By executing this Agreement, CONTRACTOR certifies that it is not a Nuclear Weapons Contractor, in that CONTRACTOR is not knowingly or intentionally engaged in the research, development, production or testing of nuclear warheads, nuclear weapons systems or nuclear weapons components as defined by the Nuclear-Free Humboldt County Ordinance. CONTRACTOR agrees to notify COUNTY immediately if it becomes a Nuclear Weapons Contractor as defined above. COUNTY may immediately terminate this Agreement if it determines that the foregoing certification is false or if CONTRACTOR subsequently becomes a Nuclear Weapons Contractor.

13. DRUG-FREE WORKPLACE CERTIFICATION:

By executing this Agreement, CONTRACTOR certifies that it will provide a drug-free workplace in accordance with the requirements of the Drug-Free Workplace Act of 1990 (California Government Code Sections 8350, *et seq.*), by doing all of the following:

- A. Drug-Free Policy Statement. 2. Agree to abide by CONTRACTOR's Drug-Free Policy as a condition of employment.

D. Effect of Noncompliance. Failure to comply with the requirements set forth herein may result in termination of this Agreement and/or ineligibility for award of future contracts.

14. INDEMNIFICATION:

A. Mutual Indemnity. Each party hereto shall hold harmless, defend and indemnify the other party and its agents, officers, officials, employees and volunteers from and against any and all claims, demands, losses, damages, liabilities, expenses and costs of any kind or nature, including, without limitation, attorney's fees and other costs of litigation, arising out of, or in connection with, the negligent performance of, or failure to comply with, any of the duties and/or obligations contained herein, except such loss or damage which was caused by the sole negligence or willful misconduct of the other party or its agents, officers, officials, employees or volunteers.

B. Comparative Liability. Notwithstanding anything to the contrary, in the event that both parties are held to be negligently or willfully responsible, each party will bear their proportionate share of liability as determined in any such proceeding. In such cases, each party will bear their own costs and attorneys' fees.

C. Effect of Insurance. Acceptance of the insurance required by this Agreement shall not relieve either party from liability under this provision. This provision shall apply to all claims for damages related to either party's performance hereunder, regardless of whether any insurance is applicable or not. The insurance policy limits set forth herein shall not act as a limitation upon the amount of indemnification or defense to be provided hereunder.

15. INSURANCE REQUIREMENTS:

This Agreement shall not be executed by COUNTY, and CONTRACTOR is not entitled to any rights hereunder, unless certificates of insurance, or other proof that the following provisions have been complied with, are filed with the Clerk of the Humboldt County Board of Supervisors.

A. General Insurance Requirements. Without limiting CONTRACTOR's indemnification obligations set forth herein, CONTRACTOR, and its subcontractors hereunder, shall take out and maintain, throughout the entire term of this Agreement, and any extensions thereof, the following policies of insurance, placed with insurers authorized to do business in the State of California with a current A.M. Bests rating of no less than A: VII or its equivalent against personal injury, death and property damage which may arise from, or in connection with, the

activities of CONTRACTOR or its agents, officers, directors, employees, licensees, invitees, assignees or subcontractors:

1. Comprehensive or Commercial General Liability Insurance at least as broad as Insurance Services Office Commercial General Liability Coverage (occurrence form CG 0001), in an amount of Two Million Dollars (\$2,000,000.00) per occurrence for any one (1) incident, including, without limitation, personal injury, death and property damage. If a general aggregate limit is used, such limit shall apply separately hereto or shall be twice the required occurrence limit.
2. As stated in Exhibit A – Scope of Services, CONTRACTOR will not drive an automobile in the performance of the services provided pursuant to the terms and conditions of this Agreement. If CONTRACTOR’s responsibilities are changed in such a way that driving will be required during the performance of the services set forth herein, CONTRACTOR shall take out and maintain Automobile/Motor Liability Insurance with a limit of liability not less than One Million Dollars (\$1,000,000.00) combined single limit coverage. Such insurance shall include coverage of all owned, hired and non-owned vehicles, and be at least as broad as Insurance Service Offices Form Code 1 (any auto).
3. Workers’ Compensation Insurance, as required by the California Labor Code, with statutory limits, and Employers Liability Insurance with a limit of no less than One Million Dollars (\$1,000,000.00) per accident for bodily injury or disease. Said policy shall contain, or be endorsed to contain, a waiver of subrogation against COUNTY and its agents, officers, officials, employees and volunteers.

