Hello again Ms. Jacobson and others,

I have reviewed the staff report for the upcoming 5/5/22 Planning Commission meeting that addresses the Old Arcata Road Rehabilitation and Pedestrian/Bikeway Improvements Coastal Development Permit request submitted by the City of Arcata. I know of numerous neighbors who have submitted comments in support of the project, but they're comments are not part of this public record. I am hoping that the Planning Commission has received these comments and will take them into consideration with the same level of seriousness as the letters included in the staff report.

In addition, I would like to point out that there are many duplicate letters opposing the project. Bob McPherson's letter appears 3 times, and the letters from the Mistwood students, parents and teachers appear twice. This may have the effect of making it seem like there are more letters in opposition, when in fact many of the letters are duplicates. I would like to request that you bring this to the attention of the Planning Commission and request that they not give these opposition letters more weight just because they show up numerous times.

Thanks for your consideration. I look forward to speaking with you on Thursday night.

Sincerely,

Jim Zoellick

Dear Ms. Jacobson and others,

Please find attached my letter urging the Humboldt County Planning Commission to approve the City of Arcata Coastal Development Permit for the Old Arcata Road Improvement Project.

Thank you for your consideration.

Jim
