DISCUSSION:

Adverse Childhood Experiences (“ACEs”) are defined as traumatic or stressful events experienced by children. These events include, without limitation, abuse, neglect, violence and dissolution of familial stability. These traumatic experiences can affect an individual throughout their life. Such events are strong predictors of long lasting mental health problems that have the potential to impact social development, family life, education, occupation productivity and physical health. Prevention, early identification and the development of a support system for children who are subjected to ACEs could have a significant impact on the range of potential health problems.

The Humboldt County Department of Health and Human Services – Mental Health (“DHHS – Mental Health”) and First 5 Humboldt partnered in 2017 to form the ACEs Collaborative for the purpose of addressing ACEs through the provision of education, mitigation and prevention services. On June 25, 2017, your Board approved an additional general fund allocation to DHHS – Mental Health in the amount of Four Hundred Thousand Dollars (\$400,000.00) for fiscal year 2017-2018 to support First 5 Humboldt and collaboration with local community-based organizations in order to reduce the number of ACEs occurring within Humboldt County. Using the application and approval processes approved by your Board on December 5, 2017, DHHS – Mental Health and First 5 Humboldt awarded Two Hundred Thousand Dollars (\$200,000.00) to twelve community-based organizations that serve pregnant women and children, zero (0) to eight (8) years of age, and their families.

On June 26, 2018, your Board approved another additional general fund allocation to DHHS – Mental Health in the amount of Four Hundred Thousand Dollars (\$400,000.00) for fiscal year 2018-2019 to continue collaboration with local community-based organizations working to address ACEs and promote resilience within Humboldt County and continue support of First 5 Humboldt ACEs work. The attached application package and collaborative partnership agreement templates will enable DHHS – Mental Health and First 5 Humboldt to award Two Hundred Thousand Dollars (\$200,000.00) to community-based organizations support ACEs prevention, education and mitigation through all of the following:

- Projects that will help build resilience, independence, diversity, growth, education and success of Humboldt County children, zero (0) to eight (8) years of age, and their families;
- Services and supports that address trauma and help break the intergenerational impacts of ACEs;
- Services and supports that promote education, information and resources on ACEs;
- Services and Supports that assist children, zero (0) to eight (8) years of age, and their families in all areas of their health and well-being, including, without limitation, mentally, emotionally, physically, spiritually, culturally and socially; and
- Projects or activities that promote one (1) of the three (3) following protective factors: social connections; knowledge of parenting and childhood development; or social and emotional competence of children.

The review and approval process regarding requests for collaborative partnership agreements will be led by DHHS – Mental Health and First 5 Humboldt staff who have expertise pertaining to ACEs and are not affiliated with any community-based organizations who have submitted such requests.

Several community organizations working with children, zero (0) eight (8) years of age, and their families understand the value of prevention of ACEs scores and welcome the opportunity to continue developing solutions to increase the well-being of children in Humboldt County. As a result, DHHS recommends that the Board approve the attached application package and collaborative partnership agreement templates.

FINANCIAL IMPACT:

The maximum amount payable for services rendered, and costs and expenses incurred, pursuant to the terms and conditions of a Collaborative Partnership Agreement shall not exceed Twenty-Four Thousand Nine Hundred Dollars (\$24,900.00). Administrative, overhead and indirect expenses included in project budgets may not exceed two percent (2%) of direct costs. An additional general fund allocation of Two Hundred Thousand Dollars (\$200,000.00) has been included in the approved fiscal year 2018-2019 budget for DHHS – Mental Health Administration budget unit 1170-424 for the purpose of entering into collaborative partnership agreements regarding the provision of professional services intended to reduce the number of ACEs in Humboldt County. As a result, approval of the attached application package and collaborative partnership agreement templates will not impact the Humboldt County General Fund.

The recommended actions support the Board of Supervisors' Strategic Framework by creating opportunities for improved safety and health and facilitating public/private partnerships to help solve problems.

OTHER AGENCY INVOLVEMENT:

Humboldt County Children and Families Commission and First 5 Humboldt

ALTERNATIVES TO STAFF RECOMMENDATIONS:

Your Board could choose not to approve the attached application package and collaborative partnership agreement templates regarding the provision of professional services intended to reduce the number of ACEs occurring in Humboldt County. However, this alternative is not recommended since it would significantly limit DHHS – Mental Health's ability to address ACEs through the provision of education, mitigation and prevention services.