B. Special Insurance Requirements. Said policies shall, unless otherwise specified herein, be endorsed with the following provisions:

1. The Comprehensive or Commercial General Liability Policy shall provide that COUNTY, and its agents, officers, officials, employees and volunteers, are covered as additional insured for liability arising out of the operations performed by, or on behalf of, CONTRACTOR. The coverage shall contain no special limitations on the scope of protection afforded to COUNTY or its agents, officers, officials, employees and volunteers. Said policy shall also contain a provision stating that such coverage:
  - a. Includes contractual liability.
  - b. Does not contain exclusions as to property damage caused by explosion or collapse of structures or underground damage, commonly referred to as “XCU Hazards.”
  - c. Is the primary insurance with regard to COUNTY.
  - d. Does not contain a pro-rata, excess only and/or escape clause.
  - e. Contains a cross liability, severability of interest or separation of insureds clause.
2. The above-referenced policies shall not be canceled, non-renewed or materially reduced in coverage without thirty (30) days prior written notice being provided to COUNTY in accordance with the notice requirements set forth herein. It is further understood that CONTRACTOR shall not terminate such coverage until COUNTY receives adequate proof that equal or better insurance has been secured.

3. The inclusion of more than one (1) insured shall not operate to impair the rights of one (1) insured against another insured, and the coverage afforded shall apply as though separate policies had been issued to each insured, but the inclusion of more than one (1) insured shall not operate to increase the limits of the insurer's liability.
4. For claims related to this Agreement, CONTRACTOR's insurance is the primary coverage to COUNTY, and any insurance or self-insurance programs maintained thereby are excess to CONTRACTOR's insurance and will not be used to contribute therewith.
5. Any failure to comply with the terms and conditions of this Agreement shall not affect the coverage provided to COUNTY or its agents, officers, officials, employees and volunteers.
6. CONTRACTOR shall furnish COUNTY with certificates and original endorsements effecting the required coverage prior to execution of this Agreement. The endorsements shall be on forms approved by the Humboldt County Risk Manager. Any deductible or self-insured retention over One Hundred Thousand Dollars (\$100,000.00) shall be disclosed to, and approved by, COUNTY. If CONTRACTOR does not keep all required policies in full force and effect, COUNTY may, in addition to any other available remedies, take out the necessary insurance and deduct the cost of said insurance from the monies owed to CONTRACTOR under this Agreement.
7. COUNTY is to be notified immediately if twenty-five percent (25%) or more of any required insurance aggregate limit is encumbered, and CONTRACTOR shall be required to purchase additional coverage to meet the above-referenced aggregate limits.

C. Insurance Notices. Any and all insurance notices required hereunder shall be sent to the addresses set forth below in accordance with the notice requirements contained herein.

24. WAIVER OF DEFAULT:

The waiver by either party of any breach of this Agreement shall not be deemed to be a waiver of any such breach in the future, or of the breach of any other requirement of this Agreement. In no event shall any payment by COUNTY constitute a waiver of any breach of this Agreement which may then exist on the part of CONTRACTOR. Nor shall such payment impair or prejudice any remedy available to COUNTY with respect to any breach or default. COUNTY shall have the right to demand repayment of, and CONTRACTOR shall promptly refund, any funds which COUNTY determines were not expended in accordance with the terms and conditions of this Agreement.

25. NON-LIABILITY OF COUNTY OFFICIALS AND EMPLOYEES:

**CALFRESH OUTREACH PROPOSAL**  
Humboldt State University Sponsored Programs Foundation  
For Fiscal Years 2020-2021 through 2021-2022

## **CalFresh Outreach Partnership Proposal Guidelines for Fiscal Year 2020-21**

Federal and State funding for CalFresh Outreach has created an opportunity for community-based organizations and the Humboldt County Department of Health & Human Services (DHHS) to partner in improving the overarching goal of the CalFresh program to improve the health and well-being of families and individuals. DHHS will consider a partnership request at any time during the fiscal year and the activity time frames for requests can span fiscal years.

