Re: PLN 2020-16475 - Filed 06/26/2020

Assessor No. 205-231-029

First off, I did not receive a notice of this proposed activity, but heard of it from a neighbor. This I did not appreciate.

Secondly, I strongly urge the Humboldt County Planning Dept and Humboldt County Supervisors to deny this type of activity in its entirety.

Enough of the drug culture which produces nothing positive for the residents of this county and continues to set a very poor example for its youth. This type of activity will have nothing but a negative effect on property values and the enjoyment of my own Stafford property, which I have owned since 1979. Water is another issue. Additional traffic on a substandard size road will also be a major issue, with additional traffic being dangerous and totally unacceptable.
