Regarding the Old Arcata Road Rehabilitation and Pedestrian/Bikeways Improvements Coastal Development Permit, Record # PLN-2022-17654, to be heard at the Planning Commission meeting Thursday, May 5th at 6:00 PM;

Please do everything to move this very important project forward with all expediency. For once, let's not wait for a kid to get killed before taking action. This is a needed project and will be a benefit to Bayside as a whole beyond just its much needed safety measures and to the community at large.

A roadside drainage ditch is not a wetland!

Thank you,  
Michael Dehority