### **The objectives of the outreach program and this funding for 2020-2021 are to:**

Increase our retention outreach in the community. Retention assists those on benefits by keeping them in receipt as long as they are eligible without ever having a gap in these benefits due to not providing required documents or interviews. We are looking to partner with agencies who are able to help beyond the application as we turn our attention to maintaining benefits for eligible households as our primary focus.

- Assist eligible CalFresh recipients in maintaining benefits without a break in aid
- Reduce barriers to CalFresh enrollment and retention
- Increase awareness of and enrollment in CalFresh to low participation populations

**DHHS would like to partner with community-based organizations that can help with the following efforts, with the highest priorities being retention activities, application assistance and direct enrollment support.**

- Support enrollment and retention processes with information, direct application and enrollment and retention assistance
- Reach populations with low CalFresh participation rates (such as working families, SSI/SSP recipients, seniors, students, persons in recovery and persons with limited literacy or ability to speak/read English)
- Educate community members about CalFresh and program changes
- Reduce barriers to enrollment, including stigma, fear, language/literacy, and others. This could be by linking CalFresh to healthy nutritious food and providing CalFresh-related nutrition information and guidance, including how to shop for and cook nutritious food on a budget.

Interested? A complete partnership request includes a completed FY 2020-21 Partnership Request Form, Outreach Estimates Form, Partnership Request Budget Form and narrative as outlined on the request form.

Please read the contractor guidelines below and complete and return the attached CalFresh Outreach Partnership Request Form, with attachments, electronically to [CalFreshOutreach@co.humboldt.ca.us](mailto:CalFreshOutreach@co.humboldt.ca.us) or paper copies to CalFresh Outreach DHHS 929 Koster St., Eureka, CA 95501.

Application process and outreach partner program questions can be answered by the CalFresh Outreach Analyst at 707-476-4760 or by emailing [CalFreshOutreach@co.humboldt.ca.us](mailto:CalFreshOutreach@co.humboldt.ca.us).

**\*If your agency has a previous contract for CalFresh Outreach, please be aware that we cannot guarantee that your new contract will start at the termination of your last agreement. In the event we cannot have a contract executed prior to the start date of the agreement, the start date will be moved. This could cause a gap in funding.**

- **Workers Compensation and Employers Liability:** \$1,000,000 per accident. This is required even for all-volunteer organizations.

**Frequently Asked Questions**

**What is a special population?**

A special population is an identified sector of the population that has low enrollment in the CalFresh program. This could be folks who live rurally, students, persons aged over 65, ESL customers or any number of other groups that have barriers to program access.

**My agency does not have the ability to do application assistance or retention assistance. We do provide CalFresh brochures to our participants. Can we still get funding for our program?**

Everyone is welcome to apply. In order to ensure ongoing funding is properly used and continues to be available, priority will be given to agencies able to complete the identified focus. We provide outreach materials like flyers to any agency, even if they are not contracted to provide services.

**If I assist someone in applying for CalFresh and give them educational materials about the program, can I count them in multiple categories on reports?**

Yes. They could count in the materials distributed category for the materials handed out and the application assisted category as well. The important thing to remember is that everyone tracks their numbers differently and may have different ideas about what counts in one area versus another when completing reports. Explain how you do it in the narrative and you will have ensured you properly reported.

**Can I use this grant money to buy food for my program?**

Consumables are part of the potential items that can be included in your budget. This is not a grant, and the funds are paid through a reimbursement process for services contracted in a legally binding agreement between your agency and DHHS. Food purchases included in the contract budget and approved by DHHS are billable.

