and lead agency, develop a treatment plan in any instance where significant impacts cannot be avoided.

The Native American Heritage Commission (NAHC) can provide information regarding the appropriate Tribal point(s) of contact for a specific area; the NAHC can be reached at (916)653-4082. Prehistoric materials may include obsidian or chert flakes, tools, locally darkened midden soils, groundstone artifacts, shellfish or faunal remains, and human burials. If human remains are found, California Health and Safety Code 7050.5 requires that the County Coroner be contacted immediately at (707)445-7242. If the Coroner determines the remains to be Native American, the NAHC will then be contacted by the coroner to determine appropriate treatment of the remains pursuant to PRC 5097.98. Violators shall be prosecuted in accordance with PRC Section 5097.99

The applicant and successors are ultimately responsible for ensuring compliance with this condition.

3. Under state planning and zoning law (CGC §66000 *et seq.*), a development project applicant who believes that a fee or other exaction imposed as a condition of project approval is excessive or inappropriately assessed may, within 90 days of the applicable

date of the project's approval, file a written statement with the local agency stating the factual basis of their payment dispute. The applicant may then, within 180 days of the effective date of the fee's imposition, file an action against the local agency to set aside or adjust the challenged fee or exaction.

4. As a reminder, before any digging or excavation occurs, please contact Underground Service Alert (USA) by dialing 811 a minimum of 2 working days prior to commencing any work. This free and independent service will ensure that all existing underground utilities are identified and marked on-site.
5. The term of the approved Tentative Parcel Map shall be 24 months from the effective date of the action except where otherwise provided by law. An extension may be requested prior to the date in accordance with Section 326-21 and 326-31 of the Humboldt County Code.
6. The Parcel Map Subdivision and Coastal Development Permit shall be effective for 24 months to coincide with the term of the approved Tentative Map. Extensions of this term may be requested in conformance with the provisions of the Humboldt County Code.
