Please upload a current resume.

Why are you interested in serving on the Human Rights Commission?*

I am interested in serving on the commission because of the Courageous Conversations training the commission held back in April 2025. I hadn't had much exposure to the work or mission of the commission prior to facilitating at that training and I was struck by their approach to bridging the divide that's consuming our society. As the year has progressed and the significance of what is happening nationwide becomes clearer, we need now more than ever to promote and protect the dignity and rights of everyone in the community. Before applying I also took the time to read the code section establishing the commission and I immediately felt strongly about the mission "foster(ing) mutual respect and understanding among all people." There are few things more important here and now than actively working on bringing people together. As someone who is under 30 and a minority, I believe that I can bring my own lived experiences to the work the commission does. I would be grateful to have the opportunity to "increase good will among inhabitants of the County." We could all benefit from a increase of good will. Thank you for your consideration.

Please write a brief statement describing why you are interested in serving on this commission.