**CalFresh Outreach funds are special funding for outreach separate from EBT benefits, right?**

CalFresh outreach funding is actually from the same fund as CalFresh benefits. CalFresh Food pays for the benefits on the customers EBT card, the staff that administers these benefits and the outreach contracts. These funds are not unlimited and the EBT benefits are the highest priority as far as the spending goes. After benefits, money is used to pay for the administration of the program. CalFresh Outreach funds are the last priority of this funding. It is an important priority of our agency to ensure we continue to contract for outreach and provide these funds to our partners. The outreach services partner agencies perform is very important in reducing food insecurity in our community.

**My staff does some CalFresh activities, can I have their pay included on my contract budget?**

The personnel cost that is included in the budget for this agreement should be for the portion of work that is directly tied to CalFresh outreach activities contracted by DHHS to be completed by your agency. Example: Let's say a staff member's primary duties is to assist customers in finding housing. During a 40 hour work week they spend an hour everyday reviewing CalFresh with customers and helping them access or keep their benefits with DHHS. This would mean that 5 hours of work in the 40 hour work week could be covered by this contract. Clearly explaining the FTE for a position and backing up the amount you are requesting with information about the quantity of time spent on CalFresh outreach activities versus regular duties will help to ensure it can be included in the contract.

## Project Narration:

For the past 7 years Humboldt State has been leading the Cal State University System in research about food insecurity for college students. The efforts of Department of Social Work, Health Education, the Altruistic Personality and Prosocial Behavior Institute, and many other campus units, in partnership with DHHS and other agencies, have led to OH SNAP! Student Food Programs, a cluster of comprehensive campus food security programs initially implemented during AY 2013-14. The project described will continue the positive momentum initiated with the support of a HSU-Oh-SNAP! and DHHS-CalFresh-Outreach-Partnership contract.

The overall aim of the project has been to increase CalFresh enrollment of eligible HSU students through application outreach assistance, intake, and enrollment support. We have since added case management follow-through support to increase the number of students qualifying for benefits, SARS-7 and mid-year reporting assistance, and comprehensive college focused nutrition education, and gardening education. The survey by Maguire, O'Neill, and Abernethy (2015) showed that CalFresh utilization by HSU students was higher than expected: 19% used CalFresh benefits and 16% received CalFresh Application Assistance at Oh SNAP! These utilization statistics represent not only the need of students for CalFresh, but also the positive impact that the CalFresh Outreach Partnership Contract created at HSU. Currently, Oh SNAP serves about 45% of HSU's campus population, 2837 individual students, about 1000 of which apply for CalFresh. There has been an increase in the number of students wanting to apply for CalFresh and to use Oh SNAP's services since the Covid-19 pandemic. Oh SNAP responded by moving CalFresh outreach and support online. We hosted online office hours, publish a weekly newsletter with CalFresh updates, booked online appointments, and assisted with CalFresh questions outside during our weekly food pick ups.

In addition to CalFresh Application Assistance, this project seeks to reduce misconceptions and stigma associated with CalFresh eligibility for college students by promoting healthy eating. We have seen significant use of CalFresh EBT benefits at the on campus marketplace. HSU Dining Facilities have implemented a program to package and refrigerate leftover food from campus. This has increased the availability of cooked, nutritious food that is affordable and can be purchased using EBT. Students have responded well to the idea that CalFresh is similar to Financial AID - a temporary tool to help them be successful in school. We have seen a significant reduction in stigma anecdotally on campus, and the Campus Center for Rural Policy has produced a report documenting this change, which we sent with our final report last year.

The project also increases healthy food and meal distribution at cooking demonstrations, educational workshops, and targeted outreach events for many students who tend to purchase "cheap and prepared foods" because they do not know how to grow, shop, cook, or budget for affordable and healthy foods. Furthermore, many students run out of money long before the semester is over because of the high cost of food, housing, tuition, and books. This is often months prior to the next financial aid distribution on a campus where federal work study jobs are limited, and in a community where it is difficult to find a job at all, let alone a position that accommodates course schedules. While the focus of drop-in CalFresh application assistance will be to enroll eligible individuals through direct assistance, Student Assistants will also address how nutrition, access to food, and food choices are linked to chronic diseases as well as how eating nutritious food is associated with many positive outcomes. We have created a one-on-one health education program called C.I.Y. (Choose It Yourself) to address different health issues on campus. In these modules students met with a peer educator and learned about different health and wellbeing issues. The modules are created by students with the guidance of medical doctors and counseling staff on campus. Three of the modules focus on food, nutrition, and budgeting, and students were also provided space to sign up for CalFresh at these events. All of which will continue digitally in the Fall semester.

