Reference Phone call 12/13/2021

Construction of the pond located on the property line with Assessor's Parcel Number 212-201-085, near the southeast corner of Assessor's Parcel Number 212-201-013.

Specifically: #1: Construction appears to have overlapped the property line.

#2 Overflow of reservoir discharges onto neighboring property (APN 212-201-085) and will create extreme erosion damage to that property due to the steep angle of the terrain.

During the years petitioner has operated the marijuana grow there has been a reduction in water flow from the springs that supply water to the properties immediately adjacent to and downgrade from these activities. It has only been during the last ten (10) years of the approximately one hundred (100) years my family has owned the parcels immediately downhill that water has had to be trucked in, occasionally, to meet basic demand of food preparation, hygiene, and sanitation.