ACEs Collaborative Partnership Agreement Request Guidelines

Funding from the County of Humboldt through Measure S has created an opportunity for community-based organizations, First 5 Humboldt (“First 5”) and the Humboldt County Department of Health and Human Services – Mental Health (“DHHS”) to partner in improving the physical, mental and emotional health of children and reduce the number of Adverse Childhood Experiences (“ACEs”) that have been shown to have long lasting effects into adulthood. Funding is available to community-based organizations that serve pregnant women and youth, zero (0) to eight (8) years of age, and their families to help prevent the occurrence of ACEs in Humboldt County, as well as increase awareness of ACEs and mitigate the impact of ACEs that do occur within Humboldt County.

Strategies to address ACEs include:

- Supporting children, zero (0) to eight (8) years of age, and their families in all areas of their health and wellbeing, including, without limitation, mentally, emotionally, physically, spiritually, culturally and socially.
- Providing services and supports that are tailored, collaborative, easy to access, respectful and based on strengths.
- Creating opportunities for children, zero (0) to eight (8) years of age, and their families to thrive at home, in school and in their community.
- Sharing information, resources and responsibility to ensure that services are effective and can be maintained over time.

Our values as part of the System of Care for our communities include being trauma informed, resilience promoting, family driven, culturally responsive and community based. DHHS and First 5 would like to support ACEs prevention, education and mitigation through all of the following:

- ❖ **Projects that will help build resilience, independence, diversity, growth, education and success of Humboldt County children, zero to (0) to eight (8) years of age, and their families.**
- ❖ **Services and supports that address trauma and help break the intergenerational impacts of ACEs.**
- ❖ **Services and supports that promote education, information and resources regarding ACEs.**
- ❖ **Activities that support children, zero (0) to eight (8) years of age, and their families in all areas of their health and well-being, including, without limitation, mentally, emotionally, physically, spiritually, culturally and socially.**
- ❖ **Projects or activities that promote one (1) of the following three (3) protective factors;**
 - **Social Connections.** Friends, family members, neighbors and community members provide emotional support, help solve problems, offer parenting advice and give concrete assistance to

ACEs Collaborative Partnership Agreement Request Guidelines

parents. Networks of support are essential to parents and also offer opportunities for people to “give back,” an important part of self-esteem as well as benefit for the community. Isolated families may need extra help in reaching out to build positive relationships.

- **Knowledge of Parenting & Child Development.** Accurate information about child development, the impact of trauma on early development and appropriate expectations for children’s behavior at every age help parents see their children in a positive light and promote their healthy development. Information can come from many sources, including family members as well as parent education classes and surfing the internet. Studies show information is most effective when it comes at the precise time parents need it to understand their own children. Parents who experienced harsh discipline or other negative childhood experiences may need extra help to change the parenting patterns they learned as children.
- **Social & Emotional Competence of Children.** A child’s ability to interact positively with others self-regulate their behavior and effectively communicate their feelings has a positive impact on their relationships with their family, other adults and peers. Challenging behaviors or delayed development create extra stress for families, so early identification and assistance for both parents and children can head off negative results and keep development on track.

DHHS and First 5 are currently accepting partnership agreement request proposals for the period of November 1, 2018 through June 30, 2019. Nothing herein shall be construed to require the employment of unqualified persons.
- C. Compliance with Anti-Discrimination Laws. The above-referenced policies shall not be canceled, non-renewed or materially reduced in coverage without thirty (30) days prior written notice being provided to COUNTY in accordance with the notice provisions set forth herein. It is further understood that CONTRACTOR shall not terminate such coverage until COUNTY receives adequate proof that equal or better insurance has been secured.
- 3. The inclusion of more than one (1) insured shall not operate to impair the rights of one (1) insured against another insured, and the coverage afforded shall apply as though separate policies had been issued to each insured, but the inclusion of more than one (1) insured shall not operate to increase the limits of the insurer’s liability.
- 4. For claims related to this Agreement, CONTRACTOR’s insurance is the primary coverage

to COUNTY, and any insurance or self-insurance programs maintained thereby are excess to CONTRACTOR’s insurance and will not be used to contribute therewith.

If CONTRACTOR does not keep all required policies in full force and effect, COUNTY may, in addition to any other available remedies, take out the necessary insurance and deduct the cost of said insurance from the monies owed to CONTRACTOR under this Agreement.
 - 7. COUNTY is to be notified immediately if twenty-five percent (25%) or more of any required insurance aggregate limit is encumbered, and CONTRACTOR shall be required to purchase additional coverage to meet the above-referenced aggregate limits.