We continue to offer our gardening classes, and have broken ground on our on campus garden. We offered 5 different gardening workshops last fall, and 2 in the spring before lock down. We partnered with our on-campus composting program to provide free compost. By introducing students to how food is produced we hope to get them engaged in healthier lifestyle choices and to get the most from their benefits. We spent the spring offering gardening and farmer's market information to students through our digital platforms, and have a fully digital gardening workshop series that will launch in the fall.

Additionally, building on needs identified in current research, the project aims to engage the campus and broader community in ways that increase access to healthy food from multiple points in the food system. Assisting college

students to eat healthier foods promotes their ability to focus on studies and complete a college degree, which is critical in California where there is a predicted labor force shortfall for college-educated workers by 2020.

This year saw the continuation of the J-Point redistribution program as well. This has been beneficial to getting more information to students who don't qualify for CalFresh now, but will in the future. J-Points are the campus currency for purchasing food. Students with an excess amount of points can donate them and then Oh SNAP redistributes them to students who are in an emergency need who may not qualify for CalFresh or who haven't applied. Students who request the points are required to meet with the program director to determine if they are CalFresh eligible and are required to apply if they are. We distributed over \$30,000 worth of points to over 600 students in the 19/20 school year. 62% of the students who were enrolled in this program then went on to apply for CalFresh benefits. We see this program as an excellent way to increase outreach and reduce stigma.

Student assistants teach students about shopping for, cooking, storing and eating healthy home-cooked meals that can be prepared in a college living environment. They use CalFresh educational resources to teach clients about available food resources, healthy food choices, nutrition, healthy cooking or eating, food systems, and other nutrition messages.

When our services are re-opened our process is as follows: CalFresh Application Assistance is offered during all undertakings associated with Oh SNAP! Student Food Programs. Following is a general list of CalFresh Application Assistance procedures that occur during almost all program activities.

1. Students sign-in onsite using a laptop computer to fill out a survey that helps determine program needs and evaluation.
2. Nutritious snacks, coffee and hot tea are provided for students seeking information about CalFresh.
3. Student assistants offer information on CalFresh guidelines and de-stigmatization messages.
4. All students are screened for CalFresh eligibility.
5. Each student who receives snacks also receives printed literature that outlines program benefits and requirements, de-stigmatization messages, website address, phone number, and physical address to apply for benefits.
6. The student assistant is available to answer questions, offer encouragement, and provide other resource information for services that meet basic needs offered on and off campus.

Because of Covid-19 and needs to close most of campus we are assisting with CalFresh in new and creative ways.

1. We host drop-in zoom hours where trained staff assist students with CalFresh applications, SARS-7, application process questions, and Medi-Cal application assistance.
2. Students can schedule appointments with us on our website and social media sites to get assistance.
3. Students can ask questions and bring in documents to be faxed during our food distribution hours.
4. Cooking demos, gardening classes, and nutrition education will all be hosted online. Both live and recorded to make sure it is accessible as possible. Cooking demos will include a food box that participants can pick up to cook along at home and tie directly to CalFresh budgeting and Farmer's Market Match. Most of the funding for this program is being provided by the CSU Chancellor's office.

7. *Oh SNAP! CalFresh Garden Project*, where students will learn how to purchase gardening supplies with

CalFresh and have access to campus and community expertise on planting, growing, harvesting, preserving, and cooking their own food. Information will also be on the Oh SNAP! website.

