## **Program Discussion**

Health and human services in Humboldt County were previously provided by six separate county departments—Mental Health, Public Health, Social

Services, Employment Training, Veterans Services and Public Guardian—each with its own administrative and overhead costs. In 1999, the county took the first step toward integration with Assembly Bill (AB) 1259, authored by Assemblywoman Virginia Strom Martin, which allowed the county to partner with relevant state departments to design and implement a single comprehensive county health and human services system. In 2004, AB 1881, authored by Assemblywoman Patty Berg, authorized continuation of Humboldt County's transformational work, and in 2007, AB 315, also authored by Berg, made the Integrated Services Initiative permanent. Integrated programming has reduced costs and streamlined and improved services to the children, families and adults the county serves.
