Hey Trip:

Can you assist me in submitting this public comment as a supplemental for the commission?

Thank you,
Abbie

Caution: This email was sent from an EXTERNAL source. Please take care when clicking links or opening attachments.

Dear Planner Strickland & Humboldt County Planning Department,

My name is Mark William Randall, and I dry farm in Phillipsville California. I have known James Patterson, the applicant for the Organic Humboldt Stafford cannabis project with APP number 16475 for over 30 years in Humboldt County. I know James to be all of a good farmer, a great neighbor, and an exceptional friend. James is the kind of person who will always be there for you when you need him most and I am confident that the Organic Humboldt project in Stafford will prove to be a project that is sensitive to its neighbors while contributing to the community as a whole.

James and I have discussed the project and I can tell you from experience his plan to dry farm at this location, will work out beautifully. I grow acres of fruits and vegetables and state licensed marijuana upstream from Stafford in Phillipsville where it is considerably hotter and dryer than Stafford. There can be no doubt that dry farming of marijuana can be easily done in Stafford. I have decades of dry farming experience at my farm in Phillipsville and I have offered to share my experience with James by consulting with him on his farm in Stafford. I am confident that James will manage this project right and be a successful and valued addition to the Stafford community.

Thank you for this opportunity to comment on this project.

Sincerely,

Will Randall.