8. *Oh SNAP! CalFresh Outreach Events* for new student orientations, campus and program events, and department meetings. Including the CSU System wide Calfresh Outreach Day
9. *All Health Education events*: Last year we cross trained all health educators (32 staff members in total) to do Calfresh, Medi-Cal, and Family PACT applications. They are offered at every program we coordinate and the programs that we are invited to attend and table at. The list is longer then is allowable in this application. For an idea go here:

Our work brought attention to issues of student food insecurity in local, state and national forums. Project staff are involved in a variety of public forums, including the HSU Social Justice Summit, Humboldt Food Policy Food Summit, Food For People Food Pantry Summit, in Arcata; #RealCollege National Convening in Milwaukee; CA Higher Education Food Summit in Santa Barbara; CSU Conference To Best Meet the Needs of Housing Displaced and Food Insecure Students in Long Beach; Humboldt County CalFresh Forum; California Food bank Association Bi-Annual Meeting; CSU Office of the Chancellor basic Needs Initiatives Webinar; Humboldt Magazine; California Health Educator Magazine.

As part of this ongoing work at the state level, Jen Maguire, HSU Assistant Professor of Social Work, and Rashida Crutchfield, CSULB Assistant professor of Social Work, were commissioned by the CSU Chancellor's Office to conduct a large scale survey that was piloted originally at HSU and referred to above (Maguire, O'Neill, and Aberson, 2015); the results for the whole of the CSU have been released, and confirm the trends we've seen at HSU. They are currently working on a basic needs evaluation specifically geared at COVID-19, and HSU is participating in the data collecting. That report will be forwarded when it is completed.

Seventy percent of HSU students receive some sort of financial aid. Most students are eligible for basic health services through the HSU's Student Health Center. Counseling services are also available as well as intensive support services for current and former foster youth. This project assumes that CalFresh eligibility among the HSU population ought to be higher than in past years given these circumstances. This project also assumes that the CalFresh penetration rate is below what can be achieved with the active and compassionate efforts of well-trained and supported Student Engagement Assistants from the Health Education Program.

---

Our mission at Oh SNAP! is to increase access to nutritious and culturally appropriate food for all HSU students by engaging in campus and community partnerships and by raising awareness of food insecurity among students. The aim is to provide students with basic necessities and connections to community resources. The services currently include CalFresh Application Assistance, a campus food pantry, a weekly farm stand with free fresh fruits and vegetables, connections to other local food resources, outreach events, free cooking demonstrations, and more.

Offering healthy nutritious meals and screening every student visitor to Oh SNAP! for CalFresh eligibility will increase the number of students who are aware of CalFresh and other programs that can help them perform successfully academically and complete a college degree. In addition, it will reduce food insecurity for a population of people who historically were not considered food insecure, until increases in the cost of public higher education were recently identified as cost-prohibitive and as creating real challenges for students to afford school and stay enrolled. CalFresh has the potential to give students the "boost" that makes it possible to succeed in college and become financially self-sufficient. We look forward to continuing our partnership with the CalFresh Partnership.

*Please describe your organization's capacity to succeed with the proposed project and your plans, if any, for continuing the work after the proposed project is complete.*

HSU Health Education staff members have been advocates for student health for many years. We are a strong, committed, and part of successful organizations that will be around for a very long time. We expect to be successful in our focus on application outreach assistance, intake and enrollment support and to continue this project should funding be available in future years. We have secured additional support for a broader HSU Student Food Security project through internal and external funding opportunities. We serve as the incubator for and have successfully launched an institution-wide CalFresh outreach effort and food pantry on campus. The work from this partnership has significantly changed the culture of HSU and we will work to continue to guide that change.

CalFresh Outreach partnership contracts are an opportunity for community-based organizations and the Humboldt County Department of Health & Human Services (DHHS) to work together to improve the health of our community. As part of the contract agreement, reports must be completed and submitted to track progress and activities.

If the total agreement amount is \$15,000 or less you are only required to submit a Final Summary Report.

Quarter	Dates Included	Date Report Due to DHHS

**Some questions to consider when completing the narrative sections of the report:**

- How did the programs/services support CalFresh Outreach?
- How did you track or calculate the number of individuals your organization is reported to have reached? There is no one way to accomplish this and each agency is different.
- Did the programs/services reach the populations it was intended to reach, and were the participants satisfied?
- What were the program results, and did the program produce the intended changes? Unintended changes?
- Was the value of the outcomes achieved worth the resources invested in the program?

