A federal Major Disaster declaration has been granted for Humboldt County and other California counties impacted by storms January 3-12. This declaration opens federal funding pathways for repairs to damaged public property and disaster mitigation. Eligible categories may include expenses associated with emergency protective measures and debris removal, and costs to repair damaged public roads, utilities, and facilities. Individual Assistance for private property is not currently an approved category. The news releases are linked below. The Hoopa Valley Tribe was also granted a Major Disaster declaration for damages from winter storms January 3-5.

Terminating the Local Emergency proclamation will have no impact on the County's eligibility for recovering funding assistance.

FINANCIAL IMPACT:

Staff costs for preparation of the resolution to terminate the Local Emergency Proclamation ratified by the Board of Supervisors on January 17, 2017 are covered by Emergency Management Grant Program (EMPG) funds in budget unit 1100-274 at 50 percent, with 50 percent coming from the General Fund.

The Humboldt County Emergency Operations Plan meets the Board of Supervisors Strategic Framework Plan by ensuring a safe and healthy community to protect residents.

OTHER AGENCY INVOLVEMENT:

California Office of Emergency Services

ALTERNATIVES TO STAFF RECOMMENDATIONS:

The Board may deny the request to terminate the declaration of Local Emergency, however, this is not recommended as the emergency declaration is a temporary proclamation, and review and damage estimates have already been performed by the County and California Office of Emergency Services.
