Subject: Objection to Chair Bongio's comments on public comments
Date: Wednesday, August 18, 2021 4:12:07 PM

On July 29, 2021 and again on August 5 and 12, 2021, Chair Bongio made derogatory and unfounded comments during commission meetings. He has so much contempt for public comments that he took it upon himself to intimidate the public and demand county counsel seek ways to limit or prevent public participation. This is disgraceful and he should resign, and further his actions will be referred to the state attorney general office. The impact that his comments had on myself and my minority community should be condemned by the board of supervisors and he should be dismissed should he fail to resign.
