This is a follow-up of our conversation regarding my concerns: I believe the requested exception of a 30 foot street should not be allowed to accommodate the needed space for sidewalks, parking, fire and garbage truck to access and turnaround and safety of all the residents living there. Further it is illogical that residents will park one car in the garage and another tandem behind! Everyone uses garages for storage mostly. Also there is not room in Edgewood for multiple cars and weekly garbage and recycling bins. Thank you for evaluating my concerns.
