Dear Planning Commission, I Write to retract my complaint about Green Growth Enterprises operation on Goodman Ranch Rd. It is unfortunate that my neighborhood has become so noisy lately, but of my obnoxiously loud neighbors, Joe Shepp, and his operation are the least obnoxious. Joe also takes very good care of our road, and provides many services to the neighborhood. Considering those, I would like to withdraw my objections to his operation.

Thank you.

Sincerely,

John Hardin

Re: Green Growth Enterprises, LLC Briceland area; Record # PLN-11275-CUP, APN 220-017-005 application for conditional use permit.

As a neighbor to this project, I object to granting this CUP until the proprietors take additional steps to mitigate the noise from their generators. I am sick and tired of hearing these generators, and now that I know where the noise is coming from, you can expect to hear complaints from me about them. I do not appreciate having my peace and quiet intruded upon. This problem needs to be addressed immediately.

Sincerely, John Hardin
