Project Title: **Hunter Ranch LLC Zone Reclassification, Agricultural Preserve and Williamson Act Contract**

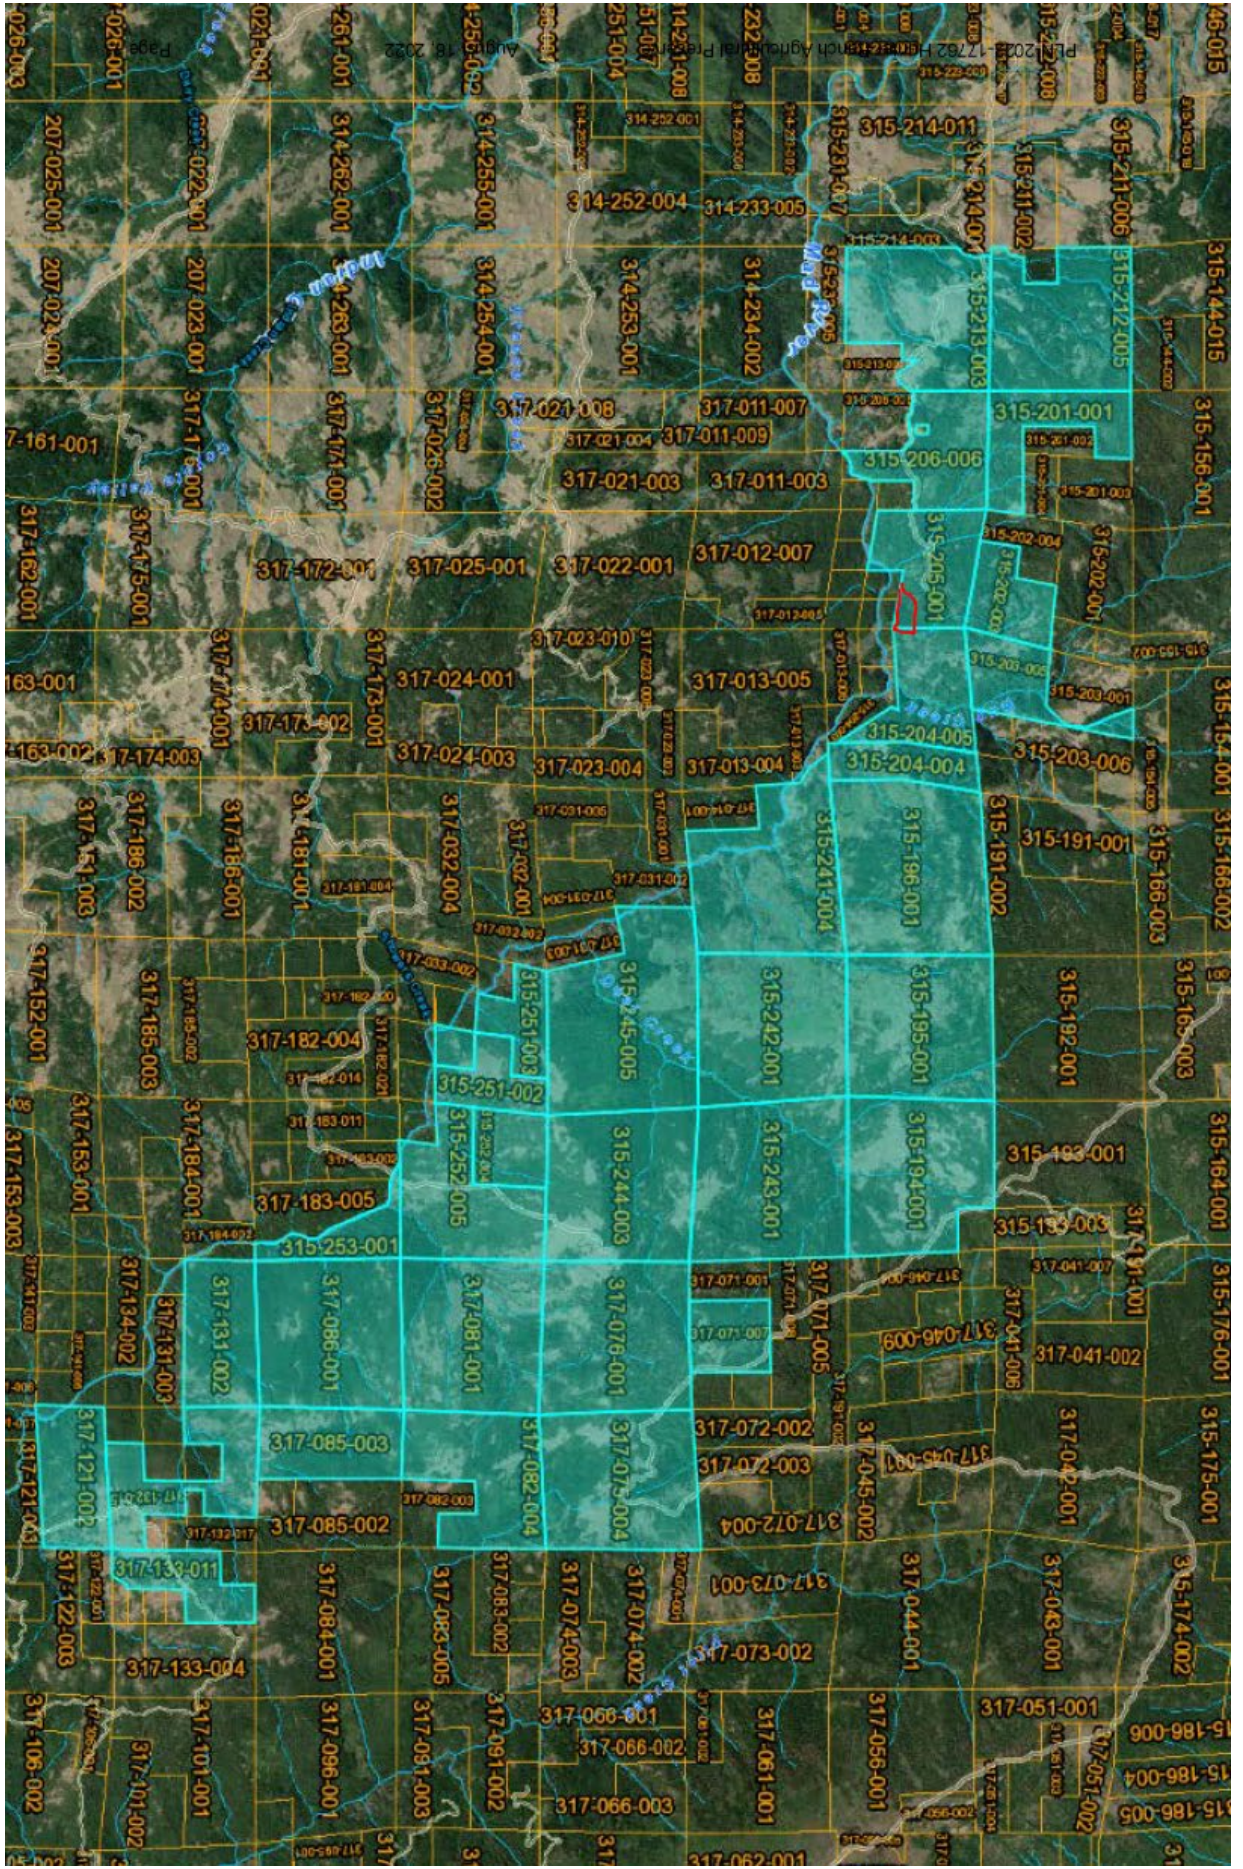

Record Number: PLN-2022-17674

Assessor Parcel Numbers: 315-194-001 et al. (including 315-205-001)

Location: Korbels area

Attached for the Planning Commission's record and review is the following supplementary information:

1. A letter from an adjacent property owner objecting to the inclusion of a portion of APN 315-205-001 in the agricultural preserve and land conservation contract, along with a court judgement quieting title and a copy of a grant deed. The judgement grants a permanent exclusive easement to a portion of APN 315-205-001 to the adjacent property owner. This portion is shown in the attached map in red, towards the center of the map of the proposed Hunter Ranch. A review of the Title Report for the proposed Hunter Ranch indicates that this portion is not vested solely in Hunter Ranch LLC and is also zoned Timber Production Zone, which will be excluded from the Land Conservation Contract and so no changes to the recommended action are necessary.

RE: Hunter Ranch LLC Williamson Act Preserve Contract. Public hearing date: Thursday, August 18, 2022

My wife and I own property adjacent to the Hunter Ranch. Our Grant Deed includes easement rights on parcel number AP 315-205-001. We are the owners of a dominant tenement on both the "Agricultural Preserve" and the "Improvement Area" as per the attached Notice of Entry of Judgment case number 80196. Also attached is the Grant Deed for Dan and Beverly Harper.

