Subject: ZA 10/21 - Public Comment: No New Grows or Reduced Setbacks

Hello,

Please do not approve new cannabis grows (21-1544) or additions to existing ones for these reasons:

1. The County is in a drought
2. The County recently added \$1M for cannabis grant's because current growers say that their businesses are in crisis due to falling prices
3. The County is not tallying estimated water usage, acreage, etc. so there is no way to analyze cumulative impact to communities or watersheds.
4. This agenda item has no Staff Report or Other Supporting Information

Please do not reduce setbacks to the Six Rivers National Forest (21-1549)

Thank you for your consideration of these concerns.

Regards,
Marisa Darpino
District 5