**Frequently Asked Questions**

**My agency’s contract start and end dates do not align with the fiscal year. How do I know what quarterly report I am on and when the report is due?**

The quarterly report cycle for CalFresh Outreach contracts is set by the DHHS fiscal year regardless of when a contract begins or terminates. If you had an active contract during any of the months listed on the cycle information at the top of this form, then you complete the applicable report. Example: if your agency had one contract stop in February and a new contract start in March, your Quarter 3 report would be due April 30<sup>th</sup> and would include data from the first contract for January through February as well as data from the new contract for March. See Exhibit F – CalFresh Outreach Reporting Guidelines in your executed contract for more information.

**What is a special population?**

A special population is an identified sector of the population that has low enrollment in the CalFresh program. This could be folks who live rurally, students, persons aged over 65, ESL customers or any number of other groups that have barriers to program access.

**How do I make sure I am not duplicating counts?**

Many times people will receive multiple handouts from your agency, or you will assist multiple people in a household. If you explain how you count in the narrative section, you will be making sure your data is clear and will not need to worry about duplicating counts in error. Here is an example: if you provided an application to a family of five, this would be entered as "1" for applications provided not as "5" for each person in the home. This is because you provided one application to the household.

**If I assist someone in applying for CalFresh and give them educational materials, can I count them in multiple categories on reports?**

Yes. They could count in the materials distributed category and the application assisted category. The important thing to remember is that everyone tracks their numbers differently and may have different ideas about what counts in one area versus another when completing reports. Explain how your agency does it in the narrative and you will have ensured you properly reported.

**Where do I put how many meals or food bags were distributed?**

This section has been removed from our report tracking to align with the current focus for these agreements. You can include any important information about food distribution performed by your agency in the narrative for Section B. Positive Messaging.

**My agency is reusing print media developed previously that DHHS Media already approved. Does DHHS Media need to review it again?**

Please send it through again. Anything that will be distributed with CalFresh messaging needs to go through DHHS Media for approval. If it was approved in the past there might be something that needs to be updated. CalFresh recently rebranded and it is important that we use current logos and information.

**My report might be late due to circumstances outside my control. What do I do?**

Please email [CalFreshOutreach@co.humboldt.ca.us](mailto:CalFreshOutreach@co.humboldt.ca.us) with the reason for the delay and the expected date the report will be submitted. This allows for a record of why the delay occurred if it is ever questioned.

**Report:**

In your narrative, please remember to talk about both processes and outcomes when possible.

Process evaluation attempts to answer these types of questions:

- Were the programs/services of the right quality and content to support CalFresh Outreach?
- How many individuals did you help either receive or maintain CalFresh benefits?
- Did the program reach the population that it was intended to reach? Participant count in total?
- Are those who participated satisfied with the program?

Outcome evaluation focuses on answers to these types of questions:

- What were the program results and did the program produce the intended changes? Unintended changes?
- At what level were changes sought and accomplished—short term, intermediate or long term?
- How did the programs results compare in terms of effectiveness and efficiency, and was the outcome achieved worth the resources invested in the program?

- As your contract comes to an end, discuss what your organization could have done differently to better support CalFresh Outreach? If you are planning on continuing this program, how has your organization prepared to make these changes?

### **Frequently Asked Questions**

**My agency's contract end date aligns with one of the quarterly report end dates. Do I need to submit both?**

Yes. The Final Report is tied to the end date of the specific contract and must be provided. The Quarterly reports cover the months specified on that form and are due regardless of when a contract begins or ends for all months an agency had an active contract for an amount over \$15,000. This means both reports may be required at the same time if the contract termination date happens to align with quarterly reporting timeframes.

**Do we need to include pictures or other documentation of our program?**

It is not required that you provide additional items regarding your program. You can provide them if you would like to. Items like surveys or program pictures can be included if you wish. If you are looking to include something like program or event surveys, please summarize the information in them instead of submitting participant originals.

**My agency had a small contract for \$15,000 or less, do we submit a final report?**

Yes. All agencies must submit a final report summarizing their program's experience over the course of their agreement regardless of contract amount.