I want this to serve as a notice to the County of Humboldt Planning Department that we do not want our rights spelled out in the above document to be included in the Hunter Ranch LLC Williamson Act Preserve Contract for 160 acre minimum parcels and we do not want the Judgment altered in any way. In other words, we do not want to be part of a 160 acre minimum.

Sincerely,

A handwritten signature in blue ink, appearing to be 'Dan Harper', with a large, sweeping flourish extending to the right.

COUNTY CLERK
CLERK OF SUPERIOR COURT

1 through its representative, Michael Moore and through counsel
2 William H. Carson, Jr. Oral and documentary evidence was
3 presented by all parties. The cause was argued and submitted
4 for decision. The court entered a Minute Order dated
5 December 26, 1991. After requests for statement of decision, a
6 Statement of Decision was signed by the court on November 25,
7 1992, and filed in the court records on December 28, 1992.

8 NOW THEREFORE, it is adjudged, ordered and decreed that:

9 1. As of October 7, 1991, plaintiffs John Zabel and Mabel
10 Zabel are the owners of a dominant tenement more particularly
11 described on Exhibit A attached hereto and made part hereof
12 (hereinafter referred to as "Agricultural Preserve"). The
13 Agricultural Preserve is a non-exclusive prescriptive easement
14 which includes those rights and is subject to those burdens as
15 hereinafter described.

16 2. As of October 7, 1991, the plaintiffs John Zabel and
17 Mabel Zabel are the owners of a dominant tenement more
18 particularly described on Exhibit B attached hereto and made a
19 part hereof (hereinafter referred to as "Improvement Area").
20 The Improvement Area is an exclusive prescriptive easement which
21 includes those rights and is subject to those burdens as
22 hereinafter described. A map called "Record of Survey"
23 depicting both the Agricultural Preserve and the Improvement
24 Area are attached hereto as Exhibit C.

25 3. Defendants Simpson Timber Company and Simpson Redwood
26 Company are the owners of the servient tenements encumbered by
27 the Agricultural Preserve dominant tenement and the Improvement
28 Area dominant tenement. The rights of said servient tenement

1 owners are residual to the above adjudicated prescriptive
2 easements.

3 4. The Agricultural Preserve dominant tenement and
4 servient tenement include and are subject to the following
5 rights and burdens:

6 (A) The easement is a perpetual easement.

7 (B) The plaintiffs may continue to use the
8 Agricultural Preserve in the same manner as they have in the
9 past.

10 (C) The plaintiffs may use the Agricultural Preserve
11 for hiking, picnicking and other recreational pursuits.

12 (D) The defendants retain all subsurface mineral and
13 hydrocarbon rights.

14 (E) The defendants retain surface, mineral and
15 hydrocarbon rights so long as the use of those rights does not
16 interfere with the plaintiffs rights under this easement.

17 (F) The easement is appurtenant to the Improvement
18 Area described in Exhibit B.

19 (G) The defendants shall have access to the
20 Agricultural Preserve provided that such access does not
21 interfere with the quiet enjoyment by the plaintiffs or their
22 successors and requires prior notice by the defendants or their
23 successors before access is attempted.

24 (H) The defendants shall not hunt on this easement
25 area.

26 (I) The defendants shall not harvest timber on this
27 easement area.

28 . . .

1 5. The Improvement Area dominant tenement and servient
2 tenement include and are subject to the following rights and
3 burdens:

4 (A) The easement is a perpetual easement.

5 (B) The plaintiffs may live on the Improvement Area
6 and make reasonable improvements to the structures on that area,
7 add structures on that area, maintain and improve fences, post
8 signs, restrict trespassers and generally use that area in the
9 same manner that a homeowner/occupant would expect to use the
10 property as a matter of right.

11 (C) The defendants retain all subsurface mineral and
12 hydrocarbon rights.

13 (D) The easement is in gross and is assignable by
14 plaintiffs.

15 (E) The defendants shall have no access to the
16 Improvement Area.

17 (F) The defendants may use and maintain Maple Creek
18 Road for construction, repair and maintenance of a bridge at Dry
19 Creek so long as that construction, repair and maintenance shall
20 be accomplished in conformity with all federal, state and local
21 regulations which may now or hereafter be applicable. This
22 right of the defendants to use and maintain Maple Creek Road
23 shall not be construed to limit any rights of the plaintiffs,
24 their successors or the public to use or maintain Maple Creek
25 Road or any bridge thereon because such rights of the
26 plaintiffs, their successors or the public, if any, are not
27 adjudicated by this judgment.
